INDEPENDENT AUDITORS' REPORT

To the Plan Management & Retirement Plan Committee
Rogers Machinery Company, Inc.
401(k) Profit Sharing Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of March 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Rogers Machinery Company, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 11, 2022 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROGERS MACHINERY COMPANY, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN

The following description of Rogers Machinery Company, Inc. (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) profit sharing plan originally established by the Company effective February 1, 1976 and most recently amended January 1, 2021. See also Note I. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any employee employed by Rogers Machinery Company, Inc. except a leased employee, a member of a collective bargaining unit, or a non-resident alien that did not receive income from the Company. An employee becomes eligible to participate on the first day of the plan year during which the employee was at least 18 years of age. Additionally, effective April 1, 2020 the Plan adopted the hardship provisions of the Bi Partisan Budget Act of 2018.

Contributions: The Plan is a contributory plan which allows for discretionary Company matching contributions, discretionary profit sharing, qualified non-elective Company contributions, and participant elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective September 2010, all participants who are eligible to make elective deferral contributions may elect to designate all or a portion of their deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans. All Company contributions are determined at the discretion of the Board of Directors. Through December 31, 2020, participants are eligible to receive a Company contribution if, in addition to the general eligibility requirements, they are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. As of January 1, 2021, there is no hours of service requirement to be eligible for matching contributions. For the period April 1, 2021 through December 31, 2021, the Company matched 3% of eligible compensation. The employer matching contribution was \$477,060 for the year ended March 31, 2022. The employer non-elective profit-sharing contribution was \$3,063,765 for the year ended March 31, 2022 and it was paid subsequent year end. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. As of January 1, 2015, all employees who are currently contributing less than 3% are subject to the auto-enrollment provisions at the 3% deferral rate. In addition, there is an auto-escalation provision whereby deferrals will increase by 1% per year up to 6%. See also Note I. Any affirmative election made to a deferral rate, whether it is to increase, decrease or stop deferrals, will automatically opt the participant out of the auto-escalation provision.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of any Company's contributions, Plan earnings (losses), and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses.

Allocations are based on participant earnings, account balances, or specific Plan transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their rollover contributions and elective deferrals plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service at a rate of 20% per year after two years of service. A participant is 100% vested after six years of credited service. Effective January 1, 2021, participants are immediately vested in Company matching contributions.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years or for a longer term for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate as posted in the Wall Street Journal (or similar publication) when the loan is made. Principal and interest are paid ratably through payroll deductions.

Retirement: The normal retirement date is the date the participant reaches age 65. There is no early retirement.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant will receive as benefits at their or their beneficiary's option of either a lump sum amount equal to the value of his/her account or monthly, quarterly, semi-annual or annual installments as nearly equal in amount as shall be practicable. For distributions due to death, distribution of the participant's account must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death unless other election is made by the beneficiary. In-service distributions are allowed at age 59½.

Only one in-service distribution of up to \$75,000 is permitted each calendar year. Effective December 2017, the Plan was amended to allow for partial withdrawals for participants who have obtained age 65 and who have completed at least 20 years of service.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or may continue to participate in the plan investments and benefits will be provided upon retirement or death.

MARCH 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued): For terminated participants, if the balance of the vested account is less than \$1,000, payment will be made in a lump sum as soon as administratively feasible. Hardship distributions are not allowed.

Forfeited Accounts: Upon termination, participants' non-vested account balances are forfeited. Forfeitures may be used to pay plan expenses and the remainder will be reallocated to eligible participants. During the year ended March 31, 2022, \$45,029 was used to pay Plan expenses. At March 31, 2022 and 2021, forfeited non-vested accounts totaled \$239,430 and \$0, respectively.

Investment Options: Participants direct their contributions and account balances in investment options with Charles Schwab Trust Bank. The Plan sponsor periodically reviews the investment fund options available to participants and changes them as warranted.

Plan Expenses: Expenses of the Plan may be paid by the Plan or may be directly paid directly by the Company and not included in these financial statements. Fees relating to administration of notes receivable from participants and for certain withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including 12b-1 fees and revenue sharing fees, as applicable, are deducted from each funds' earnings and are included in net appreciation (depreciation) in fair value of investments.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation utilizing information provided by investment advisors and the trustee and custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ROGERS MACHINERY COMPANY, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021

NOTE B.--SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2022 or 2021.

Payment of Benefits: Benefits are recorded when paid.

NOTE C.--CERTIFIED INFORMATION

Other than notes receivable from participants, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at March 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends, and other income, for the year ended March 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (the trustee and custodian of the Plan).

NOTE D.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the World Health Organization declared the outbreak of COVID-19 to be a pandemic. The COVID-19 outbreak has resulted in widespread and continuing impacts on the global economy. Financial and credit markets have experienced and may continue to experience significant volatility and turmoil which may impact the fair values of Plan assets. The extent to which COVID-19 impacts the Plan's financial position and results will depend on future developments, which are highly uncertain and cannot be predicted.

NOTE E.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021

NOTE E.--FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Units held in the collective trust fund are valued using the NAV of the fund. The NAV as provided by the trustee and custodian is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2022 and 2021:

Assets at Fair Value as of March 31, 2022

NOTE E.--FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is measured using net asset value per share (or its equivalent) as a practical expedient as of March 31:

	2022	2021	Unfunded	Redemption Frequency (If Currently	Redemption Notice
	<u>Fair Value</u>	<u>Fair Value</u>	<u>Commitments</u>	<u>(Eligible)</u>	<u>Period</u>
Morley Stable Value Fund	<u>\$10,787,870</u>	<u>\$ 9,626,014</u>	-	Daily	None

NOTE F.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in funds managed by the trustee and custodian; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE G.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTE H.--TAX STATUS

On March 31, 2014, the IRS stated that the volume submitter profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the determination letter.

However, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2022 AND 2021

NOTE H.--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of March 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I.--SUBSEQUENT EVENTS

The Plan document was restated effective April 1, 2022 as part of the Cycle 3 restatement requirement. With that restatement a new IRS determination letter was received dated June 30, 2020. In addition, amendments were made to increase the auto escalation maximum to 10% and to adopt provisions of the SECURE, CARES and Consolidated Appropriations Acts.

The Plan has evaluated subsequent events through January 17, 2023, the date the financial statements were available to be issued.
