INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Vectorworks, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Vectorworks, Inc. 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
Vectorworks, Inc. 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Vectorworks, Inc. 401(k) Plan

Auditor's Responsibilities for the Audit of the 2021 Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
Vectorworks, Inc. 401(k) Plan

2021 Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 31, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VECTORWORKS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established on January 1, 1995, is a defined contribution plan. The Plan covers substantially all employees of Vectorworks, Inc. (the Company), and its participating employers, Nemetschek, Inc., Allplan Inc. (through January 1, 2022, see below and Note 9), MSC Americas LLC, and dRofus, Inc., (collectively, the Companies). The Plan is subject to the provisions of ERISA.

Allplan Inc. merged into Design Data Corporation on December 20, 2021. As a result, the Company directed the Plan's trustee to transfer the account balances of active participants with Allplan Inc. to the Design Data Corporation 401(k) Savings Retirement Plan. The transfer out of the Plan, totaling \$1,136,459, took place on December 31, 2021.

Eligibility - Employees are eligible to participate in the Plan on the first day of the month coinciding with or following the attainment of 18 years of age and completion of three months of service. Employees who are covered by a collective bargaining agreement, leased employees, non-resident aliens, part-time/temporary/seasonal employees, as defined or classified as interns are not eligible to participate in the Plan.

Contributions - Each year, participants may elect to contribute up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral or after-tax Roth contributions. Under the Plan's Qualified Automatic Contribution Arrangement (QACA), a pre-tax deferral contribution of 3% of eligible compensation (as defined) will automatically be elected, unless otherwise directed by the employee. Each year, the automatic deferral will increase by 1% up to a maximum of 6% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Companies provide for the following contributions on behalf of participants:

A QACA safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 1% of the participant's eligible compensation plus 50% of the participant's additional elective deferrals up to 6% of the participant's eligible compensation. The QACA safe harbor matching contribution is calculated on a per payroll period basis. For 2021, the QACA safe harbor matching contribution totaled \$779,146, net of forfeitures.

A discretionary nonelective contribution on behalf of eligible participants, as determined by the Company. Such contribution is allocated to participants on a pro-rata basis as a uniform percentage of participant compensation. Participants not actively employed at the end of the plan year will not share in the discretionary contribution, except if not actively employed on the last day of the plan year due to death, disability or attaining normal retirement age. No discretionary nonelective contribution was made during 2021.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs), as defined in the Plan. No QNECs or QMACs were made for 2021.

VECTORWORKS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into various registered investment companies (mutual funds) and a common/collective trust fund offered by the Plan. For those participants who do not make an investment selection, their contributions and the related Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Companies' QACA safe harbor matching contribution and the Companies' discretionary nonelective contribution is based upon years of service, as defined. A participant is 100% vested in the Companies' QACA safe harbor matching contribution after two (2) years of credited service. A participant is 100% vested in the Companies' discretionary nonelective contribution after six (6) years of credited service. Regardless of the vesting schedules, participants will become fully vested upon death or total and permanent disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts. The minimum note amount is \$1,000; however, no note to any participant shall be made in an amount which exceeds 50% of his or her vested account balance. The maximum aggregate dollar amount outstanding to any participant may not exceed \$50,000, reduced by the highest outstanding note balance to the participant during the 12-month period ending on the date before the note is processed. The notes are secured by the balance in the participant's account and bear interest at a rate equal to the Prime rate as published by The Wall Street Journal plus 1%. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions and must be repaid within five years from the date of the note or thirty years for the purchase of a principal residence.

Payment of Benefits - Benefit payments may be in the form of lump sums or installments and are payable upon termination of employment, death, disability or retirement at age 55. Distributions from a participant's rollover account may be made at any time. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' contributions (due to participants' termination prior to full vesting) are to be used to pay administrative expenses or to reduce the Companies' contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$26,249 and \$12,216, respectively. During 2021, forfeitures totaling \$17,199 were used to reduce the Companies' QACA safe harbor matching contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

VECTORWORKS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have a beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund's net investment income is distributed monthly and reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit value on that date and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant notes are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

VECTORWORKS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Federated Capital Preservation Fund: The common/collective trust fund primarily invests directly or indirectly in fully benefit-responsive investment contracts. The fund is valued daily at the NAV as provided by the trustee and is based on the fair value of the underlying contracts except for certain investment contracts that generally are valued at contract value. The NAV is used as a practical expedient to estimate fair value. Unit values are computed by dividing net assets by the number of participants' units outstanding on the valuation date. The Fund attempts to maintain a stable price per unit of \$10.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

	<u>Assets at Fair Value as of December 31, 2021</u>

Participants may redeem units of the Federated Capital Preservation Fund for the purpose of funding a benefit payment, making a participant note, honoring an employee-directed transfer to another noncompeting investment, or paying trustee fees. Participants may make withdrawals from this fund for other purposes generally only upon 12 months' advance written notice to the trustee. There are no unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividend income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (Reliance), a qualified institution.

NOTE 5 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

ADP, LLC (ADP) provides certain administrative services to the Plan pursuant to the Administrative Services Agreement (the Agreement) between the Company and ADP. In conjunction with the Agreement, ADP receives, as additional compensation, certain fees from one or more of the Plan's investment funds, or from affiliates or agents of such investment funds, for services provided by ADP with respect to such investment funds. This revenue sharing reduces the amount of expenses that would otherwise be payable pursuant to the Agreement. The Plan or Companies may make payments to ADP for administrative expenses not covered by revenue sharing. ADP also receives compensation in the form of interest or other similar income ("float") on contributions, plan loan repayments, and withdrawals from the Plan. Note and distribution fees paid by participants to ADP amounted to \$1,665 for the year ended December 31, 2021.

ADP has entered into a service agreement with Reliance under which Reliance has agreed to provide directed trustee services to certain retirement plans for whom ADP provides recordkeeping and administrative services. ADP compensates Reliance to provide services to the Plan as set forth in the Agreement. As part of Reliance's compensation, Reliance may earn interest on balances, including without limitation disbursement balances and balances arising from purchase and sale transactions.

VECTORWORKS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 6 - TAX STATUS

The IRS has determined and informed ADP, LLC, by a letter dated July 16, 2014, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the Companies' contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2021 and 2020, 36% and 35% respectively, of net assets available for benefits is invested in the American Funds Target Date Retirement Funds; however, by their nature, the American Funds Target Date Retirement Funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through January 27, 2023, the date the financial statements were available to be issued.

Allplan, Inc. was removed as a participating employer effective January 1, 2022.

Effective October 6, 2020, the prototype plan with ADP, LLC was amended and restated in accordance with the Cycle 3 Restatement as required by the IRS. Accordingly, the plan administrator executed a new adoption Agreement, effective August 1, 2022. There were no changes to plan provisions as a result of this amendment and restatement.
