Report of Independent Auditors

The Participants and Plan Administrator
Mahr Inc. Employees 401(k) Plan

Opinion

We have audited the accompanying financial statements of Mahr Inc. Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Mahr Inc. Employees 401(k) Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mahr Inc. Employees 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahr Inc. Employees 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are

presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mahr Inc. Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahr Inc. Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Mahr Inc. Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Mahr Inc. (the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may elect to contribute from 1% to 100% of their respective pretax annual compensation, subject to limitations established by the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may provide a discretionary employer matching and profit-sharing contribution.

The Plan has an automatic enrollment feature which provides that newly eligible employees who do not affirmatively elect either to participate in the Plan, or decline participation in the Plan, will automatically be enrolled in the Plan, and will defer 6% of their eligible compensation into the Plan. An employee is eligible immediately, when hired. The automatic enrollment feature includes a 1% increase each year, not to exceed 10% of compensation.

The Company declared a discretionary matching contribution in 2021 and 2020 equal to 50% of each participant's deferred compensation, up to 6%. No profit-sharing contributions were made in 2021 and 2020.

Upon enrollment, a participant may direct contributions to any of the Plan's investment options.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants' Accounts

Each participant's account is credited with an allocation of the participant's contributions, the Company's contributions, and Plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participant nonvested accounts are used to reduce future company contributions. The unallocated forfeiture balances as of December 31, 2021 and 2020 were \$1,349 and \$2, respectively. Forfeitures used to reduce company contributions for 2021 and 2020 were \$40,078 and \$36,431, respectively.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is vested at a rate of 20% per year until becoming 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. The loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably via payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company, he or she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months. The interest rate on outstanding loans at December 31, 2021 and 2020 ranged from 5.25% to 7.50% with various maturities through May 2028.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payments of Benefits

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement, elect to receive other forms of payment described in the plan document.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Plan Amendments

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19-related distributions, and a temporary increase in the maximum amount for retirement plan loans. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance; and
- Extend the period for loan repayments, if applicable, through December 31, 2020.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Mutual Funds are valued using quoted market prices in active markets. The Collective trust fund is valued based upon the net asset value (NAV) of the underlying investments of the fund. There are no unfunded commitments, the fund can be redeemed daily and there are no redemption restrictions on the common collective trust fund. See Note 3 for further discussion of fair value measurements.

The Fidelity Advisor Stable Value Portfolio (Collective trust) investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests primarily in fixed-income securities, bonds, and cash equivalents and enters into wrap contracts issued by third parties. The portfolio's recorded at fair value using NAV as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company, except those directly related to individual participant transactions. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through June 6, 2022, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 25,300,504	\$ -	\$ -	\$ 25,300,504
Total assets in the fair value hierarchy	\$ 25,300,504	\$ -	\$ -	25,300,504
Collective trusts*				3,914,190
Total investments, at fair value				\$ 29,214,694

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 21,300,201	\$ -	\$ -	\$ 21,300,201
Total assets in the fair value hierarchy	\$ 21,300,201	\$ -	\$ -	21,300,201
Collective trusts*				4,178,982
Total investments, at fair value				\$ 25,479,183

* In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

4. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In December 2019, COVID-19 was first identified during an investigation into an outbreak in Wuhan, China. The World Health Organization declared COVID-19 to be a pandemic on March 11, 2020. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on the assets of the Plan.

5. Related Party Transactions and Party-in-interest Transactions

The Plan holds investment funds managed by Fidelity Management Trust Company, the trustee and record-keeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Loans to participants also qualify as party-in-interest transactions.

6. Income Tax Status

The underlying non-standard prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standard prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Differences Between the Financial Statements and Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per financial statements	\$ 29,523,491	\$ 25,814,089
Collective Trust adjustment	40,573	151,627
Net assets available for benefits per the Form 5500	<u>\$ 29,564,064</u>	<u>\$ 25,965,716</u>

The following is a reconciliation of the net increase per the financial statements to the net gain per Form 5500 for the year ended December 31, 2021:

Net increase per the financial statements	\$ 3,709,402
Add: Collective trust adjustment at December 31, 2021	40,573
Less: Collective trust adjustment at December 31, 2020	<u>(151,627)</u>
Net gain per Form 5500	<u>\$ 3,598,348</u>

Report of Independent Auditors

The Participants and Plan Administrator
Mahr Inc. Employees 401(k) Plan

Opinion

We have audited the accompanying financial statements of Mahr Inc. Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Mahr Inc. Employees 401(k) Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mahr Inc. Employees 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahr Inc. Employees 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are

presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mahr Inc. Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mahr Inc. Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to

prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Mahr Inc. Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Mahr Inc. (the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may elect to contribute from 1% to 100% of their respective pretax annual compensation, subject to limitations established by the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may provide a discretionary employer matching and profit-sharing contribution.

The Plan has an automatic enrollment feature which provides that newly eligible employees who do not affirmatively elect either to participate in the Plan, or decline participation in the Plan, will automatically be enrolled in the Plan, and will defer 6% of their eligible compensation into the Plan. An employee is eligible immediately, when hired. The automatic enrollment feature includes a 1% increase each year, not to exceed 10% of compensation.

The Company declared a discretionary matching contribution in 2021 and 2020 equal to 50% of each participant's deferred compensation, up to 6%. No profit-sharing contributions were made in 2021 and 2020.

Upon enrollment, a participant may direct contributions to any of the Plan's investment options.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participants' Accounts

Each participant's account is credited with an allocation of the participant's contributions, the Company's contributions, and Plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participant nonvested accounts are used to reduce future company contributions. The unallocated forfeiture balances as of December 31, 2021 and 2020 were \$1,349 and \$2, respectively. Forfeitures used to reduce company contributions for 2021 and 2020 were \$40,078 and \$36,431, respectively.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is vested at a rate of 20% per year until becoming 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. The loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably via payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company, he or she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months. The interest rate on outstanding loans at December 31, 2021 and 2020 ranged from 5.25% to 7.50% with various maturities through May 2028.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payments of Benefits

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement, elect to receive other forms of payment described in the plan document.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Plan Amendments

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19-related distributions, and a temporary increase in the maximum amount for retirement plan loans. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance; and
- Extend the period for loan repayments, if applicable, through December 31, 2020.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Mutual Funds are valued using quoted market prices in active markets. The Collective trust fund is valued based upon the net asset value (NAV) of the underlying investments of the fund. There are no unfunded commitments, the fund can be redeemed daily and there are no redemption restrictions on the common collective trust fund. See Note 3 for further discussion of fair value measurements.

The Fidelity Advisor Stable Value Portfolio (Collective trust) investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests primarily in fixed-income securities, bonds, and cash equivalents and enters into wrap contracts issued by third parties. The portfolio's recorded at fair value using NAV as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company, except those directly related to individual participant transactions. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through June 6, 2022, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 25,300,504</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 25,300,504</u>
Total assets in the fair value hierarchy	<u>\$ 25,300,504</u>	<u>\$ -</u>	<u>\$ -</u>	<u>25,300,504</u>
Collective trusts*				<u>3,914,190</u>
Total investments, at fair value				<u><u>\$ 29,214,694</u></u>

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 21,300,201</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,300,201</u>
Total assets in the fair value hierarchy	<u>\$ 21,300,201</u>	<u>\$ -</u>	<u>\$ -</u>	<u>21,300,201</u>
Collective trusts*				<u>4,178,982</u>
Total investments, at fair value				<u><u>\$ 25,479,183</u></u>

* In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

4. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In December 2019, COVID-19 was first identified during an investigation into an outbreak in Wuhan, China. The World Health Organization declared COVID-19 to be a pandemic on March 11, 2020. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on the assets of the Plan.

5. Related Party Transactions and Party-in-interest Transactions

The Plan holds investment funds managed by Fidelity Management Trust Company, the trustee and record-keeper of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Loans to participants also qualify as party-in-interest transactions.

6. Income Tax Status

The underlying non-standard prototype plan has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS non-standard prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Mahr Inc. Employees 401(k) Plan

Notes to Financial Statements (continued)

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Differences Between the Financial Statements and Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per financial statements	\$ 29,523,491	\$ 25,814,089
Collective Trust adjustment	40,573	151,627
Net assets available for benefits per the Form 5500	<u>\$ 29,564,064</u>	<u>\$ 25,965,716</u>

The following is a reconciliation of the net increase per the financial statements to the net gain per Form 5500 for the year ended December 31, 2021:

Net increase per the financial statements	\$ 3,709,402
Add: Collective trust adjustment at December 31, 2021	40,573
Less: Collective trust adjustment at December 31, 2020	<u>(151,627)</u>
Net gain per Form 5500	<u>\$ 3,598,348</u>
