Superior Machine Company of SC, Inc. Savings Incentive Plan
Notes to Financial Statements
March 31, 2021 and 2020

1. Description of Plan

The following description of the Superior Machine Company of SC, Inc. Savings Incentive Plan (the “Plan”) provides only general information. Participants may refer to the Plan’s documents for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of Superior Machine Company of SC, Inc. (the “Company”). There are no age or service requirements to make employee elective deferrals or receive employer contributions. Leased employees are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective April 1, 2020 the Company changed custodians from Wells Fargo Bank, N.A. to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. The Company is the Plan administrator.

Contributions

The Plan allows contribution of any portion of a participant’s pre-tax compensation, subject to contribution limitations specified by law. The Plan has an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans.

The Company may make discretionary matching and/or profit-sharing contributions. The Company made discretionary matching contributions of approximately \$119,000 and \$98,000 for the years ended March 31, 2021 and 2020, respectively.

Participant Accounts

Each participant's account is credited with the participant’s contributions, allocations of the Company’s discretionary contributions (if any), allocations of the Plan’s earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Participants direct their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Forfeitures of the non-vested portion of terminated participant’s account balances remain in the Plan. These forfeitures may be used to pay Plan expenses or reduce employer contributions.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their salary deferrals plus actual earnings or losses thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants are 50% vested in the Company's discretionary contributions at the end of two years of continuous service, with additional vesting of 50% after three years, resulting in 100% vesting, after the third year.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are required to be repaid within one to five years, unless borrowed for the purchase of a primary residence, which requires the loan to be paid within one to ten years. A participant may have no more than one loan due to the Plan at any time. The loans are collateralized by the balance in the participants' accounts and bear interest at the prime rate plus 1% (determined at the time of issuance of each loan). All loans outstanding at March 31, 2021 bear interest at rates ranging from 4.25% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, permanent total disability, death, or termination of employment, participants or their beneficiaries may elect to receive their vested portion of Plan assets under several payout options specified in the Plan. Participants who have attained fifty-nine and a half years of age are permitted to withdraw all or part of their vested accounts as in-service distributions. Subject to certain conditions, participants may make hardship withdrawals from their balances in the Plan while employed.

Forfeited Accounts

At March 31, 2021 and 2020, there was forfeited non-vested account balances of approximately \$37,000 and \$0. For the years ended March 31, 2021 and 2020, no forfeited non-vested account balances were used.

Administrative Expenses

The Plan pays all trustee, custodial, investment advisory and recordkeeping fees. The Company pays other administrative and professional fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”).

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reported period. Actual results could differ from those estimates.

Participant Loans Receivable

Loans receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as participant distributions.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Custodian Certification

Information disclosed in the accompanying financial statements as of, and for the years ended March 31, 2021 and 2020, related to investments, participant loans receivable, net appreciation (depreciation) in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Wells Fargo Bank, N.A., respectively.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. All of the Plan's mutual fund investments were valued using Level 1 inputs, based on quoted market prices.

The plan invests in collective trusts where the underlying investments primarily consist of investment contracts and security-backed contracts. The collective trusts are valued at the net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of each account is based on the fair value of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the account provider reserves the right to temporarily delay withdrawal from the accounts in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce amounts that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although Plan management believes the valuation methods used are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Income Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the pre-approved plan document adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended and restated to comply with legislative actions since adopting the prototype.

Superior Machine Company of SC, Inc. Savings Incentive Plan
Notes to Financial Statements
March 31, 2021 and 2020

5. Income Tax Status (continued)

The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and believes the Plan is qualified and the related trust was tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified as of March 31, 2021 and 2020. The Plan is subject to routine audits by tax authorities; however, there are currently no audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to fiscal 2018.

6. Reconciliation of Audited Financial Statement to Form 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 for that same period:

	Years Ended March 31,	
	2021	2020
Change in net assets per the financial statements	\$ 1,093,248	\$ (449,091)
Adjustment for prior year employee contribution receivable	--	12,572
Adjustment for prior year employer contribution receivable	--	3,787
Change in net assets per Form 5500	<u>\$ 1,093,248</u>	<u>\$ (432,732)</u>

7. Party-in-Interest Transactions

Fees paid by the Plan for trustee, custodial, recordkeeping, and investment advisory services amounted to approximately \$23,000 and \$31,000 for the years ended March 31, 2021 and 2020, respectively. These transactions, as well as participant loans receivable, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

8. Subsequent Events

Management has evaluated events and transactions after March 31, 2021 through January 13, 2022, the date on which the financial statements were available to be issued, for subsequent events, and determined that there were no subsequent events to report during that period.
