INDEPENDENT AUDITORS' REPORT

Administrative Committee
FlashCo Manufacturing, Inc. 401(k) Profit Sharing Plan
Santa Rosa, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of FlashCo Manufacturing, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended March 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of March 31, 2022 and 2021, and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FlashCo Manufacturing, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FlashCo Manufacturing, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Flashco Manufacturing, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Flashco Manufacturing, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at March 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLASHCO MANUFACTURING, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED MARCH 31, 2022 AND 2021

NOTE 1 – Description of Plan

The following description of the FlashCo Manufacturing, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor 401(k) salary deferral and profit sharing plan covering all eligible employees of FlashCo Manufacturing, Inc. (the Company) who have completed three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to defer up to 100% of compensation as defined in the Plan. Participants who have attained age 50 by the end of the Plan year may defer an additional amount of annual compensation based on catch-up provisions as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes safe harbor matching contributions equal to 100% of eligible participant deferrals that do not exceed 3% of eligible participant compensation plus 50% of eligible participant deferrals between 3% and 5% of eligible participant compensation. The Company may also make discretionary profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's safe harbor contribution (b) the Company's discretionary contribution and (c) Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct contributions among various mutual funds and the investment contract.

Vesting

Participants are fully vested in deferrals withheld from their compensation under the salary reduction arrangement, and are 100% vested in employer safe harbor matching contributions. Vesting in employer discretionary contributions begins after the completion of one year of service, as defined, with increases in increments of 30% per year until fully vested after three years.

NOTE 1 – Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to death, disability or retirement, the Plan provides for a single lump sum distribution. Participants may elect to postpone payment to a later date.

Forfeitures

Plan expenses were reduced by \$3,587 of forfeited nonvested accounts during the year ended March 31, 2022. At March 31, 2022, remaining forfeited nonvested accounts totaled \$18, and at March 31, 2021, forfeited nonvested accounts totaled \$2,024.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, as certified by the trustee of the Plan's investment assets, Massachusetts Mutual Life Insurance Company (Mass Mutual). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment contract account is fully benefit-responsive and is reported at contract value, which approximates fair value. See Note 4 for a discussion of the investment contract account and Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Net appreciation in value of participant directed investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain transaction fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events for potential recognition and/or disclosure through January 13, 2023, the date the financial statements were available to be issued.

NOTE 3 – Information Certified by the Trustee of the Plan's Investment Assets

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual, the trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2022 and 2021.
- Net appreciation in fair value of investments, dividends and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended March 31, 2022.
- Investments reflected on the supplemental schedule of assets (held at end of year) as of March 31, 2022.

NOTE 4 – Investment Contract with Insurance Company

In 2017, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value as reported to the Plan by Mass Mutual is equal to contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of March 31, 2022 and 2021, there were no reserves against the contract value for credit risk of the issuer or otherwise. Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events.

NOTE 5 – Reconciliation to Form 5500

The following is a reconciliation from the accrual basis financial statements to the cash basis Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 2,753,949	\$ 2,140,514
Less employer contribution receivable	<u>(94,436)</u>	<u>(41,084)</u>
Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 2,659,513</u>	<u>\$ 2,099,430</u>
Total additions to net assets per the financial statements	\$ 613,435	
Less employer contribution receivable at end of year	(94,436)	
Add prior year employer contribution receivable	<u>41,084</u>	
Total additions to net assets per the Form 5500	<u>\$ 560,083</u>	

NOTE 6 – Fair Value Measurements

The Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 6 – Fair Value Measurements (Continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's mutual funds are valued at the net asset value based on the investments' ending price as of the end of the year. There has been no change in the methodology used at March 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2022 and 2021:

<u>Assets at Fair Value as of March 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 2,457,751</u>	<u>\$</u>	<u>\$</u>	<u>\$ 2,457,751</u>

<u>Assets at Fair Value as of March 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 1,929,972</u>	<u>\$</u>	<u>\$</u>	<u>\$ 1,929,972</u>

NOTE 7 – Party in Interest Transactions

Plan investments include an investment contract managed by Mass Mutual as of March 31, 2022 and 2021. Mass Mutual is the trustee of the Plan's investment assets, as defined by the Plan, and therefore these transactions qualify as party in interest transactions.

NOTE 8 – Tax Status

The Plan is operating as a non-standardized pre-approved defined contribution plan. The Plan obtained its latest opinion letter in June 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt for the year ended March 31, 2022, and, accordingly, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator does not believe the Plan had any material uncertain tax positions as of March 31, 2022 and 2021.

NOTE 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the COVID-19 outbreak as a pandemic, triggering volatility in financial markets. As a result, the fair value of the Plan's investment portfolio has and will fluctuate in response to changing market conditions. However, the amount of losses or gains that may be recognized in subsequent periods, if any, cannot be determined.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was passed by Congress. The CARES Act provided for immediate and temporary relief with respect to employer contributions, distributions and participant loans for retirement plan sponsors and participants who have had financial consequences from the COVID-19 pandemic or if the participant, their spouse or dependent have been diagnosed with COVID-19. As of March 31, 2022, the Plan had not been impacted by the CARES Act; however, management continues to monitor the CARES Act for applicable provisions.

NOTE 10 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE 11 – Plan Amendments

On April 1, 2022, the Plan was amended to change the Plan year end to December 31 and to use a short plan year for the period beginning April 1, 2022 and ending December 31, 2022. On April 1, 2022, the Plan was also amended to change the participant compensation measurement period from the Company's former fiscal year to the Plan year.

On December 2, 2022, the Plan was amended to count years of service with another employer, Metkote Laminated Products, Inc., for all Plan purposes.
