Independent Auditor's Report

The Plan Administrator
Community Health Centers, Inc.
403(b) Retirement Plan
Winter Garden, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Community Health Centers, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS.

For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of the Community Health Centers, Inc. (the Company or Employer) 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, originally effective January 1, 1992 and most recently amended September 1, 2021, is a defined contribution plan covering all eligible employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Participants become eligible to make elective salary deferrals immediately upon hire and receive Employer contributions upon completion of three months of service and attainment of age 18, effective January 1, 2019, and attainment of age 21 prior to that date. Employees that are considered per-diem, as defined by the Plan, are not eligible for participation.

Contributions

Upon becoming eligible to make salary deferrals under the Plan, a participant will be deemed to have entered into an automatic salary deferral election of 2% of Plan compensation, as defined, unless the participant elects a contrary salary deferral election. For 2021, the statutory maximum limit on contributions was \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to contribute an additional \$6,500 for 2021 as catch-up contributions. In addition, participants may also contribute amounts representing distributions from other qualified plans.

The Company may contribute a discretionary matching contribution equal to a percentage of the amount of the salary reduction the participant elected to defer. The Company elected not to make a discretionary match for the year ended December 31, 2021. The Company may also contribute a discretionary non-elective contribution. For the year ended December 31, 2021, the Company elected to contribute 2% of each eligible participant's annual Plan compensation.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have one loan outstanding at any given time. Interest rates are set at prime plus 1.0%, as published on the day the loan is originated, and have a maximum term of five years. The loans are collateralized by a security interest in the participant's vested account balance and are repayable via payroll deductions.

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances, while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. Employer matching and non-elective contributions vest as follows:

Years of Vesting Service	Vested (%)
Less than 1	-
1	33
2	66
3 or more	100

A participant will also be 100% vested in Employer contributions upon death, disability, or attainment of normal retirement age, as defined.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures can be used to reduce expenses paid by the Company or to reduce future Employer contributions. During the year ended December 31, 2021, \$159,903 of forfeitures were used to reduce Employer contributions. There was \$46,109 and \$100,473 of unallocated forfeitures at December 31, 2021 and 2020, respectively.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, if the participant's vested account balance does not exceed \$5,000, the participant may elect to receive the vested account balance in a single lump-sum payment or roll over the distribution to an IRA or another retirement plan. If the vested account balance is less than \$1,000 and the participant does not make an election, the Plan automatically will roll over the distribution to an IRA. If the vested balance exceeds \$5,000, the participant may elect to receive a distribution in a single lump-sum payment. Hardship withdrawals may be requested and are paid in one lump-sum upon approval. In-service distributions may be made to participants who have attained age 59½.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction fees for loan issuances and distributions are charged directly to the

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Qualifying Institutions

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year), which was certified by Voya Retirement Insurance and Annuity Company (Voya) as of December 31, 2021 and 2020 and for the year ended December 31, 2021, and by Principal Life Insurance Company (Principal) as of December 31, 2021 and for the period from September 1, 2020 through December 31, 2021, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 19,167,381	\$ 21,534,834
Investments, at contract value	5,488,087	690,508
Notes receivable from participants	326,507	323,959

Year ended December 31, 2021

Net appreciation in fair value of investments	\$ 2,358,689
Dividends and interest	593,205
Interest on guaranteed investment contracts	29,556
Interest income on notes receivable from participants	15,520

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds - These assets are valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual Funds , measured at fair value	\$ 19,167,381	\$ -	\$ -	\$ 19,167,381

December 31, 2020

	Fair Value Measurements Using			Total Fair Value
	Level 1	Level 2	Level 3	
Mutual Funds , measured at fair value	\$ 21,534,834	\$ -	\$ -	\$ 21,534,834

5. Guaranteed Investment Contracts

The Plan invests in the Voya Fixed Plus Account III (Fixed Account), which is considered to be fully benefit-responsive. The primary objective of the Fixed Account is stability of principal. Voya maintains the contributions governed by the contract in a general account that is managed by Voya. Voya may impose restrictions on the ability to move Plan assets into or out of this investment option or among investment options in general under the contract. The minimum guaranteed interest rate on the contract is 1.0%.

The Plan invests in the Principal Fixed Income Guaranteed option, which is a guaranteed general-account backed group annuity contract and is considered to be fully benefit-responsive. Principal maintains the contributions governed by the contract in a general account that is managed by Principal. Principal may impose restrictions on the ability to move Plan assets into or out of this

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

investment option or among investment options in general under the contract. The minimum guaranteed interest rate on the contract is 1.55%.

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure attribute for fully benefit-responsive investment contracts, because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the Plan's ability to transact at contract value with participants.

6. Tax Status

The Plan is based on a Volume Submitter 403(b) Plan (the Volume Submitter Plan). The IRS ruled on May 4, 2015 that the Volume Submitter Plan qualifies under Section 403(b) of the IRC under the volume submitter program, and the related trust is, therefore, not subject to tax under the present income tax law. The Plan has been amended since receiving the ruling. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest and Related Party Transactions

Certain Plan investments are held and managed by Voya and Principal. Transactions related to these investments qualify as party-in-interest transactions. Administrative expenses paid to the Plan's trustee and investment advisor totaled \$100,115 for the year ended December 31, 2021. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Community Health Centers, Inc. 403(b) Retirement Plan

Notes to Financial Statements

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

10. Concentrations

Two investments comprised 13% and 10% of net assets available for benefits as of December 31, 2021.

11. Subsequent Events

The Plan has evaluated events from the date of the statements of net assets available for benefits through January 10, 2023, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified that require recognition or disclosure in the financial statements, except as follows:

Effective March 15, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document of the Principal Life Insurance Company, which received an opinion letter from the Internal Review Service (IRS) dated March 31, 2017 stating that the restated pre-approved plan document was in compliance with applicable requirements of the Internal Review Code (IRC).
