Independent Auditor's Report

To the Plan Administrator
Dosal Tobacco Corporation 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dosal Tobacco Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Dosal Tobacco Corporation 401(k) Plan (the “Plan”) provides only general information. Reference to the Plan document should be made for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of the Dosal Tobacco Corporation (the “Company”, “Plan Sponsor”, or “Employer”). Employees become eligible to participate and to receive matching contributions, discretionary matching contributions and profit sharing contributions upon completing 90 days of continuous service. There is no minimum age requirement to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The effective date of the Plan was January 1, 2003 and the Plan commenced operations on June 20, 2003. Effective January 1, 2016, the Plan was restated to comply with legislative and regulatory changes.

Contributions

Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service (“IRS”) and other limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contribution). For the years ended December 31, 2021 and 2020, the Company matched 100% of participant contributions for the first 3% of participant compensation and then matched 50% of participant contributions in excess of 3%, up to 5% of participant compensation (the “basic safe harbor match”).

The Company may make additional discretionary matching contributions to the Plan, not exceeding 4% of participant's compensation. Also, the Company may make discretionary profit sharing contributions to the Plan for all employees eligible to participate in the Plan, and employed on the last day of the Plan year. As of December 31, 2021, the Plan recorded a receivable from the Company for matching contributions, discretionary matching contributions, and profit sharing contributions, net of forfeitures, of approximately \$386,000.

Participant Accounts

Each participant’s account in the Plan is credited with the participant’s contribution, an allocation of any Employer contribution and the Plan’s earnings and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based upon account balances while contributions are credited based upon elective deferrals and compensations, as defined. Administrative expenses are charged directly to the accounts of the participant who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan. Participants may change their investment options daily.

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions and safe harbor matching contributions plus actual earnings thereon. Participants are fully vested in their account balances upon retirement, disability, or death as prescribed in the Plan document. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. Participants vest at approximately 33 percent per year of service, beginning after one year, and are fully vested after three years of service.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. In accordance with the Plan document, forfeitures are used to reduce the Employer contributions or administrative expenses in the Plan year immediately following the Plan year in which the forfeiture occurs. At December 31, 2021 and 2020, there were no forfeiture nonvested amounts. During the year ended December 31, 2021, forfeitures in the amount of \$9,311 were used to reduce the Employer contributions.

Notes Receivable from Participants

The Plan does not permit participant loans.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's estimated life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Payments of benefits will be made in a single lump sum cash payment if the total vested value is less than \$1,000. Terminated participants will receive their benefit payments as soon as administratively feasible in the first Plan year beginning after the participant's separation from service. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. In-service withdrawals are permitted from pre-tax contributions account balances upon demonstration of financial hardship or for qualified reservist reason.

Administrative Expenses

The Plan agreement allows for all administrative expenses to be paid by the Employer or the Plan. Through December 31, 2021, the Company has absorbed a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as loan origination and distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in the fair value of investments.

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The guaranteed interest account is reported at contract value and pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

3. Information Prepared And Certified By Qualified Institutions

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Trust Company, LLC (“GWTC”) and Massachusetts Mutual Life Insurance Company (“MassMutual”).

At the request of the Plan Administrator, the Plan’s independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy gives the highest that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes of the method used at December 31, 2021 and 2020.

Pooled separate accounts: The Plan holds units of participation in the separate accounts which are valued daily at their accumulation unit value. Accumulation unit value is determined based on the net asset value underlying investments by taking the accumulation unit value for the prior valuation day and multiplying it by the net investment factor, as defined, for the current valuation day. The pooled separate accounts invest directly in designated actively traded mutual funds which are valued daily at their net asset values ("NAV"). The NAV, as provided by GWTC, is used as a practical expedient to estimate fair value. The underlying investments include (i) bond funds which invest primarily in securities issued by the U.S. Treasury and certain U.S. Government agencies that provide fixed income with the goal of income growth, (ii) asset allocation funds which invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets and seek to provide capital appreciation and income consistent with assets allocation and (iii) equity funds which invest in common stocks and consist of various investment options for various levels of risk tolerance. There are no redemption restrictions or unfunded commitments on these investments.

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021 and 2020:

Description	Fair Value December 31, 2021	Fair Value Measurements at Reporting Date Using:

5. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with MassMutual as of December 31, 2021 and 2020, respectively. MassMutual receive the contributions and deposit them into either guaranteed interest account or into pooled separate investment funds according to the participant's election. Pooled separate investment funds are reported at fair value and the guaranteed interest account is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. MassMutual maintains the contributions as part of its general assets, primarily in investment-grade securities, commercial mortgages and other fixed-income instruments. The investment contract's return is determined by the declared interest rate, not by the investment performance of MassMutual's general assets.

Dosal Tobacco Corporation 401(k) Plan

Notes to Financial Statements

On a monthly basis, MassMutual's asset advisory group provides an interest rate forecast for the coming month based on the investments underlying the contract. Based on these rates and the required margins, MassMutual declares a crediting rate for financial activity in the coming month. Interest is accrued daily and compounded quarterly. The average annual yield and crediting interest rate was 1.72% for 2021.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawals or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. As of December 31, 2021 and 2020, the value of the investment was \$1,978,653 and \$2,140,746, respectively.

MassMutual may terminate the contract with thirty days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, and Plan disqualification. Upon termination by MassMutual, a market value adjustment may apply.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Related Party and Party-In-Interest Transactions

Dosal Tobacco Corporation is the administrator of the Plan, and as such, executes the normal duties associated therewith. Cost incurred for audit, legal, and other administrative functions are paid by the Dosal Tobacco Corporation.

GWTC and MassMutual serve as the custodians of the Plan, and therefore, fees and expenses paid to the trustees qualify as party-in-interest transactions. Empower Retirement and MassMutual serve as the record-keepers of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. Tax Status

The Plan is exempt from income taxes under Internal Revenue Code (“Code”) Section 401(a) and accordingly, generally would not incur income taxes or have any unrecognized tax benefits. The Plan has adopted a pre-approved non-standardized pre-approved profit-sharing plan with cash or deferral arrangements, which obtained an Internal Revenue Service (“IRS”) letter dated June 30, 2020, in which the IRS stated that the Plan was acceptable under provisions of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. As a result, the financial statements do not reflect a provision for income taxes.

U.S. GAAP requires Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through December 5, 2022, which is the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was restated to comply with legislative and regulatory changes.
