INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Patina Solutions Group Inc. 401(k) Profit Sharing Plan
Brookfield, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Patina Solutions Group Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits in liquidation as of September 30, 2022 and statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the period ended September 30, 2022 and statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Patina Solutions Group Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2022, and December 31, 2021, and for the period ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Patina Solutions Group Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Termination and Liquidation Basis

As discussed in Note 2 to the financial statements, the Board of Directors of Patina Solutions Group Inc., the Plan Sponsor, voted on March 31, 2022, to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis of accounting used in presenting the 2021 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Patina Solutions Group Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Patina Solutions Group Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Patina Solutions Group Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PATINA SOLUTIONS GROUP INC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS - SEPTEMBER 30, 2022 AND DECEMBER 31, 2021

NOTE 1 - DESCRIPTION OF PLAN

Patina Solutions Group Inc 401(k) Profit Sharing Plan is a defined contribution plan sponsored by Patina Solutions Group, Inc. (the Company). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of the Company who have reached twenty-one years of age and have completed 250 hours of service within the initial three month period. If not met in the first consecutive period of months, requirements are measured at each successive three month period and end with each Plan year. If not met before the end of the Plan year, participants must complete 1,000 hours of service during the Plan year. Employees can join the Plan on the 1st of the month coinciding with or next following the attainment of these requirements. Effective January 1, 2022, the Plan was amended to change the eligibility requirements to three months of service, starting on the employee's date of hire. Employees can enroll on the 1st of the quarter coinciding with or next following the attainment of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan provides for voluntary pre-tax and after-tax employee contributions of 1% to 100% of compensation, up to the maximum amount allowed by law. The Plan allows for catch-up contributions for those participants age fifty or older. Contributions are subject to certain limitations as established by the Internal Revenue Code.

The Company may, but is not required to, make discretionary match and profit sharing contributions to the Plan. The discretionary match is allocated among eligible participants who have completed twelve months and 1,000 hours of service during any year of employment. In 2022 and 2021, the Company made a discretionary matching contribution equal to 2% of the first 50% of an employee's compensation. The discretionary profit sharing contribution is allocated among all eligible participants employed on the last day of the Plan year with 1,000 hours of service in a Plan year based on compensation. The Company did not make profit sharing contributions as of September 30, 2022 and December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings, and charged with the withdrawals and an allocation of Plan losses and expenses. Allocations are based on Plan earnings or participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant directed.

Investment Options

Participants may direct employee and employer contributions in any of several investment options. By designating these investment alternatives for participants, allowing frequent fund transfers, and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant Directed Account Arrangement.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Participants become fully vested in their account balances upon retirement, death, or disability, as defined by the Plan. As a result of the decision to terminate the Plan during 2022, all participants became fully vested in their account balances. During 2021, a year of vesting service is a service period in which a participant has at least 1,000 hours of service.

Company discretionary profit sharing contributions are immediately fully vested. Company discretionary match contributions are vested on a five-year schedule as follows:

<u>Years of Service</u>	<u>% Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Plan Expenses

Plan’s expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Recordkeeping fees and financial advisor fees are included in administrative fees.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount, direct rollover equal to the value of his or her account, or elect to receive a partial distribution of a portion of the vested account balance. For account balances \$5,000 or less, participant consent is not required and the entire vested benefit is distributed in a lump-sum as soon as administratively feasible following the participant’s termination of service unless the participant elects an alternative form of distribution. Participants with vested account balances available for distribution exceeding \$5,000 can choose to receive their distribution as a lump-sum distribution, a partial distribution, or as installment payments over a period not to exceed the life expectancy of the Participant. In-service distributions are allowed under certain circumstances as described in the Plan agreement.

Notes Receivable from Participants

The Plan allows for participants to borrow a minimum of \$1,000 from their account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a reasonable interest rate as determined by the Plan administrator. Once the participant loan rate is established, that rate of interest will be fixed for the life of the loan. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2022, management determined that liquidation of the Plan is imminent and the financial statements for 2022 have been prepared using the liquidation basis of accounting. The 2021 financial statements were prepared as a going concern on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits in Liquidation and Statement of Changes in Net Assets Available for Benefits in Liquidation.

Valuation of Investments and Income Recognition

The Plan's investments are reported at their fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Realized gains (losses) and unrealized appreciation (depreciation) are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments. Realized gains (losses) on investment transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 and December 31, 2021.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance allowed by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Reliance Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a) Investments as disclosed in the Statement of Net Assets Available for Benefits in Liquidation as of September 30, 2022 and Statement of Net Assets Available for Benefits as of December 31, 2021.
- b) Interest and dividend income and the net appreciation (depreciation) in the fair value and of investments as disclosed in the Statement of Changes in Net Assets Available for Benefits in Liquidation for the period ended September 30, 2022 and Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- c) The Schedule of Assets (Held at End of Year).

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying Statement of Changes in Net Assets Available for Benefits in Liquidation for the period ended September 30, 2022 and Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of unobservable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

There were no significant transfers between level 1 and level 2 investments during 2022 and 2021.

There were no investments remaining in the Plan as of September 30, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as of December 31, 2021:

	Fair Value Measurements at the End of the Reporting Period Using:	
	Total	Quoted prices in Active Markets for Identical Assets (Level 1)
Mutual funds	\$ 6,868,258	\$ 6,868,258
Total investments at fair value	<u>\$ 6,868,258</u>	<u>\$ 6,868,258</u>

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan participates in an investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the Statement of Net Assets Available for Benefits in Liquidation as of September 30, 2022 and Statement of Net Assets Available for Benefits as of December 31, 2021 at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The effective annual rate of interest is established every January 1 and July 1. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate.

Certain events limit the Plan's ability to transact with Transamerica. Such events include the following: (a) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (b) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (c) any substantive modification of the portfolio or the administration of the portfolio that is not consented to by the wrap issuer, (d) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on the portfolio's cash flow, (e) any communication given to participants by the plan sponsor, any other plan fiduciary, or Transamerica that is designed to influence participants not to invest in the portfolio or to transfer assets out of the portfolio, or (f) any transfer of assets from the portfolio directly to a competing investment option. The Plan administrator does not believe that any of the events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 6 - TAX STATUS

The Plan, which is a non-standardized pre-approved profit sharing plan with CODA, obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. In addition, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2022 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CARES ACT PROVISIONS

The Plan adopted the CARES Act provisions, including allowing eligible participants to request a distribution up to \$100,000 for qualifying coronavirus-related reasons. The Plan was formally amended with these provisions effective October 1, 2021.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Transamerica. Transamerica is the record-keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. However, they are not considered to be prohibited transactions.

NOTE 9 - PLAN TERMINATION

The Company has the right under the Plan to terminate its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective March 31, 2022, the Plan was terminated in conjunction with the sale of the Plan Sponsor. As a result, management determined that liquidation was imminent and all participants became fully vested in their account balance. On April 5, 2022, a notice was sent to employees notifying them of the Plan termination. Employees with an account balance had 45 days to complete a distribution form, otherwise the account balance would be rolled over to an individual retirement account (IRA) sponsored by Millenium Trust Company. All assets were distributed out of the Plan in September 2022.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 25, 2023, the date on which the financial statements were available to be issued.
