Independent Auditor's Report

To the Plan Administrator
Orbit International Corp. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Orbit International Corp. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of June 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following brief description of Orbit International Corp. ("Orbit") Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

Effective December 1, 1985, the Plan was established to provide deferred retirement and savings benefits to employees of Orbit and certain wholly-owned subsidiaries. The Plan has been subsequently amended to include the employees of certain acquired entities. Orbit and all acquired entities are collectively referred to as the "Company." The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Company are eligible to participate in the Plan, except temporary and leased employees, student interns, nonresident aliens who receive no earned income from sources within the United States, employees of an affiliate that is not a participating employer and employees covered by a collective bargaining agreement.

As of June 1, 2003, an employee will become eligible to participate in the Plan upon attaining age 20 1/2 and completing three months of continuous service. On January 24, 2020, the Plan was retroactively amended to change the service requirement for the period starting July 1, 2016. Subsequent to July 1, 2016, an employee will become eligible to participate in the Plan upon attaining age 20 1/2 with no requisite service period.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Effective April 1, 2022, the Plan was amended to allow Roth elective deferrals.

The Company contributes 50% of the percentage of base compensation that a participant contributes to the Plan up to a maximum of 2%. Additional amounts may be contributed at the option of the Company. There was no discretionary contribution by the Company for the year ended June 30, 2022.

Participants' investment options

Participants may direct their contributions into a selection of mutual funds determined by Merrill Lynch Pierce, Fenner and Smith Incorporated ("Merrill Lynch"), the Plan's fiduciary advisor, and by the Plan's Investment Committee. Merrill Lynch recommends mutual funds for selection and groups such funds into various "lifestyle portfolios" that are also eligible for selection by the participants. In addition, participants are also given the option of (i) placing a portion or all of their assets into a self-directed account whereby the participant is responsible for all investment decisions or (ii) investing in a common collective trust.

Participants are provided with a report each quarter from the investment manager disclosing the performance of the various fund categories. Additionally, participants may change their contribution percentage to the Plan quarterly (i.e., January 1, April 1, July 1 and October 1).

Participant accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution plus actual earnings thereon is based on years of continuous service and vests 20% and 100% upon completion of two and three years, respectively.

Notes receivable from participants
Participants may borrow up to the lesser of $50,000, reduced by the participant's highest outstanding loan balance in the past 12 months, or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is determined by the Plan administrator at a rate commensurate with local prevailing rates, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of benefits
Upon termination of service due to death, disability, attaining the age of 59 1/2 or retirement, participants or their designated beneficiary, as applicable, may, in accordance with the Plan provisions, elect to receive their participating vested interest in a lump sum or in the form of an annuity.

Forfeitures
Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. There were $6,756 and $7,341 in forfeitures at June 30, 2022 and 2021, respectively. For the year ended June 30, 2022, the Company utilized $7,340 of forfeitures to offset Company contributions in accordance with the Plan provisions.

Note 2 - Summary of significant accounting policies

Basis of accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Payment of benefits
Benefits are recorded when paid.

Use of estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative expenses
Certain expenses of administrating the Plan are paid directly by the Plan. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Beginning January 1, 2018, Merrill Lynch modified how its expenses are charged to the Plan. Merrill Lynch now charges the Plan directly for fiduciary, education, and administrative expenses. These expenses were offset by revenue earned from certain mutual funds in the Plan. During the year ended June 30, 2022, the excess of revenue over expenses from Merrill Lynch was $32,285, which is included in revenue earned, net of administrative expenses on the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The aggregate amount of administrative expenses was a net benefit of $15,180 for the year ended June 30, 2022.

The mutual fund revenue sharing, net receivable of $8,017 at June 30, 2022 relates to the excess of Plan revenue from certain mutual funds over Plan expenses for the period April 1, 2022 through June 30, 2022. This amount was paid to the Plan in July 2022.

Subsequent events
The Plan has evaluated subsequent events through January 31, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed accounts: Common stocks, which are held through the Plan's self-directed account, are valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one day's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value at June 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,837,480	$ -	$ -	$ 10,837,480
Self-directed accounts	80,800	-	-	80,800
Total assets in the fair value hierarchy	10,918,280	-	-	10,918,280
Common collective trust fund (a)	-	-	-	2,959,162
Total investments at fair value	$ 10,918,280	$ -	$ -	$ 13,877,442

	Assets at fair value at June 30, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,133,251	$ -	$ -	$ 14,133,251
Self-directed accounts	210,901	-	-	210,901
Total assets in the fair value hierarchy	14,344,152	-	-	14,344,152
Common collective trust fund (a)	-	-	-	2,805,206
Total investments at fair value	$ 14,344,152	$ -	$ -	$ 17,149,358

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There have been no changes in the methodologies used at June 30, 2022 and 2021 nor any transfers between levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair value of investments in entities that use NAV

The following tables present the Plan's investments with a reported NAV at June 30, 2022 and 2021:

June 30, 2022	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust fund Invesco Stable Value Retirement Fund	$ 2,959,162	None	Daily	1 Day

June 30, 2021	Fair value	Unfunded commitment	Redemption frequency (if currently eligible)	Redemption notice period
Common collective trust fund Invesco Stable Value Retirement Fund	$ 2,805,206	None	Daily	1 Day

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at June 30, 2022 and 2021, and investment income and interest income on notes receivable from participants for the year ended June 30, 2022, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Note 6 - Related party transactions and party-in-interest transactions

Certain trustees of the Plan are also employees of the Company and may be participants in the Plan. They do not receive any fees associated with being trustees to the Plan. Also, certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

Through the Plan's self-directed accounts, a certain participant purchased shares of Orbit's common stock. The total number of shares held as of June 30, 2022 and 2021 was 6,538.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Plan tax status

The prototype plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan has no such tax liabilities accrued. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

COVID-19
In early 2020, an outbreak of a novel strain of coronavirus (**"**COVID-19**"**) emerged globally. As a result, events have occurred domestically in the Unites States and globally, including mandates from federal, state, and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time**.**

Note 10 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 13,920,611	$ 17,218,766
Plus difference between the valuation of certain investments in the financial statements and Form 5500	(154,172)	86,680
Net assets available for benefits per Form 5500	$ 13,766,439	$ 17,305,446

The following is a reconciliation of net increase in net assets per the financial statements for the year ended June 30, 2022 to Form 5500:

Decrease in net assets per the financial statements	$ (3,298,155)
Adjustment for change in the difference between the valuation of certain investments in the financial statements and Form 5500	(240,852)
Net decrease in net assets per Form 5500	$ (3,539,007)
