INDEPENDENT AUDITOR'S REPORT

To the VEBA Committee of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan

Opinion

We have audited the accompanying financial statements of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan as of March 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Substantial Doubt about the Plan's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 5 to the financial statements, management believes that the Plan will not have the financial capacity to pay its participants' life insurance premiums in full next year and has stated that substantial doubt exists about the Plan's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 5. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE ASSOCIATION OF NON-REPRESENTED SALARIED RETIREES OF WEIRTON STEEL CORPORATION WELFARE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1—DESCRIPTION OF PLAN

The following description of The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation Welfare Benefits Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan, sponsored by The Association of Non-Represented Salaried Retirees of Weirton Steel Corporation (the “Association”), covers only non-represented salaried retirees and provides health and welfare benefits for eligible Plan members. Life insurance premiums are paid from the assets of a Benefit Trust. Eligible participants contribute to a third party, ReSo, Inc., to purchase VEBA Medical Benefits that includes health and pharmacy benefits. The Plan is a Voluntary Employees’ Beneficiary Association (VEBA) under Internal Revenue Code Section 501 (c)(9). The VEBA Committee is responsible for oversight of the Plan and determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – The following outlines the eligibility requirements to participate in the Plan.

- Retirees and Spouses of Weirton Steel Corporation who:
 - Were retired from the Employer prior to May 17, 2004; and
 - Were eligible for immediate pension benefits at the time of retirement

A list of Association members that met the above eligibility requirements is included in the Plan document. No additional participants can be added.

Participation in VEBA Medical Benefit Programs – All eligible participants may enroll in a medical plan option. Medical plan options that are available will depend on residence and Medicare status. Medical benefits are not available for retirees or surviving spouses who are eligible for assistance in a program known as the Health Coverage Tax Credit Act (“HCTC”). Those eligible for the HCTC can enroll in a qualified plan and receive premium reimbursement from the Federal Government.

HCTC Eligibility requirements include:

- At least age 55 and less than 65
- Not eligible for Medicare
- Receiving a pension benefit through the Pension Benefit Guarantee Corporation (“PBGC”)

Once HCTC eligibility ends, the retiree or surviving spouse will be eligible to enroll in the VEBA Medical programs as described below.

Enrollment – Retirees and surviving spouses who met the Non-Represented Salaried VEBA eligibility requirements must have enrolled on the effective date of the VEBA medical benefit coverage (August 1, 2004), except under the following circumstances:

- If any eligible retiree or surviving spouse is enrolled in the COBRA program, they may enroll in the VEBA Medical option on the date of COBRA termination
- If any eligible retiree or surviving spouse ceases to be HCTC eligible, they may enroll in the VEBA Medical option on the date that their HCTC eligibility ends.
- If any eligible retiree or surviving spouse is enrolled in another group insurance program and loses that coverage, they may enroll in a VEBA medical option on the date that the group coverage was terminated

THE ASSOCIATION OF NON-REPRESENTED SALARIED RETIREES OF WEIRTON STEEL CORPORATION WELFARE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

- Loss of other group coverage that will allow for enrollment in the VEBA include:
 - Loss of employment
 - Loss of benefit eligibility
 - Retirement
 - Loss of coverage eligibility through Spouse's insurance

In all cases there can be no lapse in coverage. Retirees and surviving spouses must enroll in the VEBA within 30 days of loss coverage as described above.

If a retiree or surviving spouse elected not to enroll in a VEBA medical option on August 1, 2004 or does not meet one of the preceding reenrollment requirements; they may only enroll in a VEBA Medicare option on the day that they become eligible for and enroll in Medicare Parts A and B.

Participation in VEBA Life Insurance Benefit Programs – Members of the Association who do not have employer-paid life insurance benefits are eligible to receive \$10,000 of Association-paid group term life insurance coverage until such time as otherwise determined by the VEBA Committee. The Plan pays 100% of the cost of the premiums.

Contributions – Only members who enrolled by August 1, 2004 or meet other eligibility requirements (as described above) can make contributions to purchase medical benefits.

As of January 1, 2019, the Plan no longer receives contributions for health care premiums. Members remit payments directly to a third-party, ReSo, Inc., which then sends the payments to the health insurance company. Accordingly, no additions to or deductions from net assets available for plan benefits are recognized in these financial statements for such transactions.

Payment of Benefits – All life and medical insurance benefit payments to participants are paid by the insurance companies from which insurance contracts were purchased by the Plan.

Plan Expenses and Costs – Certain administrative expenses may be paid for by the Association and are excluded from these financial statements, while others are paid for by the Plan.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in a checking account. Management believes the Plan is not exposed to any significant credit risk on cash and cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE ASSOCIATION OF NON-REPRESENTED SALARIED RETIREES OF WEIRTON STEEL CORPORATION WELFARE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded as earned.

Income Taxes

The IRS has determined and informed the Association by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of March 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 3—FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted Prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE ASSOCIATION OF NON-REPRESENTED SALARIED RETIREES OF WEIRTON STEEL CORPORATION WELFARE BENEFITS PLAN

NOTES TO FINANCIAL STATEMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022 and 2021.

Money Market Mutual Funds: Shares of registered investment companies (mutual funds) are reported at fair value based on the quoted market price of the fund which represents the net asset value of the investments held by the fund at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the plan are considered to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of March 31, 2022 and 2021:

<u>March 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 4—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Association, and certain others.

During the years ended March 31, 2022 and 2021, administrative fees of \$24,121 and \$14,070, respectively, were accrued or paid by the Plan to the trustee and other related parties, which qualify as party-in-interest transactions. The Plan sponsor may also pay certain fees and expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 5—GOING CONCERN MATTERS

The financial statements have been prepared on the going concern basis, which assumes that the Plan will continue in operation. However, management has identified the following conditions and events that have created an uncertainty about the ability of the Plan to continue as a going concern. Substantial doubt exists in that the plan will run out of the funds necessary to continue making life insurance premium payments for participants. For the year ended March 31, 2022, there were \$221,139 in expenses for life insurance premium payments and administrative expenses, combined. As of March 31, 2022, there are \$40,680 in assets remaining. As a result, there likely will not be enough funds to cover the life insurance premium payments and administrative expenses within one year after the date the financial statements are available to be issued.

It is management's intention to liquidate the Plan upon running out of funds, which is expected to occur before the end of fiscal year 2023.

These conditions and events create substantial doubt about the ability of the Plan to continue as a going concern through January 17, 2024 (one year after the date that the financial statements are available to be issued). The financial statements do not include any adjustments that might be necessary upon termination.

NOTE 6—SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

See Note 5 for a discussion of going concern matters.
