Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: MAZARS USA LLP

(2) EIN: 13-1459550

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. - 14** Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment).....

14a

b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14b

c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....

14c

- 15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year.....

15a

b The corresponding number for the second preceding plan year.....

15b

- 16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year.....

16a

b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....

16b

- 17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

- 18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

- 19** If the total number of participants is 1,000 or more, complete lines (a) through (c)

a Enter the percentage of plan assets held as:

Stock: _____% Investment-Grade Debt: _____% High-Yield Debt: _____% Real Estate: _____% Other: _____%

b Provide the average duration of the combined investment-grade and high-yield debt:

☐ 0-3 years ☐ 3-6 years ☐ 6-9 years ☐ 9-12 years ☐ 12-15 years ☐ 15-18 years ☐ 18-21 years ☐ 21 years or more

c What duration measure was used to calculate line 19(b)?

☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify): _____

- 20 PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation _____

Walworth, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Novares US Engine Components, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Novares US Engine Components, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novares US Engine Components, Inc. 401(k) Savings Plan's ability to continue as a going concern from one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novares US Engine Components, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novares US Engine Components, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Novares US Engine Components, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Novares US Engine Components, Inc. 401(k) Savings Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Description of the Plan

The following description of the Novares US Engine Components, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Safe Harbor defined-contribution plan covering all employees of Novares US Engine Components, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the plan sponsor. Fidelity Management Trust Company (the "Trustee") serves as the trustee and third-party administrator of the Plan. All investments are self-directed by Plan participants. The Plan was established on June 1, 1989, and amended and restated effective September 30, 2021.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management evaluated the relief provisions related to notes receivable from participants and distributions. These amendments have not been formally adopted as of the date of the financial statements. Management will formally retroactively amend the Plan prior to the statutory deadline of the last day of the plan year beginning on January 1, 2025.

Eligibility

Active employees who are age 19 or older become eligible to enter the Plan on the first day of the month following their month of hire. On the date an employee becomes eligible to participate, they are automatically enrolled with a 3% wage deferral unless the employee specifically waives participation and will receive an automatic 1% increase in their deferral rate on January 4th of each plan year, up to a maximum of 6%. Participants that elect to contribute more than the 6% threshold are not eligible for this annual increase.

Contributions

Employees may contribute through payroll deductions up to 60% of their annual compensation, but not more than the Internal Revenue Code ("IRC") imposed limit established each year. Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company is required to make Safe Harbor matching contributions for eligible participants equal to 100% of the participant's total deferral contributions that do not exceed 4% of the participant's eligible compensation.

The Company, at its discretion, may make matching contributions for eligible participants as further defined in the plan document. For the year ended December 31, 2021, no discretionary matching contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions and allocations of plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the vested portion of the participant's account. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their contributions and all of the Company contributions, plus actual earnings thereon.

Novares US Engine Components, Inc. 401(k) Savings Plan

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or longer if the proceeds are used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the Plan Administrator. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. As of December 31, 2021, the interest rates on the outstanding loans ranged from 4.25% to 6.50% per annum. Principal and interest are paid ratably through payroll deductions.

In accordance with the revised terms, there was an increase to the maximum permitted loan up to \$100,000 and participants were able to suspend loan repayments until at least January 1, 2021, with continued interest accrual.

Withdrawals

In the event of retirement (as defined), death, permanent disability, termination of employment, or financial hardship (as defined), the vested balances in a participant's account may be distributed to the participant or the participant's beneficiaries in a lump sum or through payments in such other forms as may be available under the Plan.

For the period from January 1, 2020, and ending December 31, 2020, participants were able to obtain coronavirus-related distributions of up to \$100,000 not to exceed 100% of their vested account balance. Participants were eligible to receive distributions under this provision if they met one of the qualifications as defined in the plan document.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,045 and \$1,737, respectively. The account is available to be used to pay Plan expenses and to reduce future employer contributions. During the years ended December 31, 2021 and 2020, approximately \$759 and \$556, respectively were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Plan recordkeeping, administrative, and consulting fees are allocated to participant accounts based on account balances. Participant-specific fees such as loan processing fees are charged directly to the appropriate participant account. All other expenses are paid by the Company.

Novares US Engine Components, Inc. 401(k) Savings Plan

3. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

	2021	2020
Mutual funds	\$ 64,517,452	\$ 62,386,210
Common collective trust fund	1,774,714	1,290,784
Notes receivable from participants	681,436	1,051,045
Net appreciation in fair value of investments	\$ 6,433,269	
Interest and dividend income	2,741,033	
Interest income on notes receivable from participants	49,157	

4. Fair Value Measurement

The Financial Accounting Standards Board's Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

- Shares of mutual funds are valued using quoted market prices in an active market.
- Common collective trust funds are stated at fair value, which is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the trust. The common collective trust fund invests primarily in fixed income securities and shares of money market funds. The common collective trusts do not have unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Novares US Engine Components, Inc. 401(k) Savings Plan

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020:

	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 64,517,452	\$ -	\$ -	\$ 64,517,452
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,774,714
Total investments at fair value	\$ 64,517,452	\$ -	\$ -	\$ 66,292,166

	2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 62,386,210	\$ -	\$ -	\$ 62,386,210
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,290,784
Total investments at fair value	\$ 62,386,210	\$ -	\$ -	\$ 63,676,994

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020, that the Plan was designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the Internal Revenue Code ("IRC").

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management and its tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of both December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management and its tax counsel believe it is no longer subject to income tax examinations for years prior to 2018.

Novares US Engine Components, Inc. 401(k) Savings Plan

7. Risks and Uncertainties

The Plan invests in funds that invest in investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments securities, could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

8. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common/collective trust managed or issued by Fidelity Management Trust Company ("the Trustee"). Additionally, administrative expenses are paid by the Plan to Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of \$63,019 were paid by the Plan to the Trustee for the year ended December 31, 2021. Participant loans are considered to be permitted party-in interest transactions. The Plan also paid Private Advisor Group, LLC, investment advisors, fees out of the plan totaling \$158,344 for the year ended December 31, 2021.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 67,029,339	\$ 64,773,381
Employer contributions receivable	(55,737)	(45,342)
Net assets available for benefits per the Form 5500	<u>\$ 66,973,602</u>	<u>\$ 64,728,039</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2021:

	2021
Net increase in net assets available for benefits per the financial statements	\$ 2,255,958
Change in employer contributions receivable	(10,395)
Increase in net assets available for benefits per the Form 5500	<u>\$ 2,245,563</u>

10. Subsequent Events

The Plan has evaluated subsequent events through January 16, 2023, which is the date the financial statements were available to be issued.

Walworth, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Novares US Engine Components, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Novares US Engine Components, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Novares US Engine Components, Inc. 401(k) Savings Plan's ability to continue as a going concern from one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Novares US Engine Components, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Novares US Engine Components, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Novares US Engine Components, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Novares US Engine Components, Inc. 401(k) Savings Plan

Notes to Financial Statements Years Ended December 31, 2021 and 2020

1. Description of the Plan

The following description of the Novares US Engine Components, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a Safe Harbor defined-contribution plan covering all employees of Novares US Engine Components, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the plan sponsor. Fidelity Management Trust Company (the "Trustee") serves as the trustee and third-party administrator of the Plan. All investments are self-directed by Plan participants. The Plan was established on June 1, 1989, and amended and restated effective September 30, 2021.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management evaluated the relief provisions related to notes receivable from participants and distributions. These amendments have not been formally adopted as of the date of the financial statements. Management will formally retroactively amend the Plan prior to the statutory deadline of the last day of the plan year beginning on January 1, 2025.

Eligibility

Active employees who are age 19 or older become eligible to enter the Plan on the first day of the month following their month of hire. On the date an employee becomes eligible to participate, they are automatically enrolled with a 3% wage deferral unless the employee specifically waives participation and will receive an automatic 1% increase in their deferral rate on January 4th of each plan year, up to a maximum of 6%. Participants that elect to contribute more than the 6% threshold are not eligible for this annual increase.

Contributions

Employees may contribute through payroll deductions up to 60% of their annual compensation, but not more than the Internal Revenue Code ("IRC") imposed limit established each year. Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

The Company is required to make Safe Harbor matching contributions for eligible participants equal to 100% of the participant's total deferral contributions that do not exceed 4% of the participant's eligible compensation.

The Company, at its discretion, may make matching contributions for eligible participants as further defined in the plan document. For the year ended December 31, 2021, no discretionary matching contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions and allocations of plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the vested portion of the participant's account. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their contributions and all of the Company contributions, plus actual earnings thereon.

Novares US Engine Components, Inc. 401(k) Savings Plan

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or longer if the proceeds are used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the Plan Administrator. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. As of December 31, 2021, the interest rates on the outstanding loans ranged from 4.25% to 6.50% per annum. Principal and interest are paid ratably through payroll deductions.

In accordance with the revised terms, there was an increase to the maximum permitted loan up to \$100,000 and participants were able to suspend loan repayments until at least January 1, 2021, with continued interest accrual.

Withdrawals

In the event of retirement (as defined), death, permanent disability, termination of employment, or financial hardship (as defined), the vested balances in a participant's account may be distributed to the participant or the participant's beneficiaries in a lump sum or through payments in such other forms as may be available under the Plan.

For the period from January 1, 2020, and ending December 31, 2020, participants were able to obtain coronavirus-related distributions of up to \$100,000 not to exceed 100% of their vested account balance. Participants were eligible to receive distributions under this provision if they met one of the qualifications as defined in the plan document.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,045 and \$1,737, respectively. The account is available to be used to pay Plan expenses and to reduce future employer contributions. During the years ended December 31, 2021 and 2020, approximately \$759 and \$556, respectively were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Plan recordkeeping, administrative, and consulting fees are allocated to participant accounts based on account balances. Participant-specific fees such as loan processing fees are charged directly to the appropriate participant account. All other expenses are paid by the Company.

Novares US Engine Components, Inc. 401(k) Savings Plan

3. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

	2021	2020
Mutual funds	\$ 64,517,452	\$ 62,386,210
Common collective trust fund	1,774,714	1,290,784
Notes receivable from participants	681,436	1,051,045
Net appreciation in fair value of investments	\$ 6,433,269	
Interest and dividend income	2,741,033	
Interest income on notes receivable from participants	49,157	

4. Fair Value Measurement

The Financial Accounting Standards Board's Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

- Shares of mutual funds are valued using quoted market prices in an active market.
- Common collective trust funds are stated at fair value, which is determined by the trustee of the common collective trust based on the underlying assets, which represent the net asset value of units held by the trust. The common collective trust fund invests primarily in fixed income securities and shares of money market funds. The common collective trusts do not have unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Novares US Engine Components, Inc. 401(k) Savings Plan

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020:

	2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 64,517,452	\$ -	\$ -	\$ 64,517,452
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,774,714
Total investments at fair value	\$ 64,517,452	\$ -	\$ -	\$ 66,292,166

	2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 62,386,210	\$ -	\$ -	\$ 62,386,210
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,290,784
Total investments at fair value	\$ 62,386,210	\$ -	\$ -	\$ 63,676,994

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020, that the Plan was designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the Internal Revenue Code ("IRC").

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management and its tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of both December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management and its tax counsel believe it is no longer subject to income tax examinations for years prior to 2018.

Novares US Engine Components, Inc. 401(k) Savings Plan

7. Risks and Uncertainties

The Plan invests in funds that invest in investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments securities, could occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

8. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and common/collective trust managed or issued by Fidelity Management Trust Company ("the Trustee"). Additionally, administrative expenses are paid by the Plan to Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of \$63,019 were paid by the Plan to the Trustee for the year ended December 31, 2021. Participant loans are considered to be permitted party-in interest transactions. The Plan also paid Private Advisor Group, LLC, investment advisors, fees out of the plan totaling \$158,344 for the year ended December 31, 2021.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	\$ 67,029,339	\$ 64,773,381
Employer contributions receivable	(55,737)	(45,342)
Net assets available for benefits per the Form 5500	<u>\$ 66,973,602</u>	<u>\$ 64,728,039</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2021:

	2021
Net increase in net assets available for benefits per the financial statements	\$ 2,255,958
Change in employer contributions receivable	(10,395)
Increase in net assets available for benefits per the Form 5500	<u>\$ 2,245,563</u>

10. Subsequent Events

The Plan has evaluated subsequent events through January 16, 2023, which is the date the financial statements were available to be issued.
