INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the KENCCID 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of the KENCCID 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- the amounts and disclosures in the 2022 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the KENCCID 403(b) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan

management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the KENCCID 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the KENCCID 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the KENCCID 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2021 Financial Statement

We were engaged to audit the 2021 financial statement of the KENCCID 403(b) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 4, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statement, and (b) the form and content of the information included in the 2021 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KENCCID 403(b) Retirement Plan
Notes to Financial Statements
As of June 30, 2022 and 2021 and for the Year Ended June 30, 2022

1. Description of Plan

The following description of the KENCCID 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Kensington Community Corporation for Individual Dignity (the "Organization"). The Organization promotes dignity and choice to empower individuals with intellectual and developmental disabilities to reach their full potential. The Plan's original effective date was July 1, 1995. The Plan was most recently amended and restated effective September 7, 2017. Non-resident aliens, with no earned income from the Organization that constitutes income from sources within the United States, are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian and recordkeeper of the Plan is Principal Trust Company ("Principal"), a member of Principal Financial Group. The Organization is the Plan administrator.

Eligibility

The Plan covers eligible employees of the Organization as defined in the Plan document. Eligible employees are immediately eligible to make voluntary salary reduction contributions as of their date of hire. The Plan also provides for a discretionary matching contribution and a discretionary employer contribution. An eligible employee may enter the Plan as an active member on or after the date on which he or she meets all the entry requirements. Entry dates for the discretionary employer and matching contribution are July 1 and January 1. For the discretionary matching and employer contributions, a participant must complete 1,000 hours of service with the Organization in the given Plan year. There is no age requirement for discretionary matching and employer contributions; however, a participant must be employed on the last day of the Plan year in order to share in the discretionary matching and employer contributions, should one be declared.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan document. Participants may also make deferrals to the Plan on an after-tax basis in accordance with the Roth elective deferral contributions provisions. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions up to the amount allowable under the Internal Revenue Code. In no event may participant pre-tax or after-tax contributions exceed statutory limitations.

During the 2022 Plan year, the Organization did not contribute a discretionary matching contribution to the Plan.

For the Plan year ended June 30, 2022, the Organization contributed a discretionary employer contribution to the Plan in the amount equal to 2% of the participants' eligible compensation.

Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans.

Investments

Upon enrollment in the Plan, and throughout the Plan year, a participant may direct employee and employer contributions in selected investment options, including registered investment companies (mutual funds) and the Principal Fixed Income Guaranteed Option.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Organization's discretionary matching contribution, if any, as well as allocations of the Organization's discretionary employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

KENCCID 403(b) Retirement Plan
Notes to Financial Statements
As of June 30, 2022 and 2021 and for the Year Ended June 30, 2022

Vesting

Participants are immediately fully vested in their elective deferral contributions, employer contributions, rollover contributions and earnings thereon.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant (or beneficiary) may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. If a distribution is not requested and the balance is between \$1,000 and \$5,000, the account balance will be transferred by the Plan administrator to an individual retirement account established on behalf of the participant. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. Hardship withdrawals are allowed by the Plan provided they meet the Internal Revenue Service ("IRS") guidelines. A participant may also withdraw all or a portion of their entire account balance upon attainment of age 59 ½.

Notes Receivable from Participants

Loans to participants are permitted under the Plan and are treated as a participant-directed investment. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum generally equal to the lesser of \$50,000 or 50% of their account balance. A participant may only have two loans outstanding at any time. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Participant loans bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator.

Loans are repayable within five years unless the loan was taken for the purchase of a primary residence, in which case the term of the loan may not exceed 10 years. Loan principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant's account.

Coronavirus Aid, Relief and Economic Security Act (the "CARES" Act) Provisions Adopted

Effective March 27, 2020, the Plan adopted provisions under the CARES Act which were only applicable during the calendar year 2020 including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020, and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, the loans were reamortized to extend the payoff period by one year and include accrued interest for suspension period.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements include the fully benefit-responsive investment contracts and their related activity on a contract value basis (see Note 5).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

KENCCID 403(b) Retirement Plan
Notes to Financial Statements
As of June 30, 2022 and 2021 and for the Year Ended June 30, 2022

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All reasonable administrative expenses and custodian fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses of maintaining the Plan that are paid directly by the Organization are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through January 17, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, fully benefit-responsive investment contracts, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of June 30, 2022 and 2021.
- Investment activity, including net depreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2022.
- The information for all registered investment companies, guaranteed interest contracts and participant loans listed in the schedule of assets (held at end of year) as of June 30, 2022 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2022 and 2021.

<i>Registered investment companies:</i>	Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.
---	---

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of June 30, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Registered investment companies	\$ 1,102,825	\$ 1,102,825	\$ -	\$ -
Total	<u>\$ 1,102,825</u>	<u>\$ 1,102,825</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of June 30, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Registered investment companies	\$ 1,256,400	\$ 1,256,400	\$ -	\$ -
Total	<u>\$ 1,256,400</u>	<u>\$ 1,256,400</u>	<u>\$ -</u>	<u>\$ -</u>

KENCCID 403(b) Retirement Plan
Notes to Financial Statements
As of June 30, 2022 and 2021 and for the Year Ended June 30, 2022

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended June 30, 2022 and 2021, there were no transfers in or out of levels 1, 2, or 3.

5. Fully Benefit-Responsive Investment Contracts

At June 30, 2022 and 2021, the Plan has a guaranteed interest contract with Principal in the amounts of \$1,386 and \$5,318, respectively. The Principal Fixed Income Guaranteed Option is a traditional investment contract and meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Principal maintains the contributions in a general account. This is a guaranteed general-account backed group annuity contract, issued by Principal Life Insurance Company. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Principal Fixed Income Guaranteed Option at contract value on a daily basis. Direct transfers to competing investment options are not permitted. Any transfers out of the Principal Fixed Income Guaranteed Option must first go through a non-competing investment option and reside there for a minimum of ninety days before transfer to a competing investment option. An employer-level surrender of the Plan's interest or initiated transfer will be subject to either a twelve-month advance notice or a 5% surrender charge, whichever the Plan fiduciary chooses. The Principal Fixed Income Guarantee Option may make available higher guaranteed rates. If these are available and the Plan fiduciary chooses to move a plan's interest to a higher guaranteed rate, a charge of 1.5% of the Plan's interest applies. The minimum interest crediting rate is 1%.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan sponsor believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is remote. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The Organization adopted a prototype plan sponsored by Principal Financial Group. The IRS issued an opinion letter, dated March 31, 2017, stating that the form of the prototype plan document was acceptable under the Code requirements as of that date. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code, and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022, there are no uncertain positions taken or

KENCCID 403(b) Retirement Plan
Notes to Financial Statements
As of June 30, 2022 and 2021 and for the Year Ended June 30, 2022

expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to June 30, 2019.

7. Related-Party and Party-In-Interest Transactions

For the year ended June 30, 2022, fees paid by the Plan to Principal and its related entities amounted to \$19,373. Principal provides recordkeeping services and the Plan invests in registered investment companies and the Principal Fixed Income Guaranteed Option managed by Principal. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Certain fees incurred by the Plan for investment management services are included in the net appreciation or depreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses.

8. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated or upon complete discontinuance of contributions, the rights of the participants in the Plan at the date of termination or discontinuance shall be nonforfeitable.

9. Risks and Uncertainties

The Plan utilizes various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
