A - DESCRIPTION OF PLAN

The following description of the Mitra QSR 401(k) Plan (the “plan”) is provided for general information purposes only. The plan sponsor is Mitra QSR KNE, LLC. Participants should refer to the Summary plan Description (SPD) for additional information.

Transfer of assets out of this plan

The Plan was merged into the Secure Your Retirement 401(k) Plan of Minnesota Life Insurance Company effective December 1, 2021 and all assets were transferred out of the plan as of that date.

General

The plan was adopted effective January 1, 2014 and has been subsequently amended to conform to Federal regulations, and is a qualified defined contribution plan covering all eligible employees of Mitra QSR KNE, LLC and its affiliated companies (see note J), who are 21 years of age or older and have six months of employment. The Plan provides for quarterly entry dates following the satisfaction of the age and service requirements. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Definiti, LLC is the third-party administrator for the plan and MassMutual Life Insurance Company is the record keeper and custodian.

The plan invests in pooled separate accounts and other types of investments through a contract with MassMutual Life Insurance Company. The custodian of the plan has been designated to hold the assets of the plan for the benefit of plan Participants and their beneficiaries in accordance with the terms of this plan. The Trust Fund established by the plan's custodian will be the funding medium used for the accumulation of assets from which plan benefits will be distributed.

Allocations to participant accounts

Assets of the plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participants account and any earnings thereon.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

A - DESCRIPTION OF PLAN (Continued)

Contributions

In order to allow participants the opportunity to increase their retirement income, each participant may, in accordance with nondiscriminatory procedures established by the administrator, elect to make employee voluntary contributions to the plan. Such contributions must generally be paid to the custodian within a reasonable period of time after being received by the employer. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401 (k) deferrals.

The Company may make discretionary contributions to the plan to be determined annually. The Company made matching contributions of \$39,578 in 2021.

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the plan. Such amounts, if incurred, are recorded as a liability in the year in which they are initially contributed to the plan. In addition, they are netted against contributions received in the statement of changes in net assets available for benefits. There were no corrective distributions recorded for 2021.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of the participant's accounts plus actual earnings thereon is 20% after two years of service increasing 20% each year until fully vested after six years of service. A participant will be fully vested in all of their accounts under the plan upon reaching the plan's normal retirement age (age 65), their disability or death as well as termination of the plan

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equivalent to the value of the vested interest in their account.

For termination of service due to other reasons, participants with vested account balances of more than \$5,000 as of distribution date may receive a distribution from the plan. If they do not consent to a distribution of their vested account balance, their balance will remain in the plan. If the participants total vested account balance under the plan is between \$1,000 and \$5,000 as of the distribution date, they will be eligible to receive a distribution of their entire vested account balance in a lump sum. If they do not consent to a distribution of their vested account balance, their vested benefit will automatically be rolled over to an IRA selected by the plan administrator. If a participant's total vested account balance is \$1,000 or less as of the distribution date, their entire vested benefit will be distributed to in a lump sum, even if they do not consent to a distribution.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

A - DESCRIPTION OF PLAN (Continued)

Payment of benefits (Continued)

A participant may receive a hardship distribution from their vested account balances, if the distribution is (1) on account of medical expenses incurred by the participant, their spouse or dependents, (2) to purchase (excluding mortgage payments) a principal residence of the participant, (3) for the payment of tuition, related educational fees and room and board for the next twelve months of post-secondary education for the participant, their spouse, children or dependents, (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence, (5) payments for burial or funeral expenses of their deceased parent, spouse, children or other dependents, or (6) expenses for the repair of damage to their principal residence that would qualify for the casualty deduction under the Internal Revenue Code.

Forfeitures

The Employer may use forfeitures to pay plan expenses or to reduce employer amounts contributed to the plan. During 2021, there were \$13,526 of forfeitures. The employer used \$5,186 of forfeitures to offset its contributions in 2021. There were no unallocated forfeitures as of December 1, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

The plan allows a participant to direct investments of the balance of their participant account. If a participant does not elect to direct the investment of their account, then the account will be invested in accordance with the default investment alternatives established under the plan.

Notes receivable from participants

Participant loans are permitted under the plan. A participant can borrow the lesser of fifty percent of their vested account balance or \$50,000. The initial loan must at least \$1,000. All loans are considered directed investment of the participant's account and all payments of principal and interest will be credited to their account. A participant may only have one loan outstanding at any given time. Loan terms may not exceed five years except in the case of a loan for a primary residence which may be amortized over a longer term, but not to exceed thirty years. The participant's loan is collateralized by the balance in the participant's account and bears interest at a fixed, commercially reasonable rate. Principal and interest are paid ratably through payroll deductions each pay period.

Participant rollovers

Participants are allowed to transfer or rollover funds into the plan from other qualified plans.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

A - DESCRIPTION OF PLAN (Continued)

Administrative expenses

Any fees related to the administration of the plan or associated with the investment of plan assets may be paid by the plan or by the plan sponsor. If the sponsor does not pay plan-related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the plan.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the plan's management, who is responsible for their integrity and objectivity.

Basis of presentation and use of estimates

The plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis when received. Related fees are charged directly to the borrowing participant's account when incurred. The notes receivable are collateralized by the balances of the participant's account. Consequently, as of December 1, 2021 and December 31, 2020, no allowance for credit loss is considered necessary.

Contributions

Contributions from employees are recorded in the period in which they are deducted from participant earnings. Company contributions may be recorded when received or accrued.

Plan expenses and payments of benefits

Plan expenses and the payment of benefits are recorded when paid by the plan.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair value measurements

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3

Fair values are based on at least one significant unobservable input for the asset.

As of December 1, 2021 and December 31, 2020, the plan did not own any investments which were required to be measured at fair value. Consequently, the tabular presentation of the fair value hierarchy of investments (required by GAAP) which would normally appear in these types of financial statements has been excluded.

For the period ended December 1, 2021, the plan had a net realized/unrealized gain (loss) of \$267,613. The carrying value of the accounts receivable from the employer, employees and the notes receivable from participants approximates their fair values at December 31, 2020.

C - INVESTMENTS

The following is a summary of investments available to participants at December 1, 2021.

Pooled separate accounts

Pooled separate accounts (PSAs), by definition, are investment vehicles established and maintained by an insurance company. PSAs may only be accessed through the purchase of an insurance contract such as a group annuity. A pooled separate account is not a separate legal entity; it is part of the insurance company that established it. They are regulated by state insurance laws and are subject to review by state examiners on a regular basis. Pooled separate accounts are valued using the net asset value (NAV) method, with no liquidity restrictions.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

C - INVESTMENTS (Continued)

Fixed income accounts

Mass Mutual provides a fixed income account investment option through a group annuity contract or group funding agreement. Under the terms of the agreement, a crediting rate is established for amounts invested in the fixed account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. This investment option is considered to be fully benefit responsive and is reported at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees.

D - TAX STATUS

Mitra QSR 401(k) Plan is based upon a volume submitter plan instrument from Definiti, LLC which received an IRS advisory letter dated June 30, 2020. The volume submitter plan instrument has been updated for legislative and regulatory changes. The management committee, Definiti, LLC and the plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for federal or state income taxes has been included in the plan's financial statements.

E - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (Unaudited)

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual Life Insurance Company, as custodian of the plan, has certified that all the following data included in the accompanying financial statements and supplemental schedule is complete and accurate through December 1, 2021.

Total investments and notes from participants as shown in the statements of net assets available for benefits as of December 31, 2020.

Net investment income and expenses as shown in the statement of changes in net assets available for benefits exclusive of receivables for the period ended December 1, 2021.

G - ADMINISTRATIVE FEES

The plan paid \$6.563 of administrative expenses in 2021. The sponsor continues to incur the expenses for the plan such as payroll administration and the fee paid to the auditor.

H - CONCENTRATIONS OF RISK

The following is a summary of financial instruments subject to credit risk at year end.

Investment securities

The plan's investments are not insured by agencies of the United States government. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. The maximum amount of loss due to credit risk that the plan would incur if parties to the financial instruments failed to perform according to the terms of the contracts and the collateral, in any proved to be of no value, would approximate the balances that appear on the Statements of Net Assets Available for Benefits.

Mitra QSR 401(k) Plan
NOTES TO FINANCIAL STATEMENTS (Continued)

H - CONCENTRATIONS OF RISK (Continued)

Notes receivable from participants

As discussed in Note A above, if a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the balance of the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

General business economy

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

I - PARTY IN INTEREST TRANSACTIONS

Definiti, LLC is the third party administrator of the plan and as such is a party-in-interest with respect to the plan. MassMutual Life Insurance Company is the custodian of the plan's investments and as such is a party-in-interest to the plan.

J - SINGLE EMPLOYER PLAN (RELATED PARTIES)

As defined in ERISA, Single Employer plans are generally established by the management of one employer (or a controlled group of corporations) either unilaterally or through collective bargaining, and the employer is the plan sponsor. By contrast, multiemployer plans are normally negotiated and established pursuant to a collective bargaining agreement between an associated group of employers, such as in the construction trades, and the union representing the employees.

For financial reporting purposes, Mitra QSR 401(k) Plan is considered a single employer plan which includes the employees of Mitra QSR KNE, LLC and its affiliated companies.

K - DATE OF MANAGEMENT'S REVIEW

The plan's management has evaluated subsequent events through date of the independent auditor's report, which is the date the financial statements were available to be issued.
