Independent Auditor's Report

Participants and Administrative Committee
Agiliti 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Agiliti 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 9, 2023, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of Agiliti 401(k) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a contributory defined contribution plan covering substantially all Agiliti Health, Inc. (the Company) employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code of 1986, as amended (the Code).

Eligibility: Qualified employees are immediately eligible to participate in the Plan on their employment start date, as defined by the Plan.

Contributions: The Plan's participants may contribute annually up to a total of 60% of their base compensation before taxes, subject to Internal Revenue Service (IRS) limitations. The participants may also contribute up to 100% of after-tax compensation. Eligible participants are automatically enrolled, on their employment start date, and 3% of eligible participant compensation is automatically deducted as a pretax salary deferral contribution to the Plan, unless otherwise directed by the participant. The Plan also provides for employer matching contributions, which are made at the discretion of the Company's Board of Directors. The Company currently provides an employer matching contribution equal to 50% of each participant's contributions to the Plan, provided that not more than 6% of each participant's compensation shall be eligible for matching contributions. Additional employer contributions may be made at the discretion of the Board of Directors. There were no additional employer contributions made to the Plan during the year ended December 31, 2021.

Participant accounts: Participants, at their discretion, may direct contributions in whole percentage increments in any of the Plan's various investment options, as more fully described in the Plan's literature. Contributions may be allocated entirely to one fund or a combination of funds and may be changed at any time. Company contributions are allocated among the investment funds in the same manner as participant contributions. Each participant's account is credited or charged with the participant's and the Company's contributions, if any, and an allocation of Plan investment results and administrative expenses that are paid by the Plan. Investment results and administrative expenses are allocated to participant accounts in the proportion that each participant's account balance bears to the total of all participant accounts by fund, or specific participant transactions, as defined. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Vesting: Participants are fully vested in their own contributions, plus actual earnings thereon, at all times. Company contributions, plus actual earnings therein, vest at a ratio of 33% per year beginning after one year of service until fully vested after three years of service. Participants also become fully vested in Company contributions, plus actual earnings thereon, upon death, permanent disability, the attainment of age 65 or Plan termination.

Forfeited accounts: Forfeited nonvested accounts are used to fund future Company contributions. For the year ended December 31, 2021, Company contributions were partially funded by approximately \$477,000 from forfeited nonvested accounts. There were no forfeited nonvested accounts at December 31, 2021 or 2020.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts up to a maximum of the lesser of 50% of their vested account balance or \$50,000, with a \$1,000 minimum. Note terms are up to five years or up to 10 years for the purchase of a principal residence. The notes are collateralized by the participant's account and bear interest at a fixed rate of one percentage point above the prime rate at the time of note origination. Notes receivable from participants are due in biweekly installments of principal and interest, generally through payroll deductions. Notes receivable from participants at December 31, 2021, have interest rates ranging from 4.25% to 8.25% and mature at various dates through November 2031.

Benefits paid to participants: The Plan provides for distributions upon retirement, death, disability or other termination of employment. If the vested account balance is greater than \$5,000, the participant or beneficiary may elect to receive a lump-sum payment, have the balance paid directly to an eligible retirement plan, receive benefits in the form of installments over time, or defer the payment of benefits. Distribution of benefits upon termination become automatic if the participant's account balance is \$5,000 or less. Participants with an account balance less than \$5,000 but greater than \$1,000 are automatically rolled over to an individual retirement account or annuity (IRA), unless otherwise elected. Those balances less than \$1,000 receive a lump-sum payment. Participants may also withdraw funds derived from their own contributions to the Plan in the event of hardship, as defined by the Plan, or upon attainment of age 59½.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and the Plan's trustee. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on the fair values of investments as of the reporting dates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year).

Benefits paid to participants: Benefits paid to participants are recorded when paid.

Administrative expenses: Substantially all administrative expenses are paid by the Plan. In addition, certain investment-related expenses are included as an offset to net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through January 9, 2023, the date the financial statements were available to be issued. Subsequent to December 31, 2021, the Plan merged in the Northfield Medical, Inc. Retirement Savings Plan and Sizewise Rentals, LLC 401(k) Plan effective February 1, 2022, and January 1, 2023, respectively.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by the Plan Administrator and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 152,924,324	\$ 138,630,770
Collective trust funds	25,245,023	6,539,792
Interest-bearing cash	-	7,533,201
Notes receivable from participants	3,759,731	3,606,393

Fidelity Management Trust Company also certified to the completeness and accuracy of \$17,649,588 of net appreciation in fair value of investments, \$4,902,355 of interest and dividends related to the aforementioned investments, and \$193,605 of interest income on notes receivable from participants for the year ended December 31, 2021.

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Shares in registered investment companies (mutual funds) are valued at the quoted market price of shares held by the Plan at year-end in the active market on which the individual securities are traded.

Collective trust funds: The collective trust funds are valued based on the net asset values (NAV) of the underlying assets that are held in the funds. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the funds less liabilities.

Interest-bearing cash: The interest-bearing cash account is valued at cost plus accrued income, which approximates fair value measured by similar assets in active markets.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 152,924,324	\$ -	\$ -	\$ 152,924,324
Investments measured at NAV (a)				25,245,023
Total assets at fair value				<u>\$ 178,169,347</u>

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 138,630,770	\$ -	\$ -	\$ 138,630,770
Interest-bearing cash	7,533,201	-	-	7,533,201
Investments measured at NAV (a)				6,539,792
Total assets at fair value				<u>\$ 152,703,763</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Net asset value: The Plan follows guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency and Notice Period
	2021	2020	
Large Cap Growth II R1	\$ 15,403,476	\$ -	Redemption must be made within 1 year of notice by Plan
Fidelity Managed Income Portfolio	6,917,721	6,539,792	
AC Small Cap Value	2,604,139	-	
Stable Value Fund R1	202,276	-	
WT Victory Small Cap Growth	117,411	-	

There are no unfunded commitments related to these investments. The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investments. There is no redemption notice period required for individual participants who choose to withdraw from the investments.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Agiliti 401(k)

Notes to Financial Statements

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and collective trust funds managed by affiliates of Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return of each fund.

Note 7. Tax Status

Effective September 24, 2021, the Plan adopted a pre-approved defined contribution plan sponsored by Fidelity Management & Research Company. The pre-approved plan has received an opinion letter dated June 30, 2020, from the IRS as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the pre-approved plan's determination letter. However, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	December 31	
	2021	2020
Net assets available for benefits as presented in these financial statements	\$ 182,094,046	\$ 156,455,583

Net assets available for benefits per the Form 5500	<u>\$ 182,094,046</u>	<u>\$ 156,684,635</u>

The following is a reconciliation of the net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets per the financial statements	\$ 25,638,463
Net adjustment for net asset value used as a practical expediate for Fidelity Managed Income Portfolio	(229,052)
Net income per the Form 5500	<u>\$ 25,409,411</u>
