Independent Auditors' Report

The Plan Administrator of James Alexander Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of James Alexander Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards ("GAAS"). For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Plan Administrator of
James Alexander Corporation Retirement Plan**
Page 4

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

The Plan Administrator of James Alexander Corporation Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits (modified cash basis) of James Alexander Corporation Retirement Plan (the "Plan"), as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Equitable Financial Life Insurance Company, the insurance carrier of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that the insurance carrier holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the insurance carrier as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the insurance carrier is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the insurance carrier, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

James Alexander Corporation Retirement Plan

Notes to Financial Statements
(Modified Cash Basis)
December 31, 2021

1. Plan Description

The following description of James Alexander Corporation Retirement Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of James Alexander Corporation (the "Employer" or "Company" or "Plan Sponsor"). Employees may enter the Plan upon hire as long as they have attained twenty-one (21) years of age and have completed six (6) months of service. Employees are not eligible to participate in the Plan if they are: union employees, leased employees, or non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, eligible employees may elect to have up to 100% of their eligible compensation, as defined by the Plan, deducted on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may elect to increase, decrease or suspend their contributions according to procedures established by the Company. There is an annual limit as to the amount that can be contributed that is determined by the Internal Revenue Code ("IRC").

The Company may elect to make a discretionary matching contribution equal to a percentage of an eligible employees' eligible compensation. For the 2021 plan year, the Company elected to not make a matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution, (b) Plan earnings (losses) thereon, and (c) administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

1. Plan Description (*continued*)

Vesting

Participants are fully vested in their contributions plus actual earnings thereon. Upon death or disability, a participant becomes 100% vested in their matching and profit sharing contributions. Participants vest in Employer matching contributions under a six year graded vesting schedule. Prior to the completion of six years of vesting service, participant accounts in Employer Contributions will be vested under the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

If a participant terminates employment and is less than 100% vested in their Employer matching and profit sharing contributions, the participant will forfeit the non-vested portion of their account. These amounts may be used to reduce future Employer contributions or Plan expenses. At December 31, 2021 and 2020, forfeited account balances held in non-participant directed accounts totaled \$4,161 and \$6,600. In 2021, no forfeitures were used to reduce Employer contributions and \$9,200 of forfeitures were used to reduce Plan expenses.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance. Participants may have a maximum of two outstanding loans at any time. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account repayable with interest at the prime interest rate plus one percentage point. A fee is charged to those initiating loans. Principal and interest are paid ratably through payroll deductions. Upon termination, any unpaid loan balance could become a taxable distribution to the participant.

Payment of Benefits

Under the terms of the Plan, a participant may make a withdrawal for reasons of economic hardship prior to attaining age 59½. Such hardship withdrawals are available for immediate and heavy financial need and only when other financial resources are exhausted. Upon attaining age 59½, participants may withdraw their entire vested account balance or a portion thereof.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2021 and 2020, all of the Plan's investments, that were valued at fair value, were valued using Level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's securities are stated at fair value except for the group annuity contract, which is stated at contract value. The mutual funds are valued at the daily closing price as reported by the fund. These funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price and are deemed to be actively traded. The fixed account is reported at contract value, which represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies (*continued*)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to requested distributions and participant account maintenance are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is January 17, 2023.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule Assets (Held at End of Year) including investments held and notes receivable from participants at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Equitable Financial Life Insurance Company, a qualified institution.

4. Equitable Fixed Account

The Equitable Fixed Account (the "Fixed Account") is a fully benefit-responsive group fixed annuity contract with Equitable.

The Fixed Account provides a minimum guaranteed interest rate and does not provide for a defined maturity date. In addition, although the Fixed Account provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the Fixed Account is declared periodically and therefore is subject to change. The crediting rate is calculated and reset periodically. The guaranteed minimum interest rate of the Account was 1.00% for 2021. The crediting interest rate of the Account was 3.00% for all of 2021. Further, withdrawals for participant benefits from the Fixed Account are permitted as specified in the contract and are not subject to any market value adjustment. The election of the Fixed Account does not give participants' the right to participate in the investment returns on Equitable's general account assets. Rather, it gives participants' the right to earn the rates of interest that Equitable periodically declares and guarantees on amounts that a participant deposits into the Fixed Account.

James Alexander Corporation Retirement Plan

Notes to Financial Statements
(Modified Cash Basis)

5. Tax Status

The Plan is based on a Volume Submitter Profit Sharing/401k Plan for Equitable Life Insurance Company, which received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020 stating that the Volume Submitter Profit Sharing/401k Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Party-in-Interest Transactions

The group annuity contract is backed by the general account assets of Equitable. Equitable is the insurance carrier of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
