Independent Auditor's Report

RSM US LLP

Audit Committee and Plan Participants
The Cadmus Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of The Cadmus Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 16, 2021, we indicated that: (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Cadmus Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of The Cadmus Group 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all of the employees of The Cadmus Holding Company, Inc. and its wholly owned United States (U.S.) subsidiaries (the Company). Employees who have attained age 21 are eligible to contribute to the Plan and receive discretionary matching contributions from the Company. Participants who have attained age 21 and completed one year of service are eligible to receive discretionary profit sharing contributions from the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective April 30, 2022, through an amendment to the Plan, the Plan's year end was changed to a calendar year end for plan years beginning on or after January 1, 2023, which will result in a short plan year for the period from May 1, 2022 through December 31, 2022.

Contributions: Each year, participants may elect to make pre-tax or Roth participant contributions subject to annual compensation limits, as defined in the plan document, not to exceed the dollar limitations as established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the calendar year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution and defined benefit plans (rollover contributions). The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, as defined in the plan document. The Plan has a participant contributions receivable for participant deferrals related to wages earned, but not paid by the Company as of April 30, 2022 and 2021.

The Company may elect to make discretionary matching contributions on behalf of each eligible participant, as defined in the plan document. For the years ended April 30, 2022 and 2021, the Company made a discretionary matching contribution of 50% of a participant's elective deferrals up to a maximum of 3.5% and 3%, respectively, of each participant's eligible compensation, as defined in the plan document, which may be partially funded during the plan year with an employer contributions receivable recorded as of April 30, 2022 and 2021, for the remaining balance as a participant needs to be employed by the Company as of year-end to receive an allocation of the discretionary matching contribution. Also, the Company may make discretionary profit sharing contributions to the Plan. These discretionary profit sharing contributions are allocated to eligible participants based on the proportion that the participant's eligible compensation bears to total eligible compensation of all participants. During the year ended April 30, 2022, there were no discretionary profit sharing contributions made to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan including mutual funds, a money market fund, common stocks and exchange traded funds.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's discretionary matching contribution, if any, (b) the Company's discretionary profit sharing contribution, if any, and (c) the Plan's net earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, occurs in 20% increments, commencing upon the completion of the first year of service, with 100% vesting after the completion of five years of service. Vesting, in the Company's discretionary profit sharing contributions occurs over a six-year graded vesting schedule, as defined in the plan document.

A participant will become 100% vested in all discretionary matching and profit sharing contributions upon attaining normal retirement age, as defined in the plan document, or in the event of permanent disability or death.

Payment of benefits: On termination of employment, retirement, death or disability, a participant, or his or her beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for mandatory distribution of a participant's vested account balance following severance from employment if such amount is less than \$5,000.

Prior to termination of employment, retirement, death or disability, a participant may elect to withdraw up to 100% of the vested value of his or her account attributable to elective deferral and rollover contributions upon attaining the age of 59.5. A participant may elect to withdraw up to 100% of the vested value of his or her account attributable to all contributions in the event of a serious financial hardship, as defined in the plan document.

Forfeited accounts: Forfeitures of discretionary matching and profit sharing contributions may first be used to pay administrative expenses of the Plan and then may be used to reduce discretionary matching or profit sharing contributions, as defined in the plan document. As of April 30, 2022 and 2021, the Plan had \$80,703 and \$401, respectively, of forfeited nonvested accounts available to reduce future administrative expenses and discretionary matching or profit sharing contributions. For the year ended April 30, 2022, the Plan generated forfeitures of \$136,979, had investment income of \$10 and used \$56,286 and \$401 of available forfeitures to reduce administrative expenses and discretionary matching contributions, respectively.

Notes receivable from participants: A participant may borrow from his or her participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding balance of his or her loans during the one-year period ending on the day before the loan is made over the outstanding balance of his or her loans on the date the loan is made or 50% of his or her vested participant balance. Loan terms can range up to 5 years or up to 10 years for the purchase of a primary residence. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with rates charged by persons in the business of lending money for loans under similar circumstances. A participant may have only one outstanding loan at a time and are limited to applying for one loan per calendar year. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB) and are prepared on the accrual basis of accounting. The FASB sets generally accepted accounting principles in the U.S. (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (FASB ASC).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Audit Committee determines the Plan's valuation policies utilizing information provided by Charles Schwab Bank (Charles Schwab), the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Information Prepared by and Certified by Charles Schwab

The following is a summary of the Plan's asset information as of April 30, 2022 and 2021, and for the year ended April 30, 2022, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by Charles Schwab and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Charles Schwab that information provided to the Plan Administrator by Charles Schwab related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	April 30,	
	2022	2021
Investments, at fair value		
Mutual funds and money market fund	\$ 70,855,224	\$ 69,158,273
Common stocks	58,663	43,941
Exchange traded funds	15,099	15,328
	<u>\$ 70,928,986</u>	<u>\$ 69,217,542</u>
Cash	<u>\$ 57,983</u>	<u>\$ 16,122</u>
Notes receivable from participants	<u>\$ 160,175</u>	<u>\$ 87,605</u>

Charles Schwab also certified to the completeness and accuracy of \$7,333,536 of net depreciation in fair value of investments, \$3,166,502 of interest and dividend income and \$6,183 of interest income on notes receivable from participants for the year ended April 30, 2022.

The Cadmus Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of April 30, 2022 and 2021.

Mutual funds and money market fund: Mutual funds and money market fund are valued at the daily closing price as reported by the fund. Mutual funds and money market fund held by the Plan are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are classified as Level 1.

Common stocks: Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The common stocks held by the Plan are classified as Level 1.

Exchange traded funds: Exchange traded funds are valued at the closing price reported on the active market on which the individual funds are traded. Exchange traded funds held by the Plan are registered with the SEC. The exchange traded funds held by the Plan are classified as Level 1.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2022 and 2021.

	Assets at Fair Value as of April 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 70,855,224	\$ -	\$ -	\$ 70,855,224
Common stocks	58,663	-	-	58,663
Exchange traded funds	15,099	-	-	15,099
Total assets at fair value	<u>\$ 70,928,986</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 70,928,986</u>

	Assets at Fair Value as of April 30, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	\$ 69,158,273	\$ -	\$ -	\$ 69,158,273
Common stocks	43,941	-	-	43,941
Exchange traded funds	15,328	-	-	15,328
Total assets at fair value	<u>\$ 69,217,542</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 69,217,542</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in all discretionary matching and profit sharing contributions.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in a money market fund managed by Charles Schwab and holds a cash account with Charles Schwab. Transactions in this investment and cash account qualify as party in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment.

All administrative expenses are paid by the Plan unless paid by the Company. For the year ended April 30, 2022, the Plan utilized forfeitures of \$56,286 for payment of expenses related to the administration of the Plan. Also, certain officers and employees of the Company, who are also participants of the Plan, perform administrative services on behalf of the Plan at no cost to the Plan.

The Cadmus Group 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 7. Tax Status

The IRS issued a determination letter dated November 15, 2016 stating that the Plan as then designed complies with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through December 22, 2022, the date on which the financial statements were available to be issued.

Effective May 1, 2022, if there is discretionary profit sharing contributions, participants are entitled to receive an allocation if employed on the last day of the Plan's year end or if terminated, credited with 500 hours of service, as defined in the plan document. Participants that die, become disabled or retire during the plan year are also entitled to an allocation regardless of amount of service completed.
