Report of Independent Auditor

To the Plan Administrator
Mosaic Group, LLC 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Mosaic Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining if the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the Compilation of the 2020 Financial Statement

Plan management is responsible for the accompanying 2020 financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement as of December 31, 2020.

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020 (COMPILED)

Note 1—Description of the Plan

General – The following brief description of the Mosaic Group, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete explanation of the Plan’s provisions.

The Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, covers all employees of the Mosaic Group, LLC and its participating affiliated employers (the “Company” or “Employer”) who meet the eligibility requirements of the Plan. The Plan was established effective January 1, 2019 and was most recently amended effective January 1, 2021. All employees who are 21 years of age and who have completed six months of service are eligible to participate.

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility and Participation – Participation in the Plan is voluntary. Under the Plan, those eligible to participate are all employees of the Company upon date of hire who are not members of a collective bargaining unit and who are not non-resident aliens, leased employees, or part-time employees with less than 1,000 hours of service during the Plan year.

Contributions – The Plan provides for catch-up contributions by participants who have attained age 50 before the close of the Plan year, to satisfy the alternative methods of meeting nondiscrimination requirements. Contribution amounts are limited in order to comply with Internal Revenue Service (“IRS”) regulations. The participants’ basic annual contributions cannot exceed \$19,500, and an additional \$6,500 for catch-up contributions for participants who are 50 or older. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may designate certain contributions into the Plan as Roth elective contributions. Designated Roth contributions will be currently included in the gross taxable income of the participant, while distributions of designated Roth elective contributions and earnings thereon are generally excludable from the participant’s taxable income.

The Company may provide discretionary matching contributions and discretionary profit-sharing contributions. Discretionary matching contributions totaled \$65,913 during the year ended December 31, 2021. There were no discretionary profit-sharing contributions during the year ended December 31, 2021.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocation of (a) the Firm’s contributions and (b) investment earnings or losses (including net appreciation and depreciation in fair value of investments) and charged with benefit payments and transaction fees related to notes receivable from participants and distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

MOSAIC GROUP, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020 (COMPILED)

Note 1—Description of the Plan (continued)

Vesting – Participants are fully vested in their elective contributions and any rollover contributions, plus or minus any earnings or losses thereon. Vesting in the discretionary matching or profit-sharing contributions, plus actual earnings thereon, is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
1 year	0%
2 years	50%
3 years	100%

Investment Options – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with the Plan. Within the Plan, participants may select between several investment options including mutual funds, common collective trust funds, and fixed guaranteed investment contracts. Participants may transfer balances periodically based on the applicable funds as defined in the custodial service agreement.

Notes Receivable from Participants – Previously, participants were allowed to borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest were paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to acquire a principal residence, in which case the repayment period could exceed five years. Notes were secured by the vested balances in participants' accounts. Notes receivable from participants are recorded at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are deemed distributions based upon the terms of the Plan document. Effective January 1, 2021, new loans were not permitted by the Plan.

Benefit Payments – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in the Internal Revenue Code ("IRC") Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, payments for burial or funeral expenses, payment of expenses arising from federal declared disasters, or any other condition which the Commissioner of the IRS determines is deemed an immediate and financial need of the participant. Any distributions will be taken first from the participant's pre-tax deferral account and then from the participant's Roth Deferral account.

Forfeited Accounts – At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$4,100 and \$100, respectively. The accounts will be used to reduce future matching contributions. During 2021, no amounts were used to reduce employer matching contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit Payments – Benefit payments to participants are recorded upon distribution.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for fully benefit-responsive investments, which are reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan’s gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset and liability, in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP describes three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020 (COMPILED)

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common Collective Trust – These investments are public investment vehicles valued at the NAV of units of a trust. NAV, as provided by the administrator of the fund, is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. Investments measured at fair value based on NAV as a practical expedient are excluded from the fair value hierarchy.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Information certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company (the “qualified institution”) has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

- Investments, at fair value, fully benefit-responsive investment contract, at contract value, and notes receivable from participants as of December 31, 2021 and 2020 as shown in the statements of net assets available for benefits.
- Net appreciation in fair value of investments and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

MOSAIC GROUP, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020 (COMPILED)

Note 4—Fair value measurements

The following summarizes the Plan's investments based upon the fair value hierarchy levels discussed in Note 2:

	December 31, 2021 (Audited)				
	Level 1	Level 2	Level 3	Other ^(*)	Total Fair Value
Mutual funds	\$ 678,455	\$ -	\$ -	\$ -	\$ 678,455
Common collective trust	-	-	-	835,088	835,088
Total Investments	<u>\$ 678,455</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 835,088</u>	<u>\$ 1,513,543</u>
	December 31, 2020 (Compiled)				
	Level 1	Level 2	Level 3	Other ^(*)	Total Fair Value
Mutual funds	\$ 329,522	\$ -	\$ -	\$ -	\$ 329,522
Common collective trust	-	-	-	593,346	593,346
Total Investments	<u>\$ 329,522</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 593,346</u>	<u>\$ 922,868</u>

(*) In accordance with U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2021, the common collective trust had no unfunded commitments or redemption frequency restrictions.

Note 5—Fully benefit-responsive investment contract

The Plan has invested in an investment contract at December 31, 2021 and 2020, which includes a guaranteed investment account, which was determined to be fully benefit-responsive. As a result of the contract being fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the qualified institution, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The general investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Less prior year excess contribution payable	(15,693)
Change in other	1,726
Net income per Form 5500	<u>\$ 518,373</u>

Note 7—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the coronavirus ("COVID-19"), economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 8—Income tax status

The IRS has determined and informed the Plan prototype sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the "IRC"). The Company has chosen to rely on the determination letter issued to the Plan prototype sponsor. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax-exempt.

MOSAIC GROUP, LLC
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020 (COMPILED)

Note 8—Income tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Parties-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Massachusetts Financial Services Company, an affiliate of the qualified institution of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 10—Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions in their accounts.

Note 11—Subsequent events

The Plan administrator has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued.

The Company amended the Plan, effective January 1, 2022, to adopt safe harbor plan provisions, including immediate vesting of all employer matching contributions.
