INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Employee Benefits Committee
W. W. Norton & Company, Inc. Profit Sharing & 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the W. W. Norton & Company, Inc. Profit Sharing & 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the W. W. Norton & Company, Inc. Profit Sharing & 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

W.W. NORTON & COMPANY, INC.
PROFIT SHARING & 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
March 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

Plan and Merger: The W.W. Norton & Company, Inc. Profit Sharing & 401(k) Plan (the "Plan") was originally established April 1, 1987 as a 401(k) plan and has since been restated and amended as required complying with current requirements of the Internal Revenue Code. Effective on December 1, 2012, W.W. Norton & Company, Inc. (the "Company") merged its profit sharing plan with the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a contributory, defined contribution profit sharing and 401(k) plan available to qualifying employees of the Company, National Book Company, Inc., W.W. Norton, Inc., and Liveright Publishing Corporation, Inc. (the "Companies"). The Company is the Plan administrator. All employees are not subject to age or service requirements and are eligible to contribute to the Plan and receive employer match contributions provided they are not a member of certain excluded groups (principally, leased, and interns) and are not covered by a collective bargaining agreement. Effective October 20, 2021, interns who are 21 years old may contribute to the Plan once they have completed 1,000 hours of service. Effective March 1, 2022, part-time employees who are 21 years old may contribute to the Plan once they have completed 1,000 hours of service. Participants in the Plan become eligible for a profit sharing contribution upon completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant 401(k) Contributions: Participants may contribute up to 60% of their annual eligible compensation on a pretax or post-tax (Roth deferral) basis, as defined, up to the maximum allowable under the Internal Revenue Code to their 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon proper notice and approval and subject to provisions in the Plan, participants may make additional deferral contributions in amounts up to 100% of their effectively available compensation for certain employer designated payroll periods and also, may make deferral contributions in an amount up to 100% of any employer paid cash bonuses so designated by the employer.

The Companies may make a basic matching employer contribution on behalf of each participant in an amount equal to the percentage declared by the company Board of Directors. For the calendar years 2022 and 2021, the Companies matched participant 401(k) contributions to the Plan at 100% up to \$4,800. New employees of the Company may roll over their benefits formerly accumulated under a different plan into the trust.

Profit Sharing Contributions: Employer contributions to the Plan are made at the discretion of the employer's Board of Directors, subject to defined limits, and may be discontinued at any time. In general, contributions are allocated among participant accounts in the ratio which each member's annual compensation bears to the total annual compensation. During the years ended March 31, 2022 and 2021, the Company made a \$2,000,000 and \$5,000,000, respectively, profit sharing contribution to the Plan.

Participant Accounts – 401(k) and Profit Sharing: The 401(k) and Profit-Sharing balances are maintained, separately, in self-directed accounts with Fidelity Management Trust Company ("Fidelity"). The accounts are credited with the appropriate participant's contributions, the company discretionary 401(k) match, the company profit sharing contribution, forfeitures and allocations of the Plan earnings. Allocations are based upon participant earnings or account balances, as defined. Net investment income or loss is allocated among the participants based on individual account balances. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participant accounts are debited, if applicable, for certain fees related to establishment and maintenance of loans and for maintenance of terminated participant accounts, as well as for his or her withdrawals and Plan losses.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting: Participants are vested in each as follows:

401(k): Participants are immediately 100% vested in their 401(k) contributions, including employers' discretionary matching contributions and income or loss thereon.

Profit Sharing: Participant account balances vest 20% at two years of service, as defined, and are 100% vested by their 6th year of service. Forfeitures of non-vested profit-sharing contributions are allocated in the same manner as contributions. Participants are 100% vested in their profit-sharing account balance in the event of normal retirement, disability, or death.

Notes Receivable from Participants: Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prevailing rate. The interest rate on the notes receivable is 4.25% as of March 31, 2022 and 2021. The loans are repaid through payroll deductions over a period of five years or less unless the loan is for the purchase of a principal residence, which is repaid over a period of ten years.

Payment of Benefits: Normal retirement is age 65 with provisions for early retirement upon reaching age 55 and having 10 years of vested service. Participants may make withdrawals prior to termination of employment for hardship or after they have reached age 59-1/2 or upon termination of service, due to death, disability or retirement. For any reason, distributions of benefits are made in accordance with the Plan document.

Forfeited Accounts: Forfeited non-vested profit sharing accounts can be used to pay administrative expenses. Any portion of forfeitures not used to pay administrative expenses is allocated among the accounts of eligible Participants otherwise eligible to receive a profit sharing contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Substantially all administrative expenses of the Plan are paid by the Company.

Subsequent Events: The Plan has evaluated subsequent events through January 13, 2023, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at March 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended March 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the trustee of the Plan.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments are shares of mutual funds managed by Fidelity Investments, an affiliate of Fidelity, and therefore, these transactions qualify as party-in-interest transactions. Fidelity also receives investment management fees from the mutual fund investments which are reflected as an offset to investment income from investments. These expenses as well as any directly paid for by the Plan reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 (FASB ASC 820), "*Fair Value Measurements*", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include - Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs for other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for assets held as of March 31, 2022 and 2021.

Mutual funds: Investments in the various mutual funds, including those held within the self-directed brokerage option as of March 31, 2022 and 2021, are valued at quoted market prices on national securities exchanges.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2022 and 2021:

Fair Value Measurements as of March 31, 2022 Using

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants become 100 percent vested in their employer profit sharing contribution account.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the Plan, as designed, is in compliance with applicable requirements of the Internal Revenue Code. Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In August 2020, the Plan Sponsor was notified by the Internal Revenue Service that the Plan had been selected for examination for the 2019 plan year. This examination was closed as of April 21, 2021 with no resulting impact to the Plan's tax qualified status. The plan administrator believes it is no longer subject to income tax examinations for fiscal years ending prior to 2019.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investments are exposed to various risks such as interest rate, market, credit risks, and risks pertaining to global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at March 31, 2022, may not necessarily be indicative of amounts that could be realized in a current market exchange

DFCV Delinquent Filing Reasonable Cause Request

Due to a systems error timing out, our form was not fully transmitted to the DOL. Norton has never filed the 5500 for the 401k and Profit Sharing Plan since it's inception. I am requesting that we are permitted to file under the DFCV program with no penalty.
