Independent Auditor's Report

Administrative Committee of Curtis C. Gunn, Inc.
Employee Stock Ownership Plan & Trust
San Antonio, Texas

Report on the Financial Statements

We have audited the financial statements of Curtis C. Gunn, Inc. Employee Stock Ownership Plan & Trust (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2022 and 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended June 30, 2022 (in liquidation), and the related notes to financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2022 and 2021 (in liquidation) and the changes in net assets available for benefits for the year ended June 30, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of the Plan sponsor resolved on June 16, 2021 to terminate the Plan, and management determined liquidation is imminent. As a result, the 2022 and 2021 financial statements are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. Description of Plan

The following description of the Curtis C. Gunn, Inc. Employee Stock Ownership Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

General

The Plan was established July 1, 2003, to enable eligible employees to acquire a proprietary interest in the capital stock of Curtis C. Gunn, Inc. (the "Company" or "Sponsor"). Employees who completed one year of service, constituting having worked at least 1,000 hours in a consecutive twelve-month period, and attained age 21 were eligible to participate in the Plan.

On June 16, 2021, the Company's Board of Directors voted to terminate the Plan effective June 30, 2021. See note 5 for further information. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting used to value plan assets from the ongoing basis to a liquidation basis as of and for the year ended June 30, 2021. The ongoing basis of accounting approximates the liquidation basis of accounting.

Administration

The plan trustee, the executive committee of the Company, administers the Plan and has the responsibility and authority for maintaining records of participant accounts, determining benefit rights, interpreting the provisions of the Plan, establishing written regulations governing administrative functions and procedures, disbursement of benefits, and compliance with all applicable reporting and disclosure requirements of federal law.

Plan Termination

On June 16, 2021, the Board of Directors of Curtis C. Gunn, Inc., the Plan's sponsor, resolved to terminate the Plan effective June 30, 2021. All participants became fully vested in their accounts maintained under the Plan and all contributions and entry to the Plan ceased. Participant balances were distributed by June 30, 2022. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed the basis of accounting used to value Plan assets from the accrual basis to the liquidation basis during the year ended June 30, 2021.

Contributions

Company contributions were paid in such amounts as determined by the Company's Board of Directors. Contributions by participating employees were not permitted. The Company stock was held by the Plan in a suspense account until allocated to the active participants. No shares were held in the suspense account as of June 30, 2022 and 2021. There were no Company contributions allocated to participants for 2022.

Allocations

Shares contributed to the Plan were allocated to participants in proportion to the ratio that each participant's compensation (within Plan limitations) bore to the aggregate compensation of all participants for the Plan year. The annual addition to a participant's account (Company contribution plus forfeitures) was subject to certain limitations. This limitation applied to the aggregate annual additions to a participant's account in all defined contribution plans of the Company. All shares have been allocated to participant accounts. Dividends were

Curtis C. Gunn, Inc. Employee Stock Ownership Plan & Trust
Notes to Financial Statements

allocated to participant accounts based on the number of shares owned by the participant. Interest income from cash deposits was allocated to participants based on the amount of cash in participant accounts compared to total cash in the Plan.

Voting rights

The trustee of the Plan voted all Company stock held by it as part of the Plan assets, except for certain matters in which participants directed the trustee to vote shares based on the amount of shares allocated to the participant's account.

Vesting

Upon the Plan's termination, which was effective June 30, 2021, all participants became fully vested. Prior to the Plan's termination, upon death, total disability, or normal retirement at age 65 or the 5th anniversary of joining the Plan, if later, a participant became 100% vested in the Plan. Otherwise, a participant had a vested interest according to following:

<u>Years of Service</u>	<u>Percent Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Any forfeitures not used by the Plan were allocated at the end of each year to active participants in proportion to the ratio that each participant's compensation (within Plan limitations) bore to the aggregate compensation of all participants for the Plan year. There were no forfeitures allocated to participants in 2022.

Participant accounts

Each participant's account was credited as of the last day of each Plan year with an allocation of contributions, dividends, other investment income, net appreciation (depreciation) of stock, and forfeitures and was charged with any administrative expenses charged to the Plan.

Payment of benefits

Participation in the Plan terminated for reasons of employment termination, death, disability, or retirement. Upon termination from the Company for employment reasons, the participant was entitled to receive only the vested percentage of the participant's account and the remainder of the account was forfeited and allocated among the other participants eligible to share for that year. However, benefits were not available for withdrawal from the Plan until five years after termination, other than termination due to death, disability, or retirement. Upon termination from the Company due to death, disability, or retirement, the participant (or participant's beneficiary) was entitled to 100% of the account balance.

At the plan administrator's discretion, balances less than \$5,000 were distributed in a single lump-sum payment to participants or their beneficiaries. For account balances greater than \$5,000, participants could elect payment of benefits under the following options: (a) a single lump-sum payment or (b) installments over a period not extending beyond the earlier of the participant's assumed life expectancy (or participant's beneficiary's assumed life expectancy) determined at the time of distribution, or five years, unless a longer period was requested in writing. Benefit payments were made in cash, Company stock, or both.

The Company repurchased participant shares which were distributed under the terms of the Plan. During 2022, the Company repurchased from participants all remaining shares.

Put option

Under federal income tax regulations, employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or was subject to trading limitations, included a put option. A put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price was representative of the fair value of the stock, which was based on the latest independent appraisal as of the date a distribution was paid. The purpose of the put option was to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification was offered to participants close to retirement so that they could have the opportunity to move a portion of their investment in Company stock into investments which are more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan could elect to diversify a portion of their account over a 6-year period.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the liquidation basis of accounting, consistent with terminated plans, as of June 30, 2022 and 2021 and for the year ended June 30, 2022, in conformity with GAAP. There were no material differences between the liquidation basis of accounting and the ongoing basis of accounting.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Common stock was reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividend income was accrued on the ex-dividend date. See Note 3 for discussion of fair value measurements.

Payment of benefits

Benefits were recorded upon distribution.

Administrative expenses

The Plan's administrative expenses were paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions were performed by employees of the Company. No such employee received compensation from the Plan.

Subsequent events

The Plan has evaluated the effect subsequent events would have on the financial statements through January 18, 2023, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement required judgment and could affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common stock of privately held company

There is limited or no observable market data for the price of the Company's common shares that were held by the Plan; therefore, the resulting fair value of these securities is categorized as Level 3. The fair value of the Company's common stock was calculated by an independent third-party appraiser at June 30, 2021, using generally accepted valuation approaches.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021:

	Assets at Fair Value as of June 30,			
	<u>2022</u>	<u>2022 Total</u>	<u>2021</u>	<u>2021 Total</u>
Curtis C. Gunn, Inc. Common Stock	\$ -	\$ -	\$ 3,422,571	\$ 3,422,571

During the year ended June 30, 2022, the Plan distributed all remaining shares of the Plan's Level 3 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investment

The fair value of Company's Class B common stock was \$127.00 per share at June 30, 2021. The Plan held approximately 26,949 shares of Company stock as of June 30, 2021.

5. Tax Status

The Plan obtained a determination letter on July 2, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan received its latest determination letter dated April 20, 2022, in which the Internal Revenue Service stated that the termination does not affect the Plan's qualified tax status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

The Plan invested in Company common stock. This is considered an exempt related party and party-in-interest transactions under ERISA. The Plan utilizes service providers to perform recordkeeping and administrative functions of the Plan. Such service providers are parties-in-interest under ERISA.

7. Reconciliation of Financial Statements to Form 5500
