ADVISORY TAX AUDIT

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees,
National Electrical Benefit Fund Defined Contribution Plan:

Opinion

We have audited the financial statements of the National Electrical Benefit Fund Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Require by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, part IV, line 4i - schedule of assets (held at end of year) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. PLAN DESCRIPTION AND FUNDING

The following description of the National Electrical Benefit Fund Defined Contribution Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General

The Plan is a single-employer non-contributory defined contribution plan covering all eligible employees of the National Electrical Benefit Fund ("NEBF"), National Real Estate Advisors, LLC ("NREA"), a subsidiary of NEBF, and National Real Estate Advisors Development Services ("NREADS"), a subsidiary of NREA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Prior to October 1, 2020, the Plan was operated in accordance with NEBF's adoption of the National Association Executives Forum, Inc. ("NAEF") Defined Contribution Prototype/Volume Submitter Plan and the Adoption Agreement for the NAEF Non-Standardized Money Purchase Plan. Effective October 1, 2020, NEBF amended the Plan's governing documents to convert from NAEF Master Pension Plan and Trust to Fidelity Basic Plan Document No. 16 (a pre-approved Volume Submitter Money Purchase Pension Plan) and its Adoption Agreement. Although the Plan's name was changed to National Electrical Benefit Fund Defined Contribution Plan as part of the transition, key Plan provisions remained the same as in effect prior to October 1, 2020. The Plan conversion occurred on October 1, 2020, and all Plan participant account balances were mapped to corresponding new investment options as of September 30, 2020.

Administration

Effective September 1, 2021, the Retirement Plan Company, LLC serves as the Plans third-party administrator. Prior to September 1, 2021, the Plans third-part administrator was the Preferred Pension Planning Corporation. The assets of the Plan are held in trust by Fidelity Management Trust Company ("Fidelity"), as Corporate Trustee.

Eligibility to Participate

An employee of NEBF, NREA or NREADS is deemed eligible to participate in the Plan upon completion of six months of credited service (500 hours) and attainment of the minimum age of 20.5.

Participant Accounts

A retirement benefits account is maintained for each participant. Each participant's account is credited with employer contributions and net investment earnings thereon and reduced by fees and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in their individual accounts after achieving 3 or more years of credited service. One year of credited service is defined by the Plan as any Plan year in which an active employee is employed for not less than one thousand hours. Prior to achieving 3 years of credited service, participants are non-vested in their individual accounts, except that participant accounts become 100% vested upon the death or total and permanent disability of the participant without regard to the participant's years of credited service.

Forfeitures

Accounts of participants who fail to achieve the 3 years of credited service required to become vested are forfeited upon a break in service or termination of employment. These forfeited balances may be made available to reinstate previously forfeited account balances of participants or used to satisfy any employer contribution that may be required.

At June 30, 2022 and 2021, there were $8,540 and $0, respectively, of forfeited nonvested accounts available to reduce future employer contributions. For the years ended June 30, 2022 and 2021, employer contributions were reduced by forfeitures by $33,126 and $0, respectively.

Plan Services
The Corporate Trustee provides recordkeeping and custodial services for the Plan.

Retirement
Normal retirement age is attained on the date of the participant's 65th birthday. Participants are eligible to receive normal retirement benefits on the first day of the month coinciding with or next following the participant's 65th birthday. Early retirement is available to participants who have attained age 54.5 and completed at least 10 years of vested service. Benefits are normally paid as an annuity, but with consent of the Plan Administrator and subject to spousal consent, the participant may elect a lump sum payment in lieu of all other benefits.

Contributions
For each of the years ended June 30, 2022 and 2021, employer contributions to the Plan were made quarterly at a rate of 8% of compensation, subject to certain limitations, earned by eligible participants.

BrokerageLink
BrokerageLink is a self-directed brokerage account intended for sophisticated investors who are willing to take on additional risk and are prepared to assume the responsibility of more closely monitoring their portfolios. As of June 30, 2022 and 2021, BrokerageLink accounts maintained by Plan participants were invested in various corporate stocks and exchange traded funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of presenting investments at fair value, net appreciation or depreciation (realized and unrealized gains and losses) in value is reported for investments bought and sold, as well as held, in the statement of changes in net assets available for benefits for the period in which it occurs. Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date.

Employer Contributions Receivable
Employer contributions receivable are accrued based upon amounts due but not yet paid as of June 30. Management believes that no provision for uncollectible accounts is necessary.

Recognition of Benefits
Benefits are recognized when paid.

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after June 30, 2022 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through January 6, 2023, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds and the self-directed BrokerageLink investments: Valued based on quoted market prices in active markets.

The *common collective trust* is valued at net asset value (“NAV”) per unit of the investment as a practical expedient. The unit value is calculated daily based on the values of the underlying assets of the trust. The Plan invests in the Fidelity Managed Income Portfolio (“FMIP Fund”), a stable value *common collective trust*, for which quoted prices are not available in active markets. The FMIP seeks to preserve the principal investment while earning a level of interest income that is consistent with principal preservation. The FMIP invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The fair value of the FMIP is valued at NAV per share as a practical expedient, as determined by the trustee. Per FASB ASC Topic 820, certain investments measured by NAV per share as a practical expedient are not required to be categorized within the fair value hierarchy.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

During the years ended June 30, 2022 and 2021, there were no transfers into or out of Level 3.

As of June 30, 2022 and 2021, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

	2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 27,658,266	$ -	$ -	$ 27,658,266
Self-directed BrokerageLink	2,925,783	-	-	2,925,783
Total investments in the fair value hierarchy	$ 30,584,049	$ -	$ -	30,584,049
Investments measured at NAV				-
Total investments at fair value				$ 30,584,049

	2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 32,613,237	$ -	$ -	$ 32,613,237
Self-directed BrokerageLink	3,288,216	-	-	3,288,216
Total investments in the fair value hierarchy	$ 35,901,453	$ -	$ -	35,901,453
Investments measured at NAV				312,185
Total investments at fair value				$ 36,213,638

The fair values of the following investment have been determined using the NAV per unit of the investment as of June 30, 2021:

	Fair Value	**Unfunded Commitments**
Common collective trust	$ 312,185	$ -

Units may be redeemed daily for the purpose of funding benefit payments or honoring a participant-directed transfer of the participant's interest in the trust to a noncompeting investment. Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Withdrawals for other purposes require a 12-month advance written notice.

As a part of the transition to amend the Plan's governing documents to Fidelity Basic Plan Document No. 16 on October 1, 2020, the Plan modified the investment lineup offered to participants and no longer offers the Fidelity Managed Income Portfolio Class 1 - common collective trust (the "FMIP Fund") as an investment option. Due to the 12-month advance written notice of withdrawal requirement of the Fund, on August 7, 2020 the Plan notified Fidelity of its intent to liquidate and withdraw from the FMIP Fund. On August 9, 2021, the Plan successfully liquidated all participant balances held in the FMIP Fund and reinvested those proceeds into the participant's default age based appropriate target date fund. The Plan participants received advance notification of this action by the Plan.

4. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The employer entities pay certain administrative costs on behalf of the Plan and those costs are not included as deductions of the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

5. TAX STATUS

As disclosed in Note 1, the Plan changed its name and amended the Plan's governing documents to convert from the NAEF Master Pension Plan and Trust to Fidelity Basic Plan Document No. 16 (a pre-approved Volume Submitter Money Purchase Pension Plan) effective October 1, 2020. The pre-approved plan provider obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Money Purchase Pension Plan and the IRC and is, therefore, qualified, and the trust that holds the Plan's assets is exempt from income tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of June 30, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability in the financial statements. The Plan is subject to routine examinations by taxing and regulatory jurisdictions; however, there are currently no examinations in progress for any tax periods. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. PRIORITIES UPON TERMINATION OF THE PLAN

It is the intent of the trustees of NEBF to continue the Plan in full force and effect. However, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the trustees of NEBF. In the event of termination of the Plan, each participant in the employ of NEBF, NREA or NREADS on the date of termination would have a 100% vested interest in his or her account balance.

Any unallocated funds or assets remaining after satisfaction of all liabilities of the Plan shall be allocated among participants who are employees of NEBF, NREA or NREADS on the date of termination in proportion to the value of each participant's account to the total value of all participant accounts.
