INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of The Dorschel Group Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Dorschel Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits in liquidation as of April 5, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 ended April 5, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Dorschel Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of April 5, 2022 and December 31, 2021 and for the period from January 1, 2023 ended April 5, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Dorschel Group Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Dorschel Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Dorschel Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Dorschel Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, The Dorschel Group Retirement Plan was terminated as of April 5, 2022 and the financial statements were reported under the liquidation basis of accounting and were paid to participants by that date. Our opinion is not modified with respect to this matter.

THE DORSCHEL GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 5, 2022 AND DECEMBER 31, 2021

1. DESCRIPTION OF PLAN

The following description of The Dorschel Group Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General -

The Plan was established on December 31, 1953. The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of The Dorschel Group and a certain affiliated entity (collectively, the “Company”) who are at least eighteen years of age. Eligible employees are permitted to make elective deferrals and receive Company non-discretionary matching contributions immediately upon hire. Participants are eligible for any discretionary non-elective Company contributions as long as they are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

In June 2021, the Company’s auto dealer and franchise operations were sold to the Bob Johnson Group. As of the date of the sale, affected plan participants were no longer eligible to make participant deferrals into the Plan. Terminated plan participants were immediately eligible to rollover their participant account balances to the Bob Johnson Group Retirement Savings Plan, to an IRA rollover, or take a lump sum distribution.

In November 2021, the Company initiated the process to terminate the Plan and distribute assets to the beneficiaries. All assets were distributed to participants as of April 5, 2022.

Administration -

The Company served as Plan administrator (the “Administrator”) and is solely responsible for the general administration of the Plan and carrying out Plan provisions.

Fidelity Management Trust Company (“FMTC”) served as the trustee of the Plan and custodian of Plan assets. Fidelity Workplace Services LLC, acting as an agent for FMTC, provided third-party recordkeeping services for the Plan. Alesco Advisors, LLC provided investment advisory services to the Plan.

Contributions -

Due to the Company sale and the imminent termination of the Plan, no contributions were made to the Plan during the period from January 1, 2022 ended April 5, 2022.

Participant accounts -

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Each participant's account is credited with the participant's contributions and Company non-discretionary matching contributions, as well as allocations of the Company's discretionary non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants were 100% vested in the Company contributions as a result of the sale of the Company.

Investment options -

Participants directed the investment of their account into various investment options offered by the Plan. The Plan offered a number of investment options including mutual funds and the Wells Fargo Stable Value Fund (the "collective trust") as selected by the Administrator.

Notes receivable from participants -

Participants were allowed to borrow up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Note repayment terms range up to a maximum of five years, unless used for the purpose of purchasing a participant's principal residence, with interest generally at the prime rate at time of loan issuance plus 3% and are collateralized by the individual participant's account. Principal and interest were paid ratably through payroll deductions.

Payment of benefits -

Amounts contributed through payroll deductions may be withdrawn by, or distributed to, a participant only upon termination of employment or attaining the age of 59 ½. Withdrawals prior to attaining the age of 59 ½ were not permitted, except in the event of retirement, qualified military leave, or as a hardship distribution. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or periodic installments.

If upon termination of service, a participant does not attain normal retirement age and the participant's vested account balance is greater than \$5,000, the participant may elect to receive a lump-sum amount, a series of installment payments, a direct rollover to a qualified plan under the Code, a direct rollover to a qualified Individual Retirement Account equal to the value of his or her vested account balance, or may elect to keep their investments in the Plan.

If the vested account balance is less than \$5,000, the balance was distributed to the participant as soon as administratively feasible. Such distributions greater than \$1,000 were rolled over to an individual retirement account designated by the Plan Administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The financial statements of the Plan have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). No adjustments to fair value measurements were required as a result of the application of this basis of accounting for the period from January 1, 2022 ended April 5, 2022.

Use of estimates -

The preparation of financial statements in conformity with GAAP requires the Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan’s valuation policies utilizing information provided by FMTC. See Note 4 for a discussion of fair value measurements.

Investment income is recorded by the Plan as earned. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits in liquidation includes the Plan’s gains and losses on investments bought and sold.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. If a participant ceases to make loan repayments and the Administrator deems the participant note receivable to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits -

Benefit payments to participants are recorded when paid.

Expenses -

Certain expenses of maintaining the Plan, including legal, investment advisory, and audit fees were paid directly by the Company and are excluded from these financial statements.

Administrative expenses include third-party recordkeeping and trustee fees. Participants are also charged administrative expenses for specific transactions within the Plan. Administrative expenses charged to the Plan totaled \$56 for the period ended April 5, 2022.

Investment related expenses are included in net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits in liquidation.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by, or derived from, information provided by FMTC and furnished to the Administrator.

The Administrator has obtained certification from FMTC that the information below is complete and accurate as of April 5, 2022 and December 31, 2021 and for the period from January 1, 2022 ended April 5, 2022:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ -	\$6,451,002
Collective trust	-	119,481
Notes receivable from participants	-	15,693
Net depreciation in fair value of investments	(361,790)	
Interest and dividend income	260	
Interest income on notes receivable from participants	241	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in valuation methodologies.

Mutual funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is derived from the quoted prices in active markets of the underlying investments. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission.

Collective trust: The Plan uses NAV as a practical expedient to determine the fair value of the collective trust. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the collective trust is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Due to the termination, the Plan held no assets measured at fair value at April 5, 2022.

The fair value of investments measured on a recurring basis at December 31, 2021 is presented below:

	NAV practical expedient	Level 1	Total
Mutual funds	\$ -	\$6,451,002	\$6,451,002
Collective trust	119,481	-	119,481
	<u>\$119,481</u>	<u>\$6,451,002</u>	<u>\$6,570,483</u>

5. PARTY-IN-INTEREST TRANSACTIONS

FMTC served as trustee and custodian of the Plan's assets. All transactions between the Plan and FMTC, including the collective trust, qualified as exempt party-in-interest transactions. Transactions involving notes receivable from participants also qualified as exempt party-in-interest transactions.

6. TAX STATUS

The Company adopted a volume submitter defined contribution 401(k) and profit sharing plan sponsored by Fidelity Management and Research Company that received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008. The opinion letter stated that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements for the period from January 1, 2022 ended April 5, 2022.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

The Administrator has evaluated subsequent events through January 5, 2023, which is the date the accompanying financial statements were available to be issued.
