To the Plan Administrators Retire Ready 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Retire Ready 401(k) Plan (the Plan), formally known as Nu Skin Enterprises, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Retire Ready 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Retire Ready 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrators Retire Ready 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Retire Ready 401(k) Plan (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company), the custodian of the Plan, and Standard Insurance Company (collectively, the Trustees of the Plan) except for comparing such information with the related information included in the financial statement. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Retire Ready 401(k) Plan (the Plan), formally known as Nu Skin Enterprises, Inc. 401(k) Plan, provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan was created on January 1, 1991 and is a defined contribution 401(k) plan covering all eligible employees of Nu Skin Enterprises, Inc. and its subsidiaries (the Plan Sponsor, Company, or Employer) as defined in the Plan document. To be eligible to participate in the Plan, employees must be 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan has arranged for Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Standard Insurance Company (collectively, the Trustees of the Plan) to serve as trustees and custodians, and Principal Financial Group to provide record keeping services for the Plan.

Contributions

Contributions to the Plan include: (i) pre-tax salary reduction contributions authorized by participants, (ii) after-tax Roth salary reduction contributions authorized by participants, (iii) qualified automatic matching contributions made by the Company, (iv) additional discretionary employer contributions, and (v) participant rollovers from other plans.

Participants may elect to contribute up to 100% of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the Internal Revenue Code (IRC). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan beginning on the first day of the month following employment unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who are age 50 or older before the end of the Plan year were eligible to make catch-up contributions.

Eligible compensation is defined as wages, tips and other compensation included in box 1 on Form W-2, excluding safe harbor fringe benefits, bonuses, all forms of equity compensation, deferred compensation, gifts, and all other compensation not included in base salary or base hourly wage. Participants may also make after-tax Roth contributions into their accounts.

The Company makes a qualified automatic matching contribution to each participant's account equal to 100% of the first 2% and 50% of the next 4% of each participant's contribution. Contributions are made each pay period by the Company based on the status of the employee at the end of the pay period and if the employee had participated in the Plan during the pay period. Additional employer contributions may be contributed at the discretion of the Company. The Company did not make an additional discretionary employer contribution relating to the year ended December 31, 2021.

Participants may also contribute to the Plan amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions, the Plan Sponsor's match, and the Plan Sponsor's discretionary contributions into various investment options offered by the Plan.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and actual earnings thereon. Participants become vested in the Company's contribution portion of their accounts based on years of service. Employer matching contributions vest 100% after two (2) years of participant employment. Discretionary employer contributions vest as follows:

Years of Service	Vested Percentage
More than 1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Employer contributions also become 100% vested when the participant reaches normal retirement age (59 ½), when the participant incurs a disability as defined by the Plan, or upon the participant's death.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing lending rates at the time the loan is borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range up to five years. As of December 31, 2021, participant loans had maturities through 2026 and interest rates ranging from 3.25% to 6.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to pay Plan administrative expenses or reduce future Employer contributions. As of December 31, 2021 and 2020, forfeited non-vested account balances totaled \$114 and \$0 respectively. During the year ended December 31, 2021, \$333,820 was used to reduce Employer contributions, amounts forfeited by participants totaled \$333,293, and the net investment gain totaled \$641.

Administrative Expenses

Plan administrative expenses may be charged directly to the Plan (either allocated to the participants or using forfeiture funds) or paid by the Employer. During the year ended December 31, 2021, \$250,859 of administrative expenses were paid by the Plan. Certain expenses related to maintenance of participant accounts and Plan administration are paid by the Company. Certain investment related expenses are included in net appreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Key management estimates include the fair value of investments.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit and overall market fluctuation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment and Note Receivable Valuation and Income Recognition

Investments are stated at fair value or contract value, as applicable. Quoted market prices are used to determine the fair value of shares of mutual funds, which represent the net asset value of shares held by the Plan at year-end. Investments in units of pooled separate accounts are valued based on net asset value (NAV) as a practical expedient, which is based on the aggregate NAV of the account in relation to the total number of units outstanding. The guaranteed investment contract (GIC) is a traditional investment contract that is a fully benefit-responsive insurance contract and is valued at contract value. The GIC is a contract between the issuer and the Plan and is designed to provide participants with preservation of capital plus competitive intermediate-term returns. Notes receivable from participants are stated at the unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable are deemed a distribution when the participant has a distributable event. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. There were no changes in the valuation methodologies used as of December 31, 2021 and 2020.

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Administrators have evaluated events occurring subsequent to year end through December 16, 2022, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3 – Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 96,251,575	\$ -	\$ -	\$ 96,251,575
Guaranteed investment contract, measured at contract value*				17,199,794
Pooled separate accounts - measured at NAV practical expedient*				124,354,257
Total				\$ 237,805,626

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 86,945,801	\$ -	\$ -	\$ 86,945,801
Guaranteed investment contract, measured at contract value*				18,723,954
Pooled separate accounts - measured at NAV practical expedient*				104,399,772
Total				\$ 210,069,527

**The values for the pooled separate accounts and guaranteed investment contract are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.*

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts – Stated at NAV, which is based on the aggregate fair value of the account in relation to the total number of units outstanding. These investments are priced based on the fair value of the underlying mutual fund assets. These mutual funds are priced based on publicly quoted prices. These prices are used to determine the unit value of each pooled separate account, which is not publicly quoted. Pooled separate accounts can be redeemed on a daily basis.

Mutual funds – Quoted market prices are used to determine the fair value of shares of registered investment companies, which represent the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at NAV as a practical expedient as of December 31, 2021 and 2020:

December 31, 2021	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 124,354,257	\$ -	Daily	None
December 31, 2020	Fair value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 104,399,772	\$ -	Daily	None

4. Fully Benefit-Responsive Guaranteed Investment Contract

Standard Stable Asset Fund II

The Standard Stable Asset Fund II is a fully benefit-responsive guaranteed investment contract issued by Standard Insurance Company (the Standard). The contract guarantees a specified rate of return to the participants in the Plan. The guaranteed rate is reset on a quarterly basis and is never allowed to be set below a guaranteed minimum interest rate established by the contract. The assets under the contract are backed by the general assets of the Standard, and accordingly the contract is considered to be a traditional guaranteed investment contract.

By definition, the Standard Stable Asset Fund II is a group annuity contract. The Plan may transact at contract value, according to the terms defined in the contract, at any time.

Certain events limit the ability of the Plan to transact at contract value with the issuer of the contract. Such events include participant-initiated withdrawals or transfer requests directly or indirectly arising out of corporate acts such as spin-offs, divestitures, corporate relocations, layoffs, retirement incentive programs, partial or total Plan terminations, or the liberalization of Plan withdrawal or transfer rules. The Plan Administrator does not believe that the occurrence of any event, which would limit the Plan's ability to transact at contract value with participants, is probable.

If the Plan Sponsor terminates the contract, the Standard will pay out the value of that Plan's interest in the contract, subject to a surrender charge. Termination of the Plan's interest is made pursuant to the Plan Sponsor's request. The contract with the Standard terminates on the date when 1) no guaranteed investment balances have been established that are accepting deposits and 2) there are no guaranteed investment balances with a value greater than zero under the contract. Provisions relating to annuities in the course of payment will continue to govern payment of such annuities until the final payment under each such annuity is made.

5. Exempt Party-in-Interest Transactions

Certain investments of the Plan are managed by Principal Life Insurance Company and Standard Insurance Company, Trustees or affiliates of the Trustees of the Plan. These transactions qualify as exempt party-in-interest transactions. The notes receivable from participants are also exempt party-in-interest transactions.

6. Federal Income Tax Status

The Internal Revenue Service has informed Plan management by a letter dated August 24, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

7. Information Certified by the Trustees

The Plan Administrators have elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included herein is complete and accurate:

- Investments, at fair value and contract value
- Notes receivable from participants
- Investment activity
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

8. Subsequent Events

In January 2022, the 401(k) plan of MyFavoriteThings, Inc. (dba Mavley), a previously acquired entity, was merged into the Plan.

Effective January 1, 2022, the Plan document was amended so that bonuses are no longer excluded from the definition of compensation for the purposes of calculating eligible wages. The Plan was also amended such that effective January 1, 2022, the number of outstanding loans per participant shall be limited to one; provided, however, that if a participant has more than one outstanding loan as of December 31, 2021, the loans may remain outstanding until paid in full and once the outstanding loans are reduced to one loan, the Participant shall be subject to the limit of only one outstanding loan per Participant.

Effective January 1, 2023, an acquired entity, Ingredient Innovations International, will be merged into the plan.
