Independent Auditor's Report

To the Board of Directors of
Health Care Logistics, Inc., Plan Participants, and the
Fiduciary Plan Review Committee of the Health Care
Logistics, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Health Care Logistics, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

1. Description of the plan

The following description of the Health Care Logistics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended.

General

The Plan is a defined contribution plan covering substantially all employees of Health Care Logistics, Inc. (the “Employer”) who are at least 18 years of age and have completed six months of employment.

Administration

The Employer’s Health Care Logistics 401(k) Committee (the “Committee”) is the Plan administrator and is responsible for the general operation and administration of the Plan.

Great-West Trust Company, LLC (“GWTC”) is the trustee and holds the Plan’s investments, Great-West Life & Annuity Insurance Company (“GWL&A”) is the insurance company and holds the annuity contract, and Empower Retirement, an affiliate of GWTC and GWL&A, is the third party recordkeeper.

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill”) is the Plan’s investment advisor and provides education and Plan services.

Amendments

The Plan was amended and restated effective January 13, 2021 to bring the Plan into compliance with the requirements of the 2017 Internal Revenue Service (“IRS”) Cumulative List (Notice 2017-37). Cumulative Lists identify changes in the qualification requirements of the Internal Revenue Code that are required to be taken into account in a pre-approved plan document submitted under the pre-approved plan program administered by the IRS and that will be considered by the IRS for purposes of issuing opinion letters.

Contributions

Employer contributions:

The Employer provides a safe harbor matching contribution of 100% of the first 3% of the participant’s voluntary contribution and 50% of the next 2% on a payroll period basis. The Employer may also provide an additional discretionary employer matching contribution. There was no additional discretionary employer matching contribution for the years ended June 30, 2022 and 2021, respectively.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

The Employer may also provide a discretionary employer contribution, to be allocated in the ratio of a participant's annual compensation for the Plan year to the total annual compensation of all participants. The annual compensation of each participant taken into account under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code (the "Code"). There were no discretionary contributions for the years ended June 30, 2022 and 2021.

Participant's voluntary contributions:

A participant may elect to make a voluntary tax-deferred contribution or Roth contribution of 1% to 100% of their compensation up to the maximum permitted under Section 402(g) of the Code adjusted annually. Section 401(k) of the Code may limit this voluntary tax-deferred contribution.

A newly eligible employee hired subsequent to July 1, 2018, who has not made an election otherwise, will be enrolled in the voluntary contribution portion of the Plan at a rate of 3% which auto escalates by 1% each January 1st to a maximum of 10%.

Participant's catch-up contributions:

Participants who attain age fifty prior to the Plan year-end are eligible to make catch-up contributions, in an amount equal to the maximum allowable under the Code.

Investment options

Both Employer and participant contributions can be directed into various investment options offered by the Plan, solely at the participant's discretion. The Employer periodically reviews and may make changes to the investment choices available in order to ensure the funds offered are meeting the investment objectives and the financial goals of the participants.

The Plan's investment options offered as of June 30, 2022 include twenty mutual funds, one general account product of GWL&A, and eleven actively managed investment portfolios consisting of set percentage mixes of certain of the offered mutual funds.

If a participant makes no investment election, all contributions made into such participant's account are invested in the Plan's qualified default investment alternative ("QDIA"). The Plan's QDIA is the actively managed investment portfolio based on the participant's age.

Participant accounts

Each participant's account is credited with the participant's and Employer's contributions and allocated investment earnings and administrative expenses. Allocations are based on the participant's account balances or earnings. The benefit to which a participant is entitled is equal to the vested balance in the participant's account.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

Payment of benefits

The full value of a participant's account becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, participants' accounts, to the extent vested, become payable. Those participants with vested account balances greater than \$5,000 have the option of leaving their accounts invested in the Plan until age 72. Participants with vested account balances between \$1,000 and \$5,000, who have not elected to either have such distribution paid to them or to an eligible retirement plan, shall be rolled over to an individual retirement account ("IRA") with a properly accredited and regulated financial institution. All benefits will be paid as a lump-sum distribution. Participants have the option of having their benefit paid directly to an eligible retirement plan specified by the participant.

A participant may request a distribution at any time of their rollover contributions. In addition, a participant, upon reaching age 59½, may withdraw up to 100% of their pre-tax deferrals and Roth deferrals. Additionally, a participant upon reaching age 65 and who is 100% vested may withdraw up to 100% of their account balance. A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

The Plan adopted certain distribution provisions of the Coronavirus Aid, Relief, and Economic Security Act, enacted March 27, 2020 (the "CARES Act"). Specifically, the Plan permitted qualified participants, in accordance with the CARES Act, to take coronavirus-related distributions up to \$100,000 from qualified plans between March 27, 2020 and December 31, 2020, with repayment option of up to three years. The Plan will execute a formal Plan amendment within the timeframe required by law.

Vesting

A participant is fully and immediately vested for voluntary, catch-up, rollover, and safe harbor matching contributions. For Employer discretionary and Non-Safe Harbor Matching contributions, a participant is credited with a year of vesting service for each Plan year that they are credited with at least 1,000 hours of service.

A summary of vesting percentages for Employer discretionary and non-safe harbor matching contributions are as follows:

<u>Years of vested service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years	20
3 years	40
4 years	60
5 years	80
6 years	100

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

Forfeitures

Forfeitures are used to reduce the Employer's required contributions and can be used to reduce plan expenses. There were no forfeitures used to reduce Employer contributions and pay reasonable expenses of the Plan for the years ended June 30, 2022 and 2021, respectively. At June 30, 2022 and 2021, the Plan had no unutilized forfeitures.

Suspense amounts

Employer's contributions made in excess of amounts allocated are held in a suspense account to be used against future Employer's required contributions. During the year ended June 30, 2022, \$5,352 were used and none were used during the year end June 30, 2001. At June 30, 2022 and 2021, the Plan was holding \$204 and \$5,468, respectively, in the suspense account. These unused suspense amounts represent unallocated amounts.

Amounts allocated to participants withdrawn from the plan

There were no amounts allocated, but not yet paid to participants withdrawn from the Plan as of June 30, 2022 and 2021.

Expenses

A distribution fee for termination or in-service withdrawals are deducted from participants' accounts. In addition, a participant annual fee of 25 basis points charged quarterly on their average account value and is deducted from participants' accounts for recordkeeping. A participant who elects to have their investments managed for them are charge a tiered fee of between 8.75 to 16.25 basis points quarterly based on their average account value. These expenses are reported in the financial statements as administrative expenses.

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be.

Other administrative expenses if so elected by the Employer will be paid out of revenue share (see Note 2). Any additional Plan expenses are paid by the Employer.

2. Summary of accounting policies

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

Estimates

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States, which requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Risks

The Plan provides for the various investment options as described in Notes 1 and 3. Any investment is exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Net appreciation (depreciation) in fair value of investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Benefit payments

Benefits are recorded when paid.

Investment valuation and income recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis using fair value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Revenue share

Revenue sharing and sub transfer fees received are credited to an administrative account and are used to reduce administrative fees charged directly to participants. The fees received are reported in the Plan's financial statements as part of earnings from investments and when used as part of administrative expense. During the Plan years ended June 30, 2022 and 2021, the Plan received fee income of \$83,767 and \$82,302, respectively and used \$35,792 and \$32,765, respectively, for expenses.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

During the year ended June 30, 2022 and 2021, \$53,000 and \$72,518 of revenue share was reallocated pro rata to participants based on their account balances, respectively.

As of June 30, 2022 and 2021, the Plan was holding \$24,031 and \$29,056, respectively, in the administrative account, respectively. These unused earnings represent unallocated amounts.

Subsequent events

The Plan was amended effective July 1, 2022, to change the Plan year-end to December 31 and adopt the provisions of the Care Act.

Management evaluated subsequent events for the Plan through December 20, 2022, the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at June 30, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and earnings on investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by GWTC, and GWL&A.

4. Fair value measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include • quoted prices for similar assets and liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
---------	--

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual Funds: Valued at the quoted market price (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022 and 2021.

Assets at fair value as of June 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$12,129,698</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,129,698</u>

Assets at fair value as of June 30, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$13,719,283</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,719,283</u>

5. Fully benefit-responsive investment contracts

The Plan allows for an investment option under their group annuity contract with GWL&A. This investment option meets the fully benefit-responsive investment contract ("FBRIC") criteria and therefore is reported at contract value. Contract value is the relevant measure for a FBRIC because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The crediting rate is based on a formula established by GWL&A but may not be less than 0 percent and is reviewed quarterly for resetting.

Health Care Logistics, Inc. 401(k) Plan
Notes to Financial Statements
June 30, 2022 and 2021

The Plan's ability to receive amounts due in accordance with this FBRIC is dependent on GWL&A's ability to meet its financial obligations. GWL&A's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with GWL&A, the contract issuer. Examples of such events include 1) premature termination of the contract, 2) changes to the Plan's prohibition on competing investment options, and 3) bankruptcy of GWL&A, the contract issuer.

The FBRIC is subject to early termination penalties that may be significant. There are no reserves against contract value for credit risk of GWLAC or other matters.

6. Tax status

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Code Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

8. Related party and parties-in-interest

The Employer provides certain administrative services to the Plan at no charge. These are exempt party-in-interest transactions. The Plan also pays the investment advisor's, trustee's, and third party record keeper's fees and these transactions are exempt party-in-interest transactions.
