Electrical Workers Local No. 292
Defined Contribution and 401(k) Plan
Maple Grove, Minnesota

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of April 30, 2022 and 2021, and the related statements of changes in net assets available for benefit for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan as of April 30, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent contributions as of or for the year ended April 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Electrical Workers Local No. 292 Defined Contribution and 401(k) Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1993, as a result of a collective bargaining agreement between Minneapolis Chapter, National Electrical Contractors Association, Inc. (the Contractors' Association) and International Brotherhood of Electrical Workers Local Union No. 292 (the Local). The Plan is a multiemployer defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is managed by a Board of Trustees consisting of an equal number of representatives from the Contractors' Association and the Local.

To be eligible to participate in the Plan, an individual must be employed by an entity that makes contributions to the Plan based on a collective bargaining or other agreement.

Contributions

Participating employers contribute amounts as specified in the collective bargaining agreements. The contribution rate for the majority of participants covered under the Plan, as a percentage of gross wages, was 12.16% and 12.81% during the years ended April 30, 2022 and 2021, respectively.

A portion of an employer's contribution (6% of gross wages) is initially deposited into the participant's account in the Electrical Workers Local No. 292 Supplemental Unemployment Benefit Plan until a balance of $4,500 is reached. Once this balance is reached, any additional contributions are deposited in the Plan as employer contributions.

Participants may contribute up to the maximum contribution limit allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has reciprocal agreements with other local unions. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employees' participating local unions. Reciprocal contributions received and paid are recorded as employer contributions in the statement of changes in net assets available for benefits.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions and allocations of Plan earnings or losses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The $50,000 maximum is reduced by the amount of the participant's highest outstanding loan balance for the previous 12-month period. The interest rate on the note receivable is fixed and will be equal to the local prevailing commercial interest rate as determined by the Trustees. Principal and interest is paid ratably through monthly ACH deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Contributions Receivable

Contributions due but not paid prior to year-end are recorded as contributions receivable. Reciprocal contributions receivable is also included with employer contributions receivable. Delinquent contributions and payroll audit findings are individually analyzed for collectability. As of April 30, 2022 and 2021, all outstanding contributions receivable amounts are reported net of contributions considered uncollectible by the Plan.

Notes Receivable from Participants

Notes receivable from participants is measured at its unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of either April 30, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Service Credits

The Plan's recordkeeper has arrangements with each of the investment managers whereby the recordkeeper receives credits from each investment manager for recordkeeping services for each investment at the participant level and executing trades at the Plan level. Each investment manager reimburses the recordkeeper credits above various basis point levels. The recordkeeper then passes these credits onto the Plan. Balances are used to pay Plan administrative expenses.

Administrative Expenses

The Plan's expenses are paid by the Plan. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid. There were no participant distributions approved for payment that were not paid at either April 30, 2022 or 2021.

Subsequent Events

The Plan has evaluated subsequent events through January 31, 2023, the date the financial statements were available to be issued.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4 TAX STATUS

The IRS has determined and informed the Company by a letter dated November 6, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2022 and 2021.

Common Stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate Bonds and Municipal Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

A Certain Mutual Fund, Common Collective Trusts, Limited Partnership, and 103-12 Investment Entity: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Invested Cash: Valued at cost which approximates fair value.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

	Investment Objectives:
1	To generate competitive risk-adjusted total rates of return for its investors by investing in fixed-income investments, primarily multifamily and single family mortgage-backed assets
2	To generate competitive risk adjusted returns by investing in real estate investments that have the potential to offer the trust current cash return, long term capital appreciation or both
3	To provide long-term total return in excess of the MSCI All Country World ex US Index.
4	Objective is high total investment return through a combination of current income and capital appreciation
5	Seeks an investment return that approximates as closely as practicable, before expenses, the performance of the S&P MidCap 400 over the long-term
6	To maximize total return through capital appreciation and income and exceed the return of the Bloomberg Barclays Global Aggregate Index – US$ Hedged, over a full market cycle, on both an absolute and risk adjusted basis
7	To seek the preservation of principal and to provide interest income reasonably under prevailing market conditions and rates.
8	To replicate the performance of the standard and poors 500 index y the purchase and sale of such equities which compose the SP 500 index
9	Enable investors to achieve growth of capital through investment in a professionally managed portfolio of international securities
10	Open ended diversified core real estate commingled fund whose primary objective is to provide returns that are attractive relative to other asset classes with stable income and the potential for market appreciation

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 MAJOR EMPLOYERS

Contributions from two employers accounted for approximately 20% and 28% of total contributions during the years end April 30, 2022 and 2021, respectively. In the event these employers suspend contributions, the Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

NOTE 8 PARTICIPANT CONTRIBUTIONS

Employers withhold participants' contributions from their payroll. During the years ended April 30, 2022 and 2021, certain employers remitted such contributions to the Plan in a manner that did not meet the timeliness requirements prescribed by U.S. Department of Labor regulations, and therefore, these late remittances constitute a prohibited transaction with a party-in-interest. During the years ended April 30, 2022 and 2021, contributing employers failed to timely remit to the Plan participant contributions totaling $71,690 and $28,502, respectively.

NOTE 8 PARTICIPANT CONTRIBUTIONS (CONTINUED)

The Plan has a collection program that pursues legal action against delinquent employers. As part of its collection program, the Plan may collect contributions, liquidated damages, interest and attorney fees from delinquent employers. Upon receipt of late contributions from a delinquent employer, the amount of contributions, plus assessed liquidated damages and interest, is credited to the participant's account to compensate the participant for lost earnings resulting from the delay in contributions.

NOTE 9 RELATED PARTIES

The Plan is related to a labor union, an apprenticeship and training trust fund, a defined benefit pension plan, a vacation and holiday benefit plan, a supplemental unemployment benefit plan, and a health care plan, all of which are tax-exempt.

The Plan has common trustees and shares office facilities and staff with the following plans:

- I.B.E.W. Health Care Plan
- Electrical Workers Local No. 292 Pension Plan
- Electrical Workers Local No. 292 Supplemental Unemployment Benefit Plan
- Electrical Workers Local No. 292 Vacation and Holiday Plan

Certain operating expenses of the combined facility are initially paid by the I.B.E.W. Health Care Plan and are allocated annually based on the asset value at the end of the preceding plan year of each Plan and estimates of space and staff utilized for the year ended April 30, 2022 and 2021, respectively. The total amounts allocated to the Plan from the I.B.E.W. Health Care Plan were $474,579 and $460,473 for the years ended April 30, 2022 and 2021, respectively.

In addition, the I.B.E.W. Health Care Plan holds a receiving agency account that serves to collect contributions and union dues and distribute them to the various related organizations. On a regular basis, monies due from the I.B.E.W. Health Care Plan are transferred to the respective organizations' accounts. As of April 30, 2022 and 2021, there were no amounts due from the receiving agency account.
