You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

INDEPENDENT AUDITOR'S REPORT

To the Virginia Port Authority (VPA) Finance and Audit Committee
and VPA Investment Committee
Virginia International Terminals, LLC Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Fiscal Year 2022 Financial Statements

We have performed an audit of the financial statements of the Virginia International Terminals, LLC Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits and of accumulated plan benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits and in accumulated plan benefits for the year then ended, and the related notes to the financial statements (fiscal year 2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the fiscal year 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Fiscal Year 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the fiscal year 2022 Financial Statements section:

- The amounts and disclosures in the accompanying fiscal year 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying fiscal year 2022 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Fiscal Year 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the fiscal year 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Fiscal Year 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Fiscal Year 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the fiscal year 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the fiscal year 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Fiscal Year 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - Schedule I, as of June 30, 2022 and Schedule H, Line 4j - Schedule of Reportable Transactions - Schedule II, for the year ended June 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the Fiscal Year 2021 Financial Statements

We were engaged to audit the fiscal year 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated January 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the fiscal year 2021 financial statements, and (b) the form and content of the information included in the fiscal year 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VIRGINIA INTERNATIONAL TERMINALS, LLC PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following brief description of the Virginia International Terminals, LLC Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined benefit pension plan covering employees not covered by a collective bargaining agreement of Virginia International Terminals, LLC (Company) who were employed prior to July 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The VPA Investment Committee is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan was amended, effective January 1, 2015, to provide a harmonized benefit structure for certain former employees of VPA who participated in the Virginia Port Authority Defined Benefit Pension Plan immediately prior to being hired by the Company.

Funding policy: The Plan's funding policy is for the Company to make annual contributions to the Plan in amounts that are necessary to comply with the applicable law and regulations, such that all employees' benefits will be fully provided for by the time they retire. The Company's contributions were \$5,699,280 and \$6,009,744 during the years ended June 30, 2022 and 2021, respectively. The Company's contributions for 2022 and 2021 met the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Pension benefits: Legacy Virginia International Terminals (VIT) employees who retire with seven or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.4% of their final average earnings multiplied by their years of credited service, plus 0.4% of their final average excess earnings multiplied by their years of credited service up to 35 years. Legacy VPA employees who retire with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.7% of their final average earnings multiplied by their years of credited service, reduced by the actuarial equivalent of their basic accrued benefit calculated under the VPA Pension Plan immediately prior to the employee's transfer from VPA.

The Plan permits legacy VIT employees early retirement at age 55 if the employee has five years of credited service. Employees will receive a qualified joint and survivor annuity unless they elect otherwise. The Plan permits early retirement for legacy VPA employees who were pre-July 1, 2011 participants in the VPA plan if the employee has five years of credited service or both attains the age of fifty years or more while an employee and completes at least ten years of vested service. The Plan permits early retirement for legacy VPA employees who were post-June 30, 2011 participants in the VPA plan if the employee attains sixty years of age or more while an employee.

If employees terminate before their normal retirement age, they can elect to receive their vested right in their accrued benefits as a life annuity payable monthly upon their attaining normal retirement age, or as an early retirement benefit as of the date they reach early retirement age.

VIRGINIA INTERNATIONAL TERMINALS, LLC PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Vesting: For legacy VIT participants, benefits from Company contributions vest at 20% after the second year, 30% after the third year, 40% after the fourth year, 60% after the fifth year, 80% after the sixth year, and are fully vested after a participant completes seven years of vesting service. The unvested portion of a participant's account immediately becomes fully vested when the participant becomes 55 years of age with five years of service while employed by the Company, dies, or becomes disabled. For legacy VPA participants, benefits from Company contributions vest at 100% after five years of vesting service.

Death and disability benefits: If an active legacy VIT employee dies, and is married, a death benefit will be paid to the employee's spouse in the form of a qualified joint and survivor annuity. If the employee is unmarried, no benefit will be payable unless the employee has already retired at which point the employee's beneficiary will receive the death benefit. If an active legacy VPA employee dies, and is married, a death benefit will be paid to the employee's spouse or other designated beneficiary in the form of a qualified joint and survivor annuity. Any beneficiary designation other than the employee's spouse shall be consented to by the employee's spouse. If the employee is unmarried, no benefit will be payable unless the employee has already retired at which point the employee's beneficiary will receive the death benefit.

Active employees with five years of credited service and eligible for Social Security disability benefits who become totally disabled receive annual disability benefits equal to the normal retirement benefits they have accumulated as of the time they become disabled. Disability benefits are paid monthly, beginning as of the first day of the month following the date the participant reaches his normal retirement date.

Pension Protection Act: The Pension Protection Act of 2006 (PPA) as amended by the Worker, Retiree and Employer Recovery Act of 2008 (WRERA) imposes certain benefit restrictions for qualified defined benefit plans that do not meet certain funding thresholds. The "At-Risk" status is referred to as the Funding Target Attainment Percentage (FTAP). A plan's funded percentage is referred to as the Adjusted Funding Target Attainment Percentage (AFTAP). The AFTAP for the Plan was 102.52% and 102.11% for 2022 and 2021, respectively. Because the Plan's AFTAP equals or exceeds 80%, the Plan is not subject to any benefit plan restrictions.

Note 2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

VIRGINIA INTERNATIONAL TERMINALS, LLC PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The VPA Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the employees' highest average of total earnings, as defined in the Plan documents, in a consecutive 60-month period. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the valuation date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated Plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from TransAmerica Retirement Solutions, LLC and Massachusetts Mutual Life Insurance Company using end of period benefit information as of June 30, 2022 and 2021, respectively, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of June 30, 2022 were (a) life expectancy of participants (the Pub-2010 Mortality Table (Safety) with Scale MP-2021), (b) assumed retirement ages weighted between 55 to 68 years, (c) investment return (average rate of return of 6.50%), (d) salary increase rate assumption (3.50%), and (e) assumed future increase in the Social Security Taxable Wage Base (2.50%). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. The significant actuarial assumptions used in the valuations as of June 30, 2021 were (a) life expectancy of participants (the Pub-2010 Mortality Table (Safety) with Scale MP-2020), (b) assumed retirement ages weighted between 55 to 68 years, (c) investment return (average rate of return of 6.75%), (d) salary increase rate assumption (3.50%), and (e) assumed future increase in the Social Security Taxable Wage Base (2.50%). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Benefit payments: Benefit payments to participants are recorded upon distribution.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: The Plan's expenses are paid either by the Plan or by the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 3. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2022 and 2021, that ceiling was \$6,825 and \$6,638 per month, respectively. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 4. Information Prepared and Certified by Great-West Life & Annuity Insurance Company and State Street Bank and Trust Company

The following is a summary of the Plan's asset information as of June 30, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Great-West Life & Annuity Insurance Company and State Street Bank and Trust Company, the trustees and custodians of the Plan as of May 18, 2022 and June 30, 2022, respectively. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets and investment income (losses) are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following:

The investment information for the Plan years ended June 30, 2022 and 2021 follows:

	2022	2021
Investments, at fair value	\$ 114,698,456	\$ 133,160,101
Interest and dividend income	309,019	-
Net appreciation (depreciation) in the fair value of investments	(17,728,869)	25,011,727

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VIRGINIA INTERNATIONAL TERMINALS, LLC PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commissions (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate investment accounts: Valued at unit value based on the observable NAV of the underlying investment at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021:

Assets Measured at Fair Value on a Recurring Basis at June 30, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 114,698,456	\$ -	\$ -	\$ 114,698,456

NOTES TO FINANCIAL STATEMENTS

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 7. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated March 29, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions.

Note 8. Subsequent Events

The Plan management has evaluated subsequent events through January 11, 2023, the date these financial statements were available to be issued. The Plan management has determined that there are no subsequent events that require disclosure pursuant to the FASB ASC.

Schedule SB, Part V - Statement of Actuarial Assumptions & Methods

Actuarial Cost Method

The Target Normal Cost is equal to the present value as of the valuation date of the increase in the accrued benefit arising from the service and salary increase in the current plan year plus administrative expenses expected to be paid out of plan assets. The Funding Target as of the valuation date is the present value of the accrued benefit as of the valuation date.

Asset Valuation Method

The Actuarial Value of Assets is determined using a 3-year averaging method described in IRS Notice 2009-22.

Schedule SB, Part V - Summary of Plan Provisions

Summary

The provisions shown here are only summaries. In the interest of space and simplicity, many of them have been abbreviated, simplified, or paraphrased. In matters of Plan interpretation or application, the actual Plan Document should be consulted.

Plan: Virginia International Terminals, LLC Pension Plan

Employer Identification Number/Plan Number: 54-1187491/002

Effective Date: October 1, 1972

Plan Year: July 1 through June 30

Employer: Virginia International Terminals, LLC

Employee: Any person employed by VIT

Participation: Employees are eligible to enter the plan on the first of the month following the completion of three months of service. Plan participation is frozen to hires and rehires on or after July 1, 2012. Employees transferring to VIT from a Virginia Port Authority (VPA) position covered by the VPA Defined Benefit Pension Plan and Trust (VPA Plan) are allowed to enter the plan and accrue future benefits subject to provisions under the VPA Plan.

Vesting Service: A year of service is credited for each Plan Year an employee completes 1,000 hours. Former Port Authority and APM Terminals Virginia, LLC employees and participants transferring from the VPA Plan will receive Years of Service for their past service with the Port Authority or APM respectively.

Credited Service: A year of service is credited for each Plan Year an employee completes 1,000 hours after becoming a participant. Partial credit is provided in the years of entry to the plan and termination from employment. Former Port Authority Terminals, LLC employees receive service credit no earlier than January 1, 1980.

Normal Retirement Date: The first day of the calendar month coincident with or next following an employee's 65th birthday.

Early Retirement Date: The first day of any calendar month next following the employee's 55th birthday and the completion of five years of Credited Service.

Vesting Schedule: A Participant is fully vested in their Accrued Benefit on their Early Retirement Date or the later of the Participant's 65th birthday, or the 5th anniversary of Participation in the Plan if later. Otherwise, a Participant will become vested in accordance with the following schedule:

Years of Vesting Service	Vesting Percentage
less than 2 years	0.00%
2 years	20.00%
3 years	30.00%
4 years	40.00%
5 years	60.00%
6 years	80.00%
7 years	100.00%

Schedule SB, Part V - Summary of Plan Provisions

Final Average Earnings (FAE): Highest average of the employee's Benefit Earnings in 60 consecutive months of Credited Service.

Final Average Excess Earnings: The excess, if any, of a participant's Final Average Earnings over Covered Compensation. Covered Compensation is equal to the 35 year average of the Social Security Taxable Base during an employee's working career.

Covered Compensation: For years on or after October 1, 1996 – base earnings excluding all extra compensation such as overtime and bonuses. For years prior to October 1, 1996 – total earnings including all extra compensation such as overtime and bonuses.

Benefit Earnings:

For participants hired after 1996: Compensation as described above.

For participants hired before 1997: Compensation as described above for 1997 and earlier.

For 1998 and later: The ratio of current year's base plus bonus to prior year's base pay, multiplied by prior year's Benefit Earnings.

Normal Retirement Benefit: $1.4\% \times \text{Final Average Earnings} \times \text{Credited Service}$ PLUS $0.4\% \times \text{Final Average Excess Earnings} \times \text{Credited Service}$ (Max. 35 years).

Early Retirement Benefit: Accrued benefit reduced 5/9% for first 60 months before age 65 and 5/18% for each month in excess of 60. Effective April 1, 2006 if a participant has attained age 62 with 30 years of credited service and retires directly from service with the company, the benefit will be unreduced.

Termination Benefit: The accrued benefit equals the product of (a) and (b):

(a) Projected normal retirement benefit based on final average earnings and final average excess earnings as of the date of calculation, but assuming the continuation of credited service until normal retirement date

(b) Ratio of credited service at time of computation to projected credited service at normal retirement date.

Disability Benefit: 5 years of credited service and eligibility for Social Security disability benefits are required. The benefit commences on an employee's normal retirement date and is computed with credited service as of his normal retirement date and final average earnings as of his disability retirement date.

Death Benefits:

Pre-retirement: If an employee who is vested dies before retirement benefits have begun, the employee's spouse will receive a benefit payable for life.

The amount of the benefit will be equal to the monthly benefit the spouse would have received if the employee had terminated employment just before his or her death, survived to the earliest date on which he or she could have retired, and died having elected a 50% joint and survivor benefit.

Post-Retirement: None except as provided by the annuity form elected.

Normal Form: Single Participants - Life Annuity

Married Participants - 100% Joint and Survivor Annuity

Optional Forms (VIT Participant): Life Annuity, 10 CL, SSLIO

50% and 100% Joint and Survivor available to spouse only.

33 1/3% Joint and Survivor available to non-spouse.

Optional Forms (Legacy VPA Participant): Life Annuity, 50% and 100% Joint & Survivor Annuity.
