Independent Auditor's Report

To the Plan Administrator
Teck American Incorporated Retirement Savings Plan
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tech American Incorporated Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Teck American Incorporated Retirement Savings Plan

Notes to Financial Statements

1. Plan Description

General

The following description of the Teck American Incorporated Retirement Savings Plan (the “Plan”) is provided for general information purposes only. For a complete description of the Plan and its specific provisions, a copy of the Plan agreement should be obtained directly from Teck American Incorporated (the “Company”).

The Plan, as amended, became effective on January 1, 1976. The Plan is a qualified defined contribution plan, which originally became effective on January 1, 1976 and has been subsequently amended and restated by the Company. The Plan is designed to cover both salaried employees and certain hourly employees of the Company and subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan’s asset management, third-party administrative duties and trustee responsibilities are performed by Bank of America, N.A. The Company’s Human Resources Manager and payroll department handle all day-to-day operations of the Plan.

Eligibility and Contributions

An employee becomes eligible to participate on their employment date with the Company, or a subsidiary of the Company, unless they are designated a temporary or casual employee, as defined by the plan, who is eligible to contribute after twelve months of employment. Contributions are limited by the Plan based on the maximum allowable under the Internal Revenue Code (“IRC”).

Participants may elect to voluntarily contribute 1% to 90% of their eligible compensation to the Plan. For all new employees, an automatic deferred income contribution of 4% of a participant’s eligible earnings is made unless a contrary election is made by the participant. There is no automatic escalation of deferred contribution amounts. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows participants to make after-tax contributions to a Roth 401(k) account.

Prior to 2016, under the Plan provisions for active participants in the Company’s Pension Plan as of January 1, 2005 who did not elect to cease future accruals of benefits under the Pension Plan, the Company matched 50% of participants’ voluntary contributions, up to 2.5% of these participants’ earnings. For these participants, there was no Company matching contribution related to their non-elective contributions, as they continued to accrue benefits in the Company’s Pension Plan. In 2017, the Plan was amended for active participants in the Company’s Pension Plan who did not elect to cease future accruals of benefits under the Pension Plan, so that the Company matches 50% of participants’ voluntary contributions, up to 1.0% of these participants’ earnings, along with a new basic non-elective employer contribution of 1.5% of the participants’ earnings. For participants that became active following January 1, 2005, or those as of January 1, 2005 who elected to forego future accrual of benefits in the Pension Plan, the Company matches 100% of a participant’s voluntary contribution from 1% to 4% of the employee’s eligible earnings, based on years of service.

Notes to Financial Statements

The above noted differences in the employer match are the result of the Company closing the Defined Benefit Plan to new entrants effective May 1, 2004. As the Defined Benefit Plan required one year of service to become eligible, employees hired after May 1, 2003 were excluded from participation in the Defined Benefit Plan. As such, the Company modified the contribution and matching provisions for those employees to compensate them for their exclusion from the Defined Benefit Plan. Furthermore, in October 2004, employees hired on or before May 1, 2003, were given a one-time opportunity to freeze their benefits in the Defined Benefit Plan as of December 31, 2004 and participate under the new plan provisions beginning January 1, 2005. To take advantage of this opportunity, those employees had to elect to participate in the new plan provisions by December 24, 2004.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participant accounts are 100% vested at all times, including all company contributions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution immediately after termination or may defer distribution to a later date. The plan does not allow hardship withdrawals. The Plan allows for a distribution of a Participant's account directly to the Participant following the Participant's termination date, if the participant's account does not exceed \$1,000. If the Participant's account exceeds \$1,000 but does not exceed \$5,000, the Plan can distribute the account to an eligible retirement account in a direct rollover.

Subject to the election of a Participant, the payment of the Participant's benefits shall begin no later than the sixtieth (60th) day after the close of the Plan Year in which the latest of the following events occurs: (a) the date on which the Participant attains age 65 (the Normal Retirement Date); (b) the tenth (10th) anniversary of the year in which the Participant commenced participation in the Plan. Plan does not permit any delay payments of benefits unless the above criteria are met.

Notes Receivable from Participants

Participants may borrow up to 50% of their account balance subject to a maximum of \$50,000. The minimum note amount is \$1,000. Only two notes can be made to a participant in any given year and a participant shall have no more than one note outstanding at any given time. The notes are secured by the balances in the participants' accounts and bear interest at the prime rate on the last day of the previous quarter plus 1%. The notes are repaid ratably through payroll deductions over a period of one to five years, except for notes for the purchase of a principal residence, which are made over a period of time not to exceed ten years.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion and disclosure related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- □ Quoted prices for similar assets or liabilities in active markets;
- □ Quoted prices for identical or similar assets or liabilities in inactive markets;
- □ Inputs other than quoted prices that are observable for the asset or liability;
- □ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: The Plan invests in the Invesco Stable Value Retirement Class 1 & Blackrock Equity Industry Non-LED M Fund, collective investment trusts. The investments are valued at NAV. The NAV, as reported by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less liabilities, and then divided by the number of shares outstanding. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trusts, the investment advisers reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2021 and 2020 for either investment. These funds are Direct Filing Entities.

Measured at NAV*	-	-	-	41,276,051
Total Investments	\$ 100,730,974	\$ -	\$ -	\$ 142,007,025

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information and notes receivable from participants included in Schedule H, Line 4i schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Related Party and Party-in-Interest Transactions

The Plan has certain investments in common/collective trusts and mutual funds that are held by Bank of America Merrill Lynch, N.A. ("Bank of America"). Bank of America is the trustee as defined by the Plan; however, while such transactions are considered party-in-interest transactions under ERISA regulations, they are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to the Bank of America were \$51,574 and \$53,872 for the years ended December 31, 2021 and 2020, respectively. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts.

6. Tax Status

The Plan obtained its latest determination letter on July 10, 2015, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become remain vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2021, the Plan corrected certain participants' contributions which resulted to payment of lost earnings attributable to missed deferrals totaling \$35,479 for the plan years ended December 31, 2021, 2020 and 2019. Lost earnings were remitted in 2021.

During plan year ended December 31, 2021, contributions and loan repayments totaling \$246,858 were not remitted to the Plan within the period prescribed by DOL regulations. The contributions and loan repayment were remitted in 2021. Lost earnings for the late contribution and loan repayments were corrected in 2022.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through December 21, 2022, the date the financials were available to be issued. There were no significant events identified that would require disclosure in the financial statements.
