Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GASTROENTEROLOGY CENTER OF THE MIDSOUTH, P.C. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and profit sharing plan covering all employees of Gastroenterology Center of the MidSouth, P.C. (the “Company”) who are twenty-one years of age or older and have completed one year of service, defined as the completion of 1,000 hours of service within a 12-month period. Voya Retirement Insurance and Annuity Company (“Voya”) serves as the custodian of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective December 31, 2021, the Plan was merged into Aon PEP One GI LLC Plan. The assets were transferred on December 30, 2021.

Contributions

Participants may contribute a percentage or dollar amount of their annual compensation as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan also allows participants to make Roth 401(k) contributions.

The Company provides a safe harbor matching contribution of up to 100% of the first 3% of the employee’s compensation plus 50% of the deferral that exceeds 3% of the employee’s compensation, not to exceed 5% of the employee’s total compensation. Total safe harbor matching contributions for 2021 were \$821,347. The Company also provides a profit sharing contribution to the Plan in an amount decided upon by the Company’s board of directors. The profit sharing contribution for 2021 totaled \$1,167,843.

Forfeitures

If an employee terminates before his or her matching and profit sharing contribution accounts have become fully vested, such portions are forfeited. Participant forfeitures may be used to pay any administrative expenses or to reduce the Company’s contributions. For the year ended December 31, 2021, there were no forfeitures used to reduce the Company’s contributions or to pay plan expenses. As of December 31, 2021 there were no accumulated forfeitures. As of December 31, 2020 there were \$17,998 in accumulated forfeitures.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of the Company’s matching and profit-sharing contributions and Plan earnings. All investments are participant-directed. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Participants' vesting in the discretionary matching and profit sharing contribution is based on the years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective January 1, 2016, there is a specialized vesting schedule for participants formerly employed by Gastroenterology Center of the MidSouth, P.C.. Discretionary matching and profit sharing contributions made on or after January 1, 2016 to employees formerly employed by Gastroenterology Center of the MidSouth, P.C will be subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	33%
2	67%
3	100%

Payment of Benefits

Upon termination of service, due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Withdrawals by a participant while employees are limited to those requested due to events of financial hardship as defined by the plan document, or upon attainment of age 59 1/2.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Recordkeeping and related administrative fees may be charged to participant accounts and are separately disclosed in the accompanying financial statements. Investment related expenses are included in net depreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the liquidation basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair market value, as defined by generally accepted accounting principles. See Note 3 for disclosure of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Benefits are recorded when paid.

Date of Managements Review

The Plan Sponsor evaluated its December 31, 2021 financial statements for subsequent events through January 25, 2023, the date the financial statements were available to be issued. The plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Pooled separate accounts: Fair values of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ -	\$ -	\$ -
Guaranteed investment contract	-	-	-	-
Total assets at fair value	\$ -	\$ -	\$ -	\$ -

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 58,252,224	\$ -	\$ 58,252,224
Guaranteed investment contract	-	8,189,326	-	8,189,326
Total assets at fair value	\$ -	\$ 66,441,550	\$ -	\$ 66,441,550

NOTE 4 – GUARANTEED INTEREST CONTRACTS WITH INSURANCE COMPANY

The Plan has guaranteed interest contracts with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in pooled unallocated accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya. The contracts are included in the financial statements at fair value because they are not considered fully benefit responsive. While they promise contract value for a benefit event, such as termination or disability, there is a possible market value adjustment when the funds are withdrawn prior to maturity. The fair value of the guaranteed interest contract at December 31, 2021 and 2020 was \$0 and \$8,189,326, respectively.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 stating that the Volume Submitter Profit Sharing Plan, which the Plan adopted, was designed in accordance with applicable IRC requirements. The Plan has not requested a determination letter of its own. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the custodian and therefore, qualify as party-in-interest transactions. In addition, certain Plan expenses paid by the Company qualify as party-in-interest transactions. Fees incurred by the Plan for administrative services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than direct payment. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 8 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN
