Independent Auditor's Report

**To the Trustee
Freije Engineered Solutions 401(k) Plan
Indianapolis, Indiana**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Freije Engineered Solutions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FREIJE ENGINEERED SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Freije Engineered Solutions 401(k) Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are 18 and older and have completed 60 days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective January 1, 2021, the Plan was amended to change the Plan name from Freije-RSC 401(k) Plan to Freije Engineered Solutions 401(k) Plan.

Effective January 1, 2021, the Plan was amended to adopt an automatic deferral election. Employees who have satisfied the eligibility requirements for salary deferrals under the Plan, but do not make a salary deferral election will automatically have 1% of their compensation deferred on. This automatic deferral amount will increase each year by 1% of compensation up to a maximum of 6% of compensation.

Effective November 1, 2021, the Plan was restated in its entirety to incorporate recent law changes in accordance with the IRS Cycle 3 Restatement period.

Entrance Date

An employee is eligible to enter the Plan on the first day of the month coinciding with or next following completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax and after-tax contributions up to the allowable limits established by the Internal Revenue Service. Participants may also contribute rollover amounts from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may make discretionary matching and profit sharing contributions as determined by the Company. The matching contributions are based upon a percentage of each participant's salary deferral, as defined. For the year ended December 31, 2021, the Company matched 50% of the first 6% of compensation contributed by each participant.

Forfeitures from terminated participants' non-vested accounts are used to pay Plan expenses, used to reduce Company contributions, or reallocated to participants. For 2021, \$9,595 of forfeitures was used to reduce employer matching contributions. No amounts were available for future use as of December 31, 2021 and 2020.

FREIJE ENGINEERED SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Upon termination of service or normal retirement, whichever occurs first, a participant may elect to receive vested benefits in a lump-sum payment or in a series of installments. Benefits are recorded when paid.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as listed below:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants Notes Receivable

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are collateralized by the participant's vested account and bear interest at a reasonable rate for loans of a similar nature made from financial institutions. Principal and interest is paid ratably through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable and the participant's vested account will be used to pay the outstanding loan. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Recently Issued Accounting Pronouncements

Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") (including technical corrections to the FASB's Accounting Standards Codification) and the American Institute of Certified Public Accountants did not, or are not, expected to have a material effect on the Plan's net assets for benefits or changes in net assets available for benefits.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed interest account which is stated at contract value. Purchase and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FREIJE ENGINEERED SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Subsequent Events

The Plan has evaluated subsequent events through January 23, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment in a fully benefit-responsive Group Annuity contract with Massachusetts Mutual Life Insurance Company ("MassMutual") through December 31, 2021, which is reported at contract value in the statements of net assets available for benefits. Under the terms of the contracts, the contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is a contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

FREIJE ENGINEERED SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

In the event that the Plan sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a termination fee. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The crediting rate is based on a formula established by the contract issuer, as defined in the contract agreement, but may not be less than 1.0%. Such interest rates are reviewed and reset on a quarterly basis. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contract.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian.

	<u>2021</u>	<u>2020</u>
Investments, at fair value	\$ 5,898,381	\$ 5,306,330
Investment, at contract value	159,039	186,279
Notes receivable - participants	39,783	52,230
Investment gain	659,822	
Loan interest income	2,720	

NOTE 5 - TAX STATUS

The Plan has adopted a Volume Submitter profit sharing plan which received a determination letter dated June 30, 2020, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code. The Plan has not requested a separate determination letter. The prototype plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2021.

FREIJE ENGINEERED SOLUTIONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 5 - TAX STATUS (CONTINUED)

The Plan underwent an audit by the Department of Labor for the Plan year ended December 31, 2016. The Plan received notice on December 3, 2021, that the audit has concluded and all corrective actions to specific violations have been addressed by the Plan administrator.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by MassMutual. MassMutual is the custodial agent and therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Company.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Pooled separate accounts: The value of the units held in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value of the shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in valuation methodologies at December 31, 2021, compared to December 31, 2020. The Company's policy is to recognize transfers between levels at the end of the reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2021.
