Independent Auditor's Report

To the Plan Administrator
Weld County Garage 401(k) Plan
Greeley, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Weld County Garage 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 and schedule H, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Weld County Garage 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Weld County Garage 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established February 1, 1964, by Weld County Garage (the “Plan Sponsor”). The Plan allows other related employers (the “Adopting Employers”) to adopt the Plan and its provisions. The Plan is available for qualifying employees of Weld County Garage and Adopting Employers (collectively, the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Administration of the Plan

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the custodian of the mutual funds and recordkeeper of the Plan, Principal Life Insurance Company is the issuer of the pooled separate accounts and guaranteed investment contract, and Principal Global Investors Trust Company is trustee of the collective investment trusts, collectively (“Principal”), in accordance with the provisions of the service provider agreements with the Company. Principal holds all assets of the Plan in accordance with the Service Agreement with the Company.

The administrator of the Plan is the Company, and the trustee of the Plan is the owner of the Company. The Company determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

All employees, excluding drivers and independent contractors, are eligible to participate in the Plan following the completion of six months of service and attainment of age 21.

The Plan includes an auto-enrollment provision whereby an eligible employee will be automatically enrolled in the Plan at an initial 2 percent pre-tax deferral rate after meeting eligibility requirements. In accordance with the Plan, a participant will be given a reasonable period to affirmatively elect a different percentage or elect not to make elective deferral contributions.

The Plan includes an auto-escalation provision whereby employee deferral elections are automatically increased by 1 percent each year until a maximum 6 percent is reached, unless a participant affirmatively elects to opt-out of the auto-escalation provision.

Effective October 15, 2021, the Plan was amended to (1) increase the initial deferral rate for auto-enrollment to 3 percent and (2) increase the maximum deferral rate for auto-escalation to 10 percent.

Weld County Garage 401(k) Plan

Notes to Financial Statements

Contributions

Participants may elect to defer up to 100 percent of their eligible compensation, as defined in the Plan Document, on a pre-tax basis or after-tax Roth basis, and subject to certain Internal Revenue Code ("IRC") limitations. The Plan allows catch-up contributions for participants who have attained or will attain the age of 50 by the last day of the plan year, subject to IRC limitations. Participants may change their contribution percentage and may cease making contributions at any time.

The Company may make discretionary matching contributions to the Plan equal to a discretionary percentage of a participant's compensation or a discretionary dollar amount as determined by the Company on a uniform basis for all participants. All participants share in the allocations of discretionary matching contributions regardless of service completed during the plan year or employment status on the last day of the plan year. There were no matching contributions made to the Plan for the year ended December 31, 2021.

The Company can also make a discretionary profit-sharing contribution. Discretionary profit-sharing contributions are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. Participants not employed on the last day of the plan year do not share in the allocations of profit-sharing contributions. There were no profit-sharing contributions made to the Plan for the year ended December 31, 2021.

Rollover contributions transferred from other qualified retirement plans are accepted as permitted by the Plan Document.

Participant Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's discretionary matching and profit-sharing contributions; and (3) an allocation of net Plan earnings or losses. Each participant's account is charged with an allocation of administrative expenses that are paid by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may make investment election changes at any time. The benefit to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. A note is secured by the participant's account and bears a commercially reasonable interest rate established by the plan administrator. Interest rates are fixed for the term of the note and were between 4.25 percent and 6.75 percent for notes outstanding as of December 31, 2021. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Participants may have two notes outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Weld County Garage 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their pre-tax, after-tax Roth, catch-up and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions is based on years of service as defined in the Plan Document. A participant is 20 percent vested after two years of service, 20 percent per year after the initial two years, and is fully vested after six years of credited service. Participants become fully vested upon death, disability or reaching normal retirement age.

Forfeitures

The non-vested portions of participants' employer-derived account balances are treated as forfeitures. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0 and \$1,568, respectively. The amount of any non-vested forfeitures attributed to a participant's break in service, as specified by the Plan Document, will be used to reduce future Company discretionary matching contributions, and/or pay Plan expenses. For the 2021 plan year, \$1,635 of forfeitures were used to pay Plan expenses, and no forfeitures were used to reduce Company discretionary matching or profit-sharing contributions.

Benefit Payments

A participant's vested interest in the Plan is payable upon death, attainment of normal retirement age (age 65), disability, as defined, or termination of service. A participant may elect to receive their benefit payment in the form of a lump-sum amount, in substantially equal installments, or as an annuity. Participants may elect to receive a cash payment, rollover the funds to another qualified plan or individual retirement account, or remain in the Plan if their vested account balance has a minimum of \$1,000. Distributions of vested account balances of \$1,000 or less may be distributed automatically to participants in cash. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, amounts credited to the individual participants' accounts would become fully vested to the extent not already vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Weld County Garage 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further discussed in Note 4 - *Fair Value Measurements and Disclosures*, except for the Fixed Income Guaranteed Option (a fully benefit-responsive investment contract) which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit date). The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and Principal.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into a fully benefit-responsive investment contract, the Fixed Income Guaranteed Option, with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a custodial account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with Principal Life but may not be less than 0 percent. Interest rates are reset each June 1st and December 1st. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Principal Life. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The employer does not believe any of these events are probable of occurring.

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions refundable were \$14,919 and \$19,325 as of December 31, 2021 and 2020, respectively. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Benefit Payments

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Administrative Expenses

Certain fees (primarily loan and distribution) are charged directly to the participant's account and are included in administrative expenses. These costs amounted to \$50,258 for the year ended December 31, 2021. Investment related expenses (in the form of an expense ratio) are included in net appreciation of fair value of investments and range from 0.02 percent to 0.68 percent for investments held at December 31, 2021. All other expenses of the Plan for the year ended December 31, 2021 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, qualified institutions, have certified the following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020;
- Net investment income on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021;
- Investment information included in the Notes to Financial Statements and in the Supplemental Schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - As of December 31, 2021, except for notes receivable from participants.

Weld County Garage 401(k) Plan

Notes to Financial Statements

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Insurance Company Pooled Separate Accounts ("PSAs"): Valued at fair value using net asset value ("NAV") as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct filing entities with the Department of Labor.

Weld County Garage 401(k) Plan

Notes to Financial Statements

Collective Investment Trusts (“CITs”): Valued at fair value using NAV as a practical expedient. NAV is determined by the issuer based on the fair value of the underlying investments. The practical expedient would not be used if it is determined to be probable that the investment will be sold for an amount different from the NAV. These investments are direct filing entities with the Department of Labor.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

<i>As of December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 672,878	\$ -	\$ -	\$ 672,878
Total assets in the fair value hierarchy	\$ 672,878	\$ -	\$ -	\$ 672,878
Investments measured at net asset value (a)				6,127,810
Total investments, at fair value				\$ 6,800,688

<i>As of December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 316,261	\$ -	\$ -	\$ 316,261
Total assets in the fair value hierarchy	\$ 316,261	\$ -	\$ -	\$ 316,261
Investments measured at net asset value (a)				6,065,126
Total investments, at fair value				\$ 6,381,387

- (a) *In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Plan Benefits.*

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; and, the redemption notice period, if any, is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Pooled Separate Accounts	\$ 230,627	\$ 94,337	None	Daily	Up to 30 days
Collective Investment Trusts	\$ 5,897,183	\$ 5,970,789	None	Daily	None

5. Related Party and Party-in-Interest Transactions

Principal is the recordkeeper, issuer of insurance products, trustee of certain investments, and custodian as defined by the Plan; therefore, certain transactions with Principal qualify as party-in-interest. Fees of \$50,258 were paid to Principal out of Plan assets during 2021. The Plan invests in collective investment trusts, a guaranteed investment contract, and pooled separate accounts with Principal.

Certain other investment management fees are paid by the Plan and are shown net of earnings.

The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Income Tax Status

Effective July 1, 2019, the Company adopted a Prototype Plan Document sponsored by Principal. The Prototype Plan Document received an opinion letter from the IRS dated March 31, 2014, indicating that the Prototype plan and trust are designed in accordance with the applicable sections of the IRC. The Company believes that the Plan, as amended, is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds, pooled separate accounts, a fully benefit-responsive investment contract, and collective investment trusts. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying Statements of Net Assets Available for Plan Benefits and participant accounts.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation have continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

As of December 31, 2021 and 2020, there was one investment which individually represented more than 10 percent of net assets available for benefits. See the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the accompanying Statements of Net Assets Available for Plan Benefits to the Form 5500:

<i>December 31,</i>	<i>2021</i>	<i>2020</i>
Net assets per Form 5500 (unaudited)	\$ 6,869,037	\$ 6,516,968
Excess contributions refundable	-	(19,325)
Net assets available for plan benefits per the financial statements	\$ 6,869,037	\$ 6,497,643

The following is a reconciliation of net increase per the accompanying financial statements to the Form 5500:

<i>Year Ended December 31,</i>	<i>2021</i>
Net income per Form 5500 (unaudited)	\$ 352,069
Excess contributions refundable	19,325
Net increase in net assets available for plan benefits per the financial statements	\$ 371,394

9. Delinquent Participant Contributions

During 2018 and 2021, the Company failed to timely remit certain employee contributions to the Plan. The Company is in the process of calculating lost earnings on the 2018 and 2021 late contributions and will remit those amounts as soon as administratively possible.

10. Subsequent Events

Plan management has evaluated subsequent events through January 26, 2023, which is the date the financial statements were available to be issued. Management determined there were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements, other than the items disclosed below.

Effective February 18, 2022, the Plan was amended and restated for regulatory purposes. There were no significant changes to the Plan provisions as part of the restatement. The restated Plan adopted a non-standardized pre-approved profit sharing plan document, which received an opinion letter dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the IRC, and therefore, is tax exempt. During 2022, the Company acquired 3 additional companies, the employees of which became eligible to participate in the Plan the first of the month after each of the acquisitions was completed.
