INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Board of Directors
JSI Store Fixtures Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of JSI Store Fixtures Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through March 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2022 and December 31, 2021, and for the period January 1, 2022 through March 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of JSI Store Fixtures Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of JSI Store Fixtures, Inc. (the Company or Plan Sponsor). The Plan was established on January 1, 2006 to provide a systematic savings plan for eligible employees. The Plan was amended effective January 2018 to change the eligibility requirements. Employees become eligible for participation in the Plan upon the completion of two months of service. Eligible employees may enter the Plan on the first day of the month following completion of eligibility requirements. Under the terms of the Plan, the following employees are considered excluded and may not participate in the Plan: union employees, non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (IRC).

Contributions

Each year, participants may contribute to the Plan an amount up to 100% of their pretax annual compensation as defined by the Plan, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover) provided such contribution does not impact the tax status of the Plan. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to IRC limitations.

In addition, the Plan Sponsor may make a discretionary matching, profit sharing, or qualified nonelective contribution. Company contributions are subject to certain limitations. For January 1, 2022 through March 31, 2022, the Company made no such contributions.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and any Company discretionary matching contributions, allocations of any discretionary profit sharing contributions and discretionary qualified nonelective contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments in participant accounts are participant-directed.

Participant Investment Options

Participants may direct all contributions to selected investments as made available and determined by the Plan Administrator. The Plan currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, Company qualified nonelective contributions, plus actual earnings thereon. Participants are vested in the Company's discretionary matching and discretionary profit sharing contributions, plus actual earnings thereon based on years of continuous service as follows:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

A participant becomes fully vested in the event of normal retirement, total and permanent disability, or death while still employed.

Notes Receivable from Participants

Plan provisions do not allow for notes receivable from participants.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or a portion of their vested account. If no election is made and the participant's vested account balance is less than $1,000, it will be distributed in the form of a lump-sum payment. For participants whose account balance is more than $1,000, but does not exceed $5,000, the Plan Administrator will transfer the vested account balance to an individual retirement account (IRA) established in the participant's name. Participants whose balance exceeds $5,000 may elect to receive a lump-sum distribution, roll over the distribution to an IRA or the qualified plan of a new employer, or leave their vested balance in the Plan. Participants may elect to receive an in-service withdrawal of all or a portion of their vested account balance upon attainment of the early retirement age of 59 ½. Participants may also withdraw, upon substantial financial hardship as defined in the plan documents, a portion of the vested balance of his or her account. Employee participants whose accounts balance exceeds $1,000 may elect to defer required minimum distributions upon the attainment of age 70 ½ or until they terminate employment. All distributions are subject to the applicable provisions of the Plan agreement.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts will be used to reduce future Company contributions. There were no forfeited non-vested accounts at March 31, 2022 and December 31, 2021.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses, including fees and expenses connected with the providing of administrative services by external service providers, are paid by the Company. Certain fees are paid directly by the participants based on the terms of the plan document, including, but not limited to, distribution processing. Investment related expenses are included in net depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP) and are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Custodian

The following is a summary of the Plan's asset information as of March 31, 2022 and December 31, 2021, and for the period January 1, 2022 through March 31, 2022, included in the Plan's financial statements, that was obtained by management and agreed to or derived from information certified by the custodian of the Plan, and furnished to the Plan Administrator at March 31, 2022 and December 31, 2021:

	2022	2021
Investments, at fair value		
Pooled separate accounts	$ -	$ 2,664,416
Investments, at contract value		
Guaranteed investment contracts, at contract value	$ -	$ 7,332

The custodian also certified to the completeness and accuracy of $167,712 of net depreciation in fair value of investments and $2,026 of interest and dividend income related to the aforementioned Plan assets for the period January 1, 2022 through March 31, 2022.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date;

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021. There were no Plan assets at March 31, 2022.

Pooled separate accounts: The fair value of the investments in pooled separate accounts is determined by each fund's custodian using the net asset value (NAV) as reported in the fund's financial statements. The NAV is based on the fair value of the underlying securities within the fund, net of investment management fees, which represents the unit value of shares held by the Plan at year end.

In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures of Plan's investments whose fair value are estimated using NAV per share (or its equivalent) as of December 31, 2021:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts				
Blended (a)	$ 895,620	$ -	Daily	None
Large cap (b)	1,014,908	-	Daily	None
Mid/small cap (c)	425,452	-	Daily	None
Bond (e)	95,677	-	Daily	None
International (d)	232,759	-	Daily	None
	$ 2,664,416	$ -		

(a) The funds in this investment class seek conservation of capital along with current income and consistent capital growth primarily through investment in a broad range of securities, including equity securities and corporate and government debt securities.
(b) The funds in this investment class seek capital growth primarily through investment in securities of large-capitalization companies primarily located in the United States.
(c) The funds in this investment class seek capital appreciation primarily through investment in securities of mid-capitalization and small-capitalization companies primarily located in the United States.
(d) The funds in this investment class seek long-term capital growth primarily through investments in securities of companies located outside of the United States primarily in developed economies, but may invest in securities of companies located in developing economies.
(e) The funds in this investment class seek capital growth primarily through fixed income investments.

5. Investment Contract with Insurance Company

The Plan has fully benefit-responsive traditional guaranteed investment contracts and fixed rate annuities with Massachusetts Mutual Life Insurance Company (Mass Mutual), the administrative services provider of the Plan. The contributions to this contract are maintained in a general account, which is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no provisions where the contract value would not be repaid to participants.

Because the guaranteed investment contracts and fixed rate annuities are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value as of December 31, 2021 was $7,332. The declared interest rate as of December 31, 2021 was 1.25%. Certain events limit the Plan’s ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The termination of the Plan did not cause settlement for less than contract value.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the custodian of the Plan. The Plan Sponsor paid certain administrative expenses of the Plan. These transactions qualify as party-in-interest transactions.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

On May 21, 2021, the Company was acquired by LSI Industries Inc. As a result, the Plan terminated effective April 1, 2022. All Plan assets were distributed as of March 31, 2022.

8. Tax Status

The Plan obtained its latest prototype opinion letter on June 30, 2020, in which the Internal Revenue Service stated that under the Plan, as then designed is qualified under Section 401(a) of the IRC, any employer adopting this plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through January 17, 2023, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.

March 31, 2022 and December 31, 2021

With Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Board of Directors
JSI Store Fixtures Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of JSI Store Fixtures Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 through March 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of March 31, 2022 and December 31, 2021, and for the period January 1, 2022 through March 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of JSI Store Fixtures Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of JSI Store Fixtures, Inc. (the Company or Plan Sponsor). The Plan was established on January 1, 2006 to provide a systematic savings plan for eligible employees. The Plan was amended effective January 2018 to change the eligibility requirements. Employees become eligible for participation in the Plan upon the completion of two months of service. Eligible employees may enter the Plan on the first day of the month following completion of eligibility requirements. Under the terms of the Plan, the following employees are considered excluded and may not participate in the Plan: union employees, non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (IRC).

Contributions

Each year, participants may contribute to the Plan an amount up to 100% of their pretax annual compensation as defined by the Plan, subject to certain IRC limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover) provided such contribution does not impact the tax status of the Plan. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to IRC limitations.

In addition, the Plan Sponsor may make a discretionary matching, profit sharing, or qualified nonelective contribution. Company contributions are subject to certain limitations. For January 1, 2022 through March 31, 2022, the Company made no such contributions.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and any Company discretionary matching contributions, allocations of any discretionary profit sharing contributions and discretionary qualified nonelective contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments in participant accounts are participant-directed.

Participant Investment Options

Participants may direct all contributions to selected investments as made available and determined by the Plan Administrator. The Plan currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, Company qualified nonelective contributions, plus actual earnings thereon. Participants are vested in the Company's discretionary matching and discretionary profit sharing contributions, plus actual earnings thereon based on years of continuous service as follows:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

A participant becomes fully vested in the event of normal retirement, total and permanent disability, or death while still employed.

Notes Receivable from Participants

Plan provisions do not allow for notes receivable from participants.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or a portion of their vested account. If no election is made and the participant's vested account balance is less than $1,000, it will be distributed in the form of a lump-sum payment. For participants whose account balance is more than $1,000, but does not exceed $5,000, the Plan Administrator will transfer the vested account balance to an individual retirement account (IRA) established in the participant's name. Participants whose balance exceeds $5,000 may elect to receive a lump-sum distribution, roll over the distribution to an IRA or the qualified plan of a new employer, or leave their vested balance in the Plan. Participants may elect to receive an in-service withdrawal of all or a portion of their vested account balance upon attainment of the early retirement age of 59 ½. Participants may also withdraw, upon substantial financial hardship as defined in the plan documents, a portion of the vested balance of his or her account. Employee participants whose accounts balance exceeds $1,000 may elect to defer required minimum distributions upon the attainment of age 70 ½ or until they terminate employment. All distributions are subject to the applicable provisions of the Plan agreement.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts will be used to reduce future Company contributions. There were no forfeited non-vested accounts at March 31, 2022 and December 31, 2021.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses, including fees and expenses connected with the providing of administrative services by external service providers, are paid by the Company. Certain fees are paid directly by the participants based on the terms of the plan document, including, but not limited to, distribution processing. Investment related expenses are included in net depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP) and are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

3. Information Certified by the Custodian

The following is a summary of the Plan's asset information as of March 31, 2022 and December 31, 2021, and for the period January 1, 2022 through March 31, 2022, included in the Plan's financial statements, that was obtained by management and agreed to or derived from information certified by the custodian of the Plan, and furnished to the Plan Administrator at March 31, 2022 and December 31, 2021:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021. There were no Plan assets at March 31, 2022.

Pooled separate accounts: The fair value of the investments in pooled separate accounts is determined by each fund's custodian using the net asset value (NAV) as reported in the fund's financial statements. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The termination of the Plan did not cause settlement for less than contract value.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the custodian of the Plan. The Plan Sponsor paid certain administrative expenses of the Plan. These transactions qualify as party-in-interest transactions.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

On May 21, 2021, the Company was acquired by LSI Industries Inc. As a result, the Plan terminated effective April 1, 2022. All Plan assets were distributed as of March 31, 2022.

8. Tax Status

The Plan obtained its latest prototype opinion letter on June 30, 2020, in which the Internal Revenue Service stated that under the Plan, as then designed is qualified under Section 401(a) of the IRC, any employer adopting this plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events through January 17, 2023, the date the financial statements were available to be issued. Management has not evaluated subsequent events after that date for inclusion in the financial statements.
