INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Virgin Atlantic Airways, Ltd. 401(k) Retirement Savings Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Virgin Atlantic Airways, Ltd. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H, line 4i - assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information Required by ERISA (Continued)

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. PLAN DESCRIPTION

The following description of Virgin Atlantic Airways, Ltd. 401(k) Retirement Savings Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the Plan document. The Plan document has been amended with the most recent amendment effective as of December 1, 2018.

General

Virgin Atlantic Airways, Ltd. (the "Company" or "Employer") established the Plan effective April 1, 1989. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The administrative committee is responsible for oversight of the Plan.

Eligibility

Employees who are at least 18 years of age are eligible to participate in the Plan after completing six months of service.

Participant Contributions

Each year, participants may contribute between 1% and 25% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, the Plan was amended and effective as of December 1, 2018, and participants are permitted to make post-tax (Roth) contributions.

Safe Harbor Contributions

The Company has elected an enhanced safe harbor matching contribution which consists of matching 100% of participants' contributions, up to a maximum of 6% of annual compensation, as defined in the Plan document. For the year ended December 31, 2021, the Company made safe harbor contributions of \$288,788.

Profit-Sharing Contributions

The Company, at its sole discretion, may make a profit-sharing contribution to eligible participants of the Plan. If the Plan elects to make a profit-sharing contribution in a given Plan year, it is allocated to each participant in an amount designated by the Company. For the year ended December 31, 2021, there were no profit-sharing contributions made to the participants.

Vesting

Participants are immediately vested in their voluntary and Company contributions.

Participant Accounts

The Plan is participant-directed and each participant's account is credited with the participant's contribution and the Company's contribution based upon an allocation of investment options selected by each participant. The Plan currently offers mutual funds and collective investment trusts as options for participants. In addition, the Plan offers participants a self-directed brokerage account through which they can directly trade in other funds or equities they choose. Plan earnings are allocated based upon account balances. Participant accounts will be charged with any administrative expenses related to loans they take from the Plan and fees related to their personal brokerage accounts, if any.

1. PLAN DESCRIPTION (CONTINUED)

Participant Distributions

Subject to certain conditions, participants may make hardship withdrawals of all or a portion of their vested balance, not to exceed the amount necessary to meet the financial need resulting from the hardship. Participants taking a hardship withdrawal may not make voluntary contributions to the Plan for six months.

On termination of service due to retirement or permanent disability, participants will receive the full value of their account. In the event of death, a participant's named beneficiary will receive the value of the participant's vested account.

If the value of a terminating participant's account exceeds \$5,000, the participant (or beneficiary, if deceased) has a choice of receiving payment in a single lump sum, or payments in installments over a fixed period of time. If a participant's account balance is less than \$5,000, benefits will be paid only in a lump-sum payment.

In 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act, as amended (the "CARES Act"). The CARES Act provisions pertaining to distributions to participants include the following:

- (a) Participants that meet eligible CARES Act criteria can take penalty-free withdrawals of up to \$100,000 from January 1, 2020 through December 31, 2020.
- (b) Participants will have the ability to repay the amount withdrawn within three years, though repayment is not required.
- (c) A CARES Act distribution would not be considered a hardship distribution; therefore a participant did not have to first obtain a loan or other available distributions under the Plan before requesting a distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts. The borrowings must be at least \$1,000, with a maximum loan of the lesser of 50% of the vested account balance or \$50,000, except as discussed in Note 2 related to the CARES Act. Two loans may be outstanding per participant at a time, and active participants must repay the loan through payroll deductions. The loans are secured by the balances in the borrowing participant's accounts and bear interest at the prime rate prevailing at the time of the loan plus 1% point. At December 31, 2021, the interest rate on outstanding loans ranged from 4.25% to 9.25%, maturing on various dates through October 2028.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the year. Actual results could differ from those estimates. Any adjustments applied to estimated accounts are recognized in the year such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income, including interest on notes receivable from participants, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned.

DECEMBER 31, 2021 AND 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants (Continued)

For the year ended December 31, 2021, participants defaulted on loans amounting to \$51,669. The Plan has issued 1099s to report the income generated from the defaulted loan balances to the participants.

In 2020, the Plan adopted certain provisions of the CARES Act; however, the Plan has not yet been amended for the adoption of these provisions. The CARES Act provisions that were adopted pertained to notes receivable by participants, including the following:

- (a) Participants that meet eligible CARES Act criteria may borrow up to the lesser of \$100,000 or 10% of their vested balance for 180 days, beginning March 27, 2020.
- (b) Participants are allowed to defer loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020. Loan repayments resumed starting January 1, 2021.

Payment of Benefits

Benefits are recorded when paid to Plan participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 13, 2022, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contributions.

VIRGIN ATLANTIC AIRWAYS, LTD.
401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

5. TAX STATUS

The Plan has adopted a prototype plan document sponsored by ADP Inc. ("ADP"). ADP received an opinion letter from the Internal Revenue Service ("IRS"), dated July 16, 2014, which states that this prototype document satisfied the applicable standards of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the opinion letter was issued, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following tables summarize investments and other asset information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the trustee, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate:

	<u>2021</u>	<u>2020</u>

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment options may consist of shares of registered investment companies and a common collective investment trust managed by the trustee. Accordingly, these transactions qualify as party-in-interest transactions.

The trustee earns fees through the administration of participant loans and management of the self-directed brokerage account option. These fees are paid by individual participants with outstanding notes or who have opened a self-directed brokerage account. All other administrative expenses (i.e., administration, legal and accounting) are paid by the Company.

8. FAIR VALUE MEASUREMENTS

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy, as of December 31, 2021 and 2020:

Description	Total at December 31, 2021	Level 1	Level 2	Level 3
Investments in fair value hierarchy:				
Registered investment companies	\$ 14,338,376	\$ <u>14,338,376</u>	\$ <u>-</u>	\$ <u>-</u>
Investments measured at NAV ⁽¹⁾	<u>29,886,232</u>			
Investments at fair value	<u>\$ 44,224,608</u>			
Description	Total at December 31, 2020	Level 1	Level 2	Level 3
Investments in fair value hierarchy:				
Registered investment companies	\$ 25,695,471	\$ <u>25,695,471</u>	\$ <u>-</u>	\$ <u>-</u>
Investments measured at NAV ⁽¹⁾	<u>18,300,988</u>			
Investments at fair value	<u>\$ 43,996,459</u>			

⁽¹⁾ Includes a common collective trust which is measured at net asset value ("NAV") as a practical expedient and is not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statements of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: are valued at quoted market prices, which represent the net asset value of the securities held in such funds. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded.

Common collective trust: is valued using an NAV. The NAV of a common collective trust is based on the market values of the underlying securities in an active market. The beneficial interest of each participant is represented in units. Units are issued and redeemed daily at the fund's closing NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
