Independent Auditor's Report

Trustees
Michael Stapleton Associates, Ltd. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 and 2021 Financial Statements

We have performed an audit of the financial statements of Michael Stapleton Associates, Ltd. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 19, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to April 19, 2022, and for the year ended December 31, 2021, and the related notes to the financial statements (2022 and 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 and 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 19, 2022 and for the period January 1, 2022 to April 19, 2022, and as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 and 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 financial statements section:

- The amounts and disclosures in the accompanying 2022 and 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 and 2021 financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 and 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis

As discussed in Note 6 to the financial statements, the Board of Directors of the Company voted on September 10, 2021, to terminate the Plan effective October 21, 2021, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2020 financial statements to the liquidation basis of accounting used in presenting the 2021 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 and 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 and 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 and 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i—schedule of assets (held as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Michael Stapleton Associates, Ltd. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Michael Stapleton Associates, Ltd. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Michael Stapleton Associates, Ltd. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was acquired by Allied Universal on October 26, 2021. Effective October 21, 2021, the Plan was terminated. See Note 6.

Plan sponsor management communicated the pending Plan termination to participants in September 2021 and fully vested all participants effective October 21, 2021. As such, management determined that the liquidation of the Plan was imminent. Therefore, the Plan's 2022 and 2021 financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification 205, Presentation of Financial Statements: Liquidation Basis of Accounting. Final distributions were completed by April 19, 2022.

Eligibility: An employee is eligible to participate in the Plan upon attainment of age 21 and upon completion of three months of service. The Plan excludes employees covered by a collective bargaining agreement and nonresident aliens.

Contributions: Eligible participants may elect to contribute to the Plan up to the maximum allowable under the Internal Revenue Code (the Code), which is \$19,500 for the year ended December 31, 2021. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to a maximum amount permitted by the Code of \$6,500 for the year ended December 31, 2021. A participant may make a rollover contribution to the Plan of amounts which he or she received from other qualified plans.

For the year ended December 31, 2021, the Company made discretionary employer matching contributions of 50% of the first 5% of employee deferrals up to a maximum of 2.5%. The Company may decide to make additional discretionary contributions to the Plan, although the Company is not required to do so. No such additional discretionary contributions were made during the year ended December 31, 2021.

The final participant and employer contributions to the Plan were processed on the October 15, 2021 pay date. After that date, contributions to the Plan ceased. See Note 6.

The Plan includes a Roth 401(k) contribution option which allows participants to contribute after-tax dollars into a Roth 401(k) account within the Plan, and allows for tax-free earnings on those contributions if subsequent distributions are qualified under the Code.

Participants may elect to have their contributions and matching contributions invested in a variety of investment funds. Participants may change their investment allocation daily and may change their contribution percentage on a pay period basis. The Plan currently offers mutual funds as investment options for participants.

Participant accounts: Each participant's account is credited with: (a) the participant's contributions and company matching contributions, (b) an allocation of the Plan earnings, and (c) an allocation of forfeitures of terminated participants' non-vested account balances. Allocations are based on participants' account balances, as defined in the Trust indenture.

Michael Stapleton Associates, Ltd. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately fully vested in their deferral contributions and rollover amounts plus actual earnings thereon. The Company's matching and discretionary contributions are fully vested after three years of credited service. As a result of the Plan termination, participants became 100% vested in their matching and discretionary contribution balances effective October 21, 2021.

Forfeited accounts: At April 19, 2022, December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$0, \$5,300 and \$40,200, respectively. In the case of forfeitures, amounts may be used to pay administrative expenses or reduce the contributions of the Company. Forfeitures in the amount of \$5,300 and \$58,345, respectively, were used during the period from January 1, 2022 to April 19, 2022, and the year ended December 31, 2021, to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the fixed rate of the prime rate plus one percent, and are repaid over a period up to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to ten years). Principal and interest is paid ratably through periodic payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

Payment of benefits: On termination of service due to death, total permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in installment payments over a period not to exceed the life expectancy of the participant of the joint and last survivor.

In-service withdrawals of all or a portion of a participant's deferral contributions amount may be made by participants who have reached 59½. In addition, in-service withdrawals of vested amounts attributable to funds merged into this Plan from the Michael Stapleton Associates, Ltd. Employee Stock Ownership Plan are available to all participants regardless of age at the withdrawal dates specified in the Plan document.

Hardship withdrawals are permitted in cases of immediate and heavy financial need as defined in the Plan document. Minimum required distributions for participants also apply in accordance with Internal Revenue Service (IRS) regulations.

In connection with the Plan termination, participants were required to take a total distribution. Participants were able to elect a cash out or a rollover to an IRA. For participants that did not make an election by February 28, 2022, any account balances remaining were rolled into an IRA.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The Plan's financial statements have been prepared on the liquidation basis of accounting for the period from January 1, 2022 to April 19, 2022 and the year ended December 31, 2021, and on the going concern basis of accounting for the year ended December 31, 2020.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: All investments in the Statement of Net Assets Available for Benefits (Liquidation Basis) at April 19, 2022 and December 31, 2021 are reported at liquidation value due to the Plan termination discussed in Note 1. For all investments, fair value approximates the amount the Plan expects to collect at liquidation. All investments in the Statement of Net Assets Available for Benefits (Going Concern Basis) at December 31, 2020, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and period.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon terms of the Plan document.

Subsequent events: The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Custodian)

The following is a summary of the Plan's asset information as of April 19, 2022, December 31, 2021 and 2020, and for the period from January 1, 2022 to April 19, 2022, and the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	April 19, 2022	December 31, 2021	December 31, 2020
Investments:			
Mutual funds, at fair value	\$ -	\$ 16,178,880	\$ 34,284,886
Notes receivable from participants	-	294,075	587,046
Total	\$ -	\$ 16,472,955	\$ 34,871,932

Fidelity also certified to the completeness and accuracy of \$(884,239) of net depreciation in fair value of investments and \$13,904 of dividends and interest (\$9,842 and \$4,062 from investments and notes receivable from participants, respectively) for the period from January 1, 2022 to April 19, 2022, and completeness and accuracy of \$3,657,348 of net appreciation in fair value of investments and \$926,636 of dividends and interest (\$897,852 and \$28,784 from investments and notes receivable from participants, respectively) for the year ended December 31, 2021.

Note 4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at April 19, 2022, December 31, 2021 or 2020.

Mutual funds (registered investment companies): Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange-traded equity securities, mutual funds and U.S. Treasury Bonds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,178,880	\$ -	\$ -	\$ 16,178,880
Total assets at fair value	<u>\$ 16,178,880</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,178,880</u>

Description	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 34,284,886	\$ -	\$ -	\$ 34,284,886
Total assets at fair value	<u>\$ 34,284,886</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 34,284,886</u>

Note 5. Tax Status

The Plan has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the IRC. However, as permitted by Revenue Procedure 2016-6, the Company has elected to rely on the favorable advisory letter issued on June 30, 2020, to the non-standardized pre-approved plan provider, Fidelity Management & Research (FMR LLC). In addition, the Plan Administrator believes that the Plan is qualified and, therefore, the related trust is exempt from taxation.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of April 19, 2022, December 31, 2021 and 2020, and for the period from January 1, 2022 to April 19, 2022, and the year ended December 31, 2021.

Note 6. Plan Termination

As discussed in Note 1, the Company executed an Agreement and Plan of Merger on September 8, 2021 to be acquired by Allied Universal effective October 26, 2021. The Board of Directors of the Company voted on September 10, 2021 to terminate the Plan effective October 21, 2021. After that date, no further contributions were made to the Plan. Participants became 100% vested in their employer contributions. All of the Plan assets were distributed, as elected by each participant, by April 19, 2022.

Note 7. Exempt Party-In-Interest Transactions

Certain investments of the Plan are shares of mutual funds offered through Fidelity. Fidelity is the custodian, as defined by the Plan and, therefore, qualifies as a permitted party in interest, as defined by ERISA. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements.

These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the Code and the rules of prohibited transactions of ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
