Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ferring Pharmaceuticals Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

General: The Ferring Pharmaceuticals Inc. 401(k) Savings Plan (the Plan) was established in 1997 to encourage and assist employees of Ferring Pharmaceuticals Inc. (the Company or the Plan Sponsor) to save for the future on a regular basis and to help provide additional investment assets for their retirement. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company who are at least 18 years of age, excluding interns, leased employees, residents of Puerto Rico and non-resident aliens with no income from a United States source. There are no minimum service requirements. Newly hired employees are automatically enrolled in the Plan, deferring 3% of eligible wages. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Earnings accumulate in the Plan with deferral of Federal and state income tax. Fidelity Management Trust Company (Fidelity or the Trustee) is the Trustee of Plan assets. The Ferring Pharmaceuticals Retirement Plan Committee is responsible for oversight of the Plan. The Ferring Pharmaceuticals Retirement Plan Committee, under the guidance of an independent investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant contributions: Employee basic contributions are based on specified percentages of eligible compensation, as defined in the Plan document. The maximum percentage an employee may contribute to the Plan is 60% of annual compensation, as defined in the Plan document. Tax deferred contributions were limited to a maximum of \$19,500 for 2020. Certain participants (age 50 or older) were permitted to make an additional catch-up contributions of \$6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Employer contributions: The Company matches 65% of the first 6% of eligible compensation that a participant contributes to the Plan. Additionally, the Company, at its discretion, may make other contributions on behalf of its eligible employees.

Discretionary contributions: The Company may make a discretionary profit-sharing contribution to the Plan each year in an amount equal to a percentage of annual compensation for the Plan year for participants who met the eligibility requirements discussed above. The allocation of the contribution to each employee is based on when the employee was hired. Any employee hired prior to January 1, 2011 receives 6.25%, employees hired on or after January 1, 2011 receive 3% and employees of an adopting employer that adopted the Plan on or after January 1, 2011 receive 3%. Employees are eligible to receive an allocation of this, the Company contribution if they have completed one year of service as of January 1 or July 1 and were employed at year-end. The contribution is not to exceed the maximum amount per Internal Revenue Service limits. For the year ended December 31, 2020, the Company made a discretionary profit-sharing contribution of \$2,361,900.

Notes receivable from participants: Employees are allowed to borrow from their contributions and vested Company's contributions (collectively, the Accrued Benefit). Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence not to exceed 10 years, as established by the Plan Administrator at the time of the loan. Notes receivable are secured by the participant's account. The notes receivable balance outstanding cannot exceed the lesser of: (i) 50% of the employee's vested account, or (ii) a maximum of \$50,000. Interest rates range from 4.25% to 6.50% and loans mature at various dates through May 2027. Principal and interest are paid ratably through periodic payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting and payment of benefits: Participant's interests in their own contributions are fully vested at all times. Participants hired on or after January 1, 2009 do not vest in the discretionary profit-sharing contributions and matching employer contributions until completing three years of service, at which time such participants are fully vested. Participants hired prior to January 1, 2009, are fully vested in discretionary employer contributions and matching employer contributions. Participants hired by Ferring Research Institute Inc. prior to January 1, 2011 are vested in the employer match after one year of service. A year of service is defined as at least 1,000 hours worked in a consecutive 12-month period. In the event participants leave the Company for any reason, they are entitled to receive their vested account balance. Participants become fully vested in all balances upon death, permanent disability and retirement. The normal benefit under the Plan is a lump sum payment equal to the participant's vested account balance upon retirement. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in the Company contributions, the participant will forfeit the nonvested portion of their Company match and discretionary contributions. A forfeiture will occur in the Plan year that the participant receives a distribution of their vested account. Any amounts forfeited would be used to pay administrative expenses and reduce current Company's contributions. Forfeited nonvested accounts totaled \$615,638 and \$59,315 at December 31, 2020 and 2019, respectively. During 2020, \$147,109 was used to reduce employer's matching and discretionary contributions and no forfeitures were used to pay administrative expenses.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contribution and allocations of any discretionary profit-sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Other: The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, relief for loan repayment, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Ferring Pharmaceuticals Retirement Plan Committee confirms the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Effective June 2020, a division of the Company was removed from the Plan as part of a general reorganization. Transfers of assets from the Plan on the statement of changes in net assets available for benefits of \$1,212,853 represent transfers of participant balances related to employees of this division.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, \$281,872 of delinquent notes receivable were reclassified as deemed distributions.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Employer discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: As provided by the Plan document, administrative expenses related to Plan investments and recordkeeping are paid by the Plan and other administrative expenses are paid by the Plan Sponsor. Loan origination fees are charged to the borrower/participant.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Plan Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments:		
Registered investment companies	\$ 160,056,972	\$ 141,631,984
Notes receivable from participants	\$ 1,155,362	\$ 1,399,241

The Trustee also certified to the completeness and accuracy of \$15,163,420 of net appreciation in fair value of investments, \$7,533,541 of interest and dividends from the aforementioned investments and \$75,175 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 160,056,972	\$ -	\$ -	\$ 160,056,972

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 141,631,984	\$ -	\$ -	\$ 141,631,984

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between levels during 2019 and 2020.

Note 5. Plan Termination

While the Company intends to continue the Plan, it reserves the right to change or terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, participants will become 100% vested in their accounts and the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee. Upon completion of such distributions, the Trust will terminate, the Trustee will be relieved of all liability under the Trust Agreement, and no participant or other person will have claims thereunder, except as required by applicable law.

Notes to Financial Statements

Note 6. Related Party Transactions and Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7. Tax Status

The Plan is intended to be qualified under 401(a) of the Internal Revenue Code of 1986 (the Code) and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a nonstandardized prototype plan, which received an Internal Revenue Service (IRS) opinion letter dated March 31, 2014. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits per the financial statements	\$ 163,894,021	\$ 147,079,011
Differences in:		
Receivables - employee contributions receivable	-	(642,167)
Receivables - employer matching contributions receivable	(245,943)	(531,129)
Receivables - employer profit-sharing contributions receivable	(2,435,744)	(2,874,490)
Net assets available for benefits per the Form 5500	<u>\$ 161,212,334</u>	<u>\$ 143,031,225</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase in net assets available for benefits per the financial statements	\$ 18,027,863
Less change in employee and employer contributions receivable	<u>1,366,099</u>
Net income per the Form 5500	<u>\$ 19,393,962</u>

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a Public Health Emergency of International Concern and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. We cannot reasonably estimate the length or severity of this pandemic.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through August 25, 2022, the date the financial statements were available to be issued.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ferring Pharmaceuticals Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

General: The Ferring Pharmaceuticals Inc. 401(k) Savings Plan (the Plan) was established in 1997 to encourage and assist employees of Ferring Pharmaceuticals Inc. (the Company or the Plan Sponsor) to save for the future on a regular basis and to help provide additional investment assets for their retirement. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company who are at least 18 years of age, excluding interns, leased employees, residents of Puerto Rico and non-resident aliens with no income from a United States source. There are no minimum service requirements. Newly hired employees are automatically enrolled in the Plan, deferring 3% of eligible wages. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Earnings accumulate in the Plan with deferral of Federal and state income tax. Fidelity Management Trust Company (Fidelity or the Trustee) is the Trustee of Plan assets. The Ferring Pharmaceuticals Retirement Plan Committee is responsible for oversight of the Plan. The Ferring Pharmaceuticals Retirement Plan Committee, under the guidance of an independent investment advisor, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant contributions: Employee basic contributions are based on specified percentages of eligible compensation, as defined in the Plan document. The maximum percentage an employee may contribute to the Plan is 60% of annual compensation, as defined in the Plan document. Tax deferred contributions were limited to a maximum of \$19,500 for 2020. Certain participants (age 50 or older) were permitted to make an additional catch-up contributions of \$6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Employer contributions: The Company matches 65% of the first 6% of eligible compensation that a participant contributes to the Plan. Additionally, the Company, at its discretion, may make other contributions on behalf of its eligible employees.

Discretionary contributions: The Company may make a discretionary profit-sharing contribution to the Plan each year in an amount equal to a percentage of annual compensation for the Plan year for participants who met the eligibility requirements discussed above. The allocation of the contribution to each employee is based on when the employee was hired. Any employee hired prior to January 1, 2011 receives 6.25%, employees hired on or after January 1, 2011 receive 3% and employees of an adopting employer that adopted the Plan on or after January 1, 2011 receive 3%. Employees are eligible to receive an allocation of this, the Company contribution if they have completed one year of service as of January 1 or July 1 and were employed at year-end. The contribution is not to exceed the maximum amount per Internal Revenue Service limits. For the year ended December 31, 2020, the Company made a discretionary profit-sharing contribution of \$2,361,900.

Notes receivable from participants: Employees are allowed to borrow from their contributions and vested Company's contributions (collectively, the Accrued Benefit). Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence not to exceed 10 years, as established by the Plan Administrator at the time of the loan. Notes receivable are secured by the participant's account. The notes receivable balance outstanding cannot exceed the lesser of: (i) 50% of the employee's vested account, or (ii) a maximum of \$50,000. Interest rates range from 4.25% to 6.50% and loans mature at various dates through May 2027. Principal and interest are paid ratably through periodic payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting and payment of benefits: Participant's interests in their own contributions are fully vested at all times. Participants hired on or after January 1, 2009 do not vest in the discretionary profit-sharing contributions and matching employer contributions until completing three years of service, at which time such participants are fully vested. Participants hired prior to January 1, 2009, are fully vested in discretionary employer contributions and matching employer contributions. Participants hired by Ferring Research Institute Inc. prior to January 1, 2011 are vested in the employer match after one year of service. A year of service is defined as at least 1,000 hours worked in a consecutive 12-month period. In the event participants leave the Company for any reason, they are entitled to receive their vested account balance. Participants become fully vested in all balances upon death, permanent disability and retirement. The normal benefit under the Plan is a lump sum payment equal to the participant's vested account balance upon retirement. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in the Company contributions, the participant will forfeit the nonvested portion of their Company match and discretionary contributions. A forfeiture will occur in the Plan year that the participant receives a distribution of their vested account. Any amounts forfeited would be used to pay administrative expenses and reduce current Company's contributions. Forfeited nonvested accounts totaled \$615,638 and \$59,315 at December 31, 2020 and 2019, respectively. During 2020, \$147,109 was used to reduce employer's matching and discretionary contributions and no forfeitures were used to pay administrative expenses.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contribution and allocations of any discretionary profit-sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Other: The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, relief for loan repayment, suspend required minimum distributions and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Ferring Pharmaceuticals Retirement Plan Committee confirms the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Effective June 2020, a division of the Company was removed from the Plan as part of a general reorganization. Transfers of assets from the Plan on the statement of changes in net assets available for benefits of \$1,212,853 represent transfers of participant balances related to employees of this division.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, \$281,872 of delinquent notes receivable were reclassified as deemed distributions.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Employer discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: As provided by the Plan document, administrative expenses related to Plan investments and recordkeeping are paid by the Plan and other administrative expenses are paid by the Plan Sponsor. Loan origination fees are charged to the borrower/participant.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Plan Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments:		
Registered investment companies	\$ 160,056,972	\$ 141,631,984
Notes receivable from participants	\$ 1,155,362	\$ 1,399,241

The Trustee also certified to the completeness and accuracy of \$15,163,420 of net appreciation in fair value of investments, \$7,533,541 of interest and dividends from the aforementioned investments and \$75,175 of interest income on notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ferring Pharmaceuticals Inc. 401(k) Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 160,056,972	\$ -	\$ -	\$ 160,056,972

	Assets at Fair Value as of December 31, 2019

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between levels during 2019 and 2020.

Note 5. Plan Termination

While the Company intends to continue the Plan, it reserves the right to change or terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, participants will become 100% vested in their accounts and the Company will facilitate the distribution of account balances under the provisions of the Plan and Trust Agreement until all assets have been distributed by the Trustee. Upon completion of such distributions, the Trust will terminate, the Trustee will be relieved of all liability under the Trust Agreement, and no participant or other person will have claims thereunder, except as required by applicable law.

Notes to Financial Statements

Note 6. Related Party Transactions and Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7. Tax Status

The Plan is intended to be qualified under 401(a) of the Internal Revenue Code of 1986 (the Code) and is intended to be exempt from taxation under 501(a) of the Code. The Company adopted a nonstandardized prototype plan, which received an Internal Revenue Service (IRS) opinion letter dated March 31, 2014. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code.

Note 9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a Public Health Emergency of International Concern and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. We cannot reasonably estimate the length or severity of this pandemic.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through August 25, 2022, the date the financial statements were available to be issued.
