Independent Auditor's Report

To the Board of Trustees
Resource Systems Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Resource Systems Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i): Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Resource Systems Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Resource Systems Group, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution safe harbor 401(k) and profit sharing plan formed on December 1, 2005, and amended and restated effective January 1, 2016, covering all employees of Resource Systems Group, Inc. (the Company or the Plan Sponsor). All permanent employees who have reached 21 years of age are eligible to participate in the Plan as of their date of hire. Temporary employees who are 21 years of age and have worked at least 1,000 hours within a 12-month period commencing with their hire date are also eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective May 1, 2020 to include a traditional Automatic Contribution Arrangement (ACA) for all employees who become eligible after May 1, 2020. The Plan was restated effective January 1, 2022 to bring the Plan into compliance with legislative and regulatory changes and to clarify the funding policy and method.

Contributions: Participants may contribute up to 100% of their compensation, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe harbor matching contributions and may also make discretionary matching and discretionary employer non-elective profit sharing contributions, as defined by the Plan. All participants are eligible to receive safe harbor matching contributions. Participants must be employed on the last working day of a Plan year and have accumulated at least six months of service to be eligible for an allocation of the Company's discretionary employer non-elective profit sharing contributions for such year. Contributions are subject to certain limitations under the Internal Revenue Code (IRC). The ACA provisions will automatically withhold 5% of compensation unless the employee opts out or selects another amount. There are no automatic escalations.

The Company makes safe harbor matching contributions of 100% of the first 3% of employees' contributions and 50% of the next 2% of employees' contributions, up to a maximum of 4% of compensation. The Company made no additional discretionary matching or non-elective profit sharing contributions in 2021 or 2020.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contributions, and allocations of the Company's discretionary non-elective profit sharing contributions and Plan earnings, net of investment fees. Allocations of the Company's discretionary non-elective profit sharing contributions are based on a participant's eligible compensation relative to total eligible compensation, as defined by the Plan. Allocations of Plan earnings are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions plus actual earnings thereon.

Resource Systems Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (continued)

Payment of benefits: Benefits are distributed under the Plan based on the normal retirement date (age 65), disability, death, hardship, or the termination of employment of the participant. Terminated participants with account balances below \$1,000 are subject to mandatory cash-outs. Participants who have reached the age of 59½ are eligible to receive in-service distributions. A participant may elect to receive a lump sum distribution equal to the value of his or her account or may elect to receive installments for a specified term. During 2020, the Plan elected an optional change available through the Coronavirus Aid, Relief, and Economic Security Act. Effective for all of 2020, this change allowed penalty-free distributions of up to \$100,000 to participants who self-certified that they were adversely impacted by the coronavirus (see Note 2).

Forfeitures: Under the Plan, forfeitures of participants' nonvested accounts are used to pay Plan expenses first. After the payment of Plan expenses, forfeitures of the Company's discretionary non-elective profit sharing contributions are re-allocated to participants, and forfeitures of the Company's matching contributions are used to reduce employer matching contributions, as defined. Amounts forfeited were \$76 in 2021 and \$0 in 2020. Forfeitures used to reduce Plan expenses were \$0 in 2021 and 2020. Forfeitures of \$177 are available to reduce future expenses or employer contributions at December 31, 2021.

Notes receivable from participants: Participants may borrow from a minimum of \$1,000 up to 50% of their vested account balance, provided the loan does not exceed \$50,000. Participants are permitted one outstanding loan. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest are paid ratably through semimonthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Plan expenses: Certain administrative costs of the Plan are paid by the Plan Sponsor. Certain investment fees are paid by the Plan; such fees are presented net within the net appreciation in fair value of investments.

Payment of benefits: Benefits are recorded when paid.

Resource Systems Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties:

General economic conditions: On January 30, 2020, the World Health Organization (WHO) declared the coronavirus outbreak a Public Health Emergency of International Concern, and on March 10, 2020, WHO declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan holds investments. While it is unknown how long these conditions will last and what the complete financial effect will be on the Plan, the Plan has not experienced any significant decline in investment values during 2021 and is expecting no significant declines in the short term as a result of the pandemic.

Plan-related risks: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events through January 17, 2023, the date the financial statements were available to be issued.

Resource Systems Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Ascensus

The following is a summary of the Plan's information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by, or derived from information provided by, Ascensus, as agent for Ascensus Trust Company, the qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the qualified institution that information provided to the Plan Administrator by the qualified institution related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following as of and for the years ended December 31:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 24,252,316	\$ 22,806,510
Notes receivable from participants	\$ 1,053	\$ 14,678
Interest and dividends	\$ 420,422	\$ 357,888
Net appreciation in fair value of investments	\$ 2,776,021	\$ 2,520,067
Interest income on notes receivable from participants	\$ 114	\$ 740

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Resource Systems Group, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (continued)

Level 3: Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are Level 1 investments.

Note 5. Tax Status

Effective January 1, 2016, the Plan has adopted a nonstandardized pre-approved profit sharing plan sponsored by Crowe Horwath LLP. The prototype plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

In 2020, the Company downsized its workforce in response to conditions caused by the pandemic (see Note 2), which resulted in a partial termination. Because all Plan participants are 100% vested in their accounts (see Note 1), there was no impact on the Plan or any of its participants.

Note 7. Related-Party Transactions

The Company pays certain administrative costs of the Plan, as described in Note 2.
