INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of **Econo-Rail 401(k) and Profit Sharing Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Econo-Rail 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the 2022 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the 2022 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters*2022 Supplemental Schedules Required by ERISA*

The supplemental schedule of assets (held at end of year) as of March 31, 2022 and schedule of delinquent participant contributions as of and for the year ended March 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

2022 Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Econo-Rail 401(k) and Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 13, 2022, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ECONO-RAIL 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 1 - Plan Description

General

The Econo-Rail 401(k) & Profit Sharing Plan (the Plan) was established April 1, 1990. The Plan is a defined contribution plan established for the benefit of all employees, except as described in the Plan Adoption Agreement, who have at least six months of service and are age twenty-one or older of Trans-Global Solutions, Inc. (the Employer).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is described more fully in the Plan Document. Participants should refer to the amended Plan Document for a more complete description of the Plan's provisions.

Administration of the Plan

The Plan Administrator is the Employer. The Plan's investment Trustee is Fidelity Management Trust Company. The investment Trustee holds all of the Plan's assets and executes all of the Plan's transactions. The Plan Administrator has retained Fidelity Workplace Services LLC to provide participant recordkeeping and administration services.

Eligibility

All participants must be at least twenty-one years of age and have completed six months of service with the Employer. Unless the participant instructs otherwise, a participant will be automatically enrolled in the Plan at a 2% deferral rate on the first day of the Plan year quarter following attainment of six months of service. Auto-enrollment contributions are invested in a designated target-date fund until changed by the participant.

Participant Deferral Contributions

All participants are allowed to make pre-tax contributions of eligible compensation as defined by the Plan Adoption Agreement, subject to an annual limit of the lesser of 100% of eligible compensation or the specified Federal limits each year. The Plan also allows participants to make after-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

Participants may make deferral contributions on any bonus received from the Employer but must make a positive election with the Employer to do so. The total amount of the bonus and regular deferral contributions for the Plan year are subject to annual Plan and Federal limits.

Participants who attain the age 50 or older by the end of the taxable year and who make deferral contributions to the Plan may also make a catch-up contribution, subject to specified Federal limits each year.

ECONO-RAIL 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 1 - Plan Description (Continued)

Employer Contributions

The Employer may make discretionary matching contributions. Participants are eligible to receive discretionary matching contributions based on annual eligible compensation and deferral contributions made, including catch-up and Roth contributions. During the Plan year ended March 31, 2022, the Employer matched participants' contributions 50%, up to 4% of eligible compensation which totaled \$290,360.

The Employer may make discretionary nonelective contributions each Plan year. Participants must complete 1,000 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible to receive any nonelective contributions that may be made for that Plan year. There were no discretionary nonelective contributions made during the Plan year ended March 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer matching contribution, an allocation of the Employer's discretionary contribution, if any, and Plan earnings. Allocations are based on participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The participant accounts are 100% directed by the participant.

Notes Receivable from Participants

Participants can borrow from their account, a minimum of \$1,000 and a maximum equal to 50% of their vested account balance, not to exceed \$50,000. Note terms range from one to five years or a period of time not to exceed fifteen years for the purpose of purchasing a primary residence. Participants may only have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at local market rates.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer matching contribution and the Employer discretionary contribution uses a graded vesting schedule whereby 100% vesting occurs after six whole years of service.

Forfeitures

Forfeitures are available to pay Plan expenses and to reduce future Employer matching contributions. Forfeitures available for use totaled \$67,267 and \$22,574 at March 31, 2022 and 2021, respectively. During fiscal year 2022, forfeitures in the amount of \$36,254 were used to reduce Employer matching contributions.

ECONO-RAIL 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 1 - Plan Description (Continued)

Distributions

On termination of service, a participant will receive a lump-sum amount equal to the value of his or her account as soon as administratively feasible at the participant's request. In the event that a participant dies before retirement, the participant's beneficiary will receive the value of the participant's account balance.

Inactive participants in the Plan with an account balance of less than \$5,000 will have their balance automatically distributed to them.

The Plan allows for in-service distributions, as well, provided that the participant meets the hardship standards or has reached age 59½. In-service distributions may only be taken from the portion of the participant's account which is fully vested.

Plan Termination

Although no intent has been expressed, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on an accrual method of accounting and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits paid to participants are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. Withdrawal fees are paid by the participant. Certain administrative costs of the Plan are paid directly by the Company. Additionally, the Company provides various other operational and administrative services to the Plan, for which the costs are incurred directly by the Company.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2022 or 2021. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Subsequent Events

Management of the Plan has evaluated subsequent events through January 12, 2023, the date which the financial statements were available to be issued. Management has determined that no other subsequent events require disclosure in these financial statements.

Note 3 - Unaudited Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of March 31, 2022 and 2021 and notes to financial statements.
- Net depreciation in fair value of investments and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended March 31, 2022.
- The supplemental schedule of assets (held at end of year) as of March 31, 2022.

ECONO-RAIL 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 4 - Fair Value Measurements

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of March 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ 9,887,381	\$ -	\$ -	\$ 9,887,381
Total assets at fair value	\$ 9,887,381	\$ -	\$ -	\$ 9,887,381

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of March 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ 9,586,018	\$ -	\$ -	\$ 9,586,018
Total assets at fair value	\$ 9,586,018	\$ -	\$ -	\$ 9,586,018

Note 5 - Plan Amendment and Federal Tax Status

The Plan has adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan (the Pre-Approved Plan). On June 30, 2020, the Pre-Approved Plan received an advisory letter from the Internal Revenue Service (IRS) which stated that the Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest Transactions

The Plan's investments are managed by an affiliated entity to the Trustee; therefore, investment transactions with this entity qualify as party-in-interest transactions as defined by ERISA. Fees incurred by the Plan for the investment management services are included in the net depreciation in fair value of the investments. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Plan has entered into revenue sharing agreements with the Trustee, with such amounts used to pay certain administrative expenses of the Plan.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2022 AND 2021

Note 7 - Risks and Economic Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
