Independent Auditor's Report

Plan Administrator
Innovive Health 401(k) Plan
Medford, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Innovive Health 401(k) Plan (formerly Nizhoni Health Systems, LLC 401(k) Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2021 Financial Statements" section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2021 Financial Statements” section of our report. We are required to be independent of Innovive Health 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovive Health 401(k) Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innovive Health 401(k) Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovive Health 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Innovive Health 401(k) Plan (formerly Nizhoni Health Systems, LLC 401(k) Plan). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Innovive Health 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of Innovive Health 401(k) Plan (formerly known as the Nizhoni Health Systems, LLC 401(k) Plan) (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees, except union, leased, and nonresident employees of Nizhoni Health Systems, LLC, d/b/a Innovive Health (the “System”). Employees who have completed one month of service from the employee’s employment commencement date are eligible to participate in the Plan. Participants may enter the Plan for salary deferral contributions on the first day of the month coinciding with or following the satisfaction of eligibility requirements. Participants must also be employed on the last day of the plan year to receive employer nonelective contributions. Participants must have completed more than one hour of service to receive employer nonelective contributions. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Great-West Trust Company, LLC (Great-West) is the custodian of the Plan.

Effective October 1, 2021, Nizhoni Health Systems, LLC amended and restated the Plan as a nonstandardized plan, and also changed the plan name to Innovive Health 401(k) Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The System may make discretionary matching and nonelective contributions, however, there were none in 2021 or 2020. Contributions are subject to certain Internal Revenue Code limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the System’s contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements

December 31, 2021 and 2020

Vesting

Participants are immediately vested in their salary deferral contributions and the matching contributions plus earnings thereon. Vesting in the System's nonelective contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of service. Participants become fully vested upon death, total and permanent disability, or attainment of early or normal retirement age. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce future System contributions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

On May 13, 2020, the Plan Sponsor (System) implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD had the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distributions required to be made in 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at net asset value (NAV) of shares held by the Plan at year-end.

The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Innovive Health 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion.

At December 31, 2021 and 2020, the Plan has a nonallocated expense budget account held in the stable value account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's guidance. The System is responsible for determining what expenses the third-party administrator will reimburse from the account. Funds utilized from this account include fees for investment management services which are included in net appreciation (depreciation) on the statement of changes in net assets available for benefits and fees paid to manage the Plan's investments which are included in administrative expenses on the statements of changes in net assets available for benefits. Additions to the expense budget account were \$18,258 and \$14,421 during 2021 and 2020, respectively. In 2021 and 2020, administrative expenses of \$7,075 and \$4,661, respectively, were paid. The account's balance at December 31, 2021 and 2020, was \$38,850 and \$26,778, respectively.

Note 3: Certification of the Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full-term of the assets.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2021				
Mutual funds	\$ 9,850,357	\$ 9,850,357	\$ -	\$ -

Notes to Financial Statements

December 31, 2021 and 2020

- (A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments (stable value fund) for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	\$ 107,439	\$ -	Daily	1 day
December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Fund	\$ 94,277	\$ -	Daily	1 day

Innovive Health 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 5: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association, or relatives of such persons.

The Plan paid \$24,558 and \$19,648 of record-keeping fees to Great-West Life Insurance and Annuity Company, who is related to Great-West the custodian, during 2021 and 2020, respectively. The System pays directly any other fees related to the Plan's operations. The System also provides certain administrative services at no cost to the Plan.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially adversely affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8: Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Pension Consultants, Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Notes to Financial Statements

December 31, 2021 and 2020

Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the System remitted all employee contributions to the Plan, contributions of \$2,607 and \$539 were not remitted within the required time period for the years ended December 31, 2021 and 2020, respectively. These delinquent remittances are pending full correction.

Note 10: Subsequent Events

Subsequent events have been evaluated through January 18, 2023, which is the date the financial statements were available to be issued.

System Contributions

Effective January 1, 2022, the System began making a discretionary matching contribution to employees contributing to the Plan. The System began matching up to 25 percent of the first 4 percent of salary and earnings that a participant contributed to the Plan up to a maximum of \$1,500 for calendar year 2022. The matching contribution will be made weekly and is vested immediately.
