Independent Auditor's Report

The Plan Administrator
Hudson Technologies 401(k) Savings Plan
Pearl River, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Hudson Technologies 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not required parts of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021

financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors, whose report dated December 14, 2021, expressed a disclaimer of opinion on those financial statements. The other auditors were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020 (2020 financial statements). As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the other auditors not to perform, and the other auditors did not perform, any auditing procedures with respect to the information certified by the qualified institution. The 2020 financial statements audit report indicated that (a) because of the significance of the information that the other auditors did not audit, the other auditors were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, the other auditors did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Hudson Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants of the Plan should refer to the Plan document for a more detailed and complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective July 5, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers all eligible employees of Hudson Technologies Company and its subsidiaries, Hudson Holdings, Inc. and Hudson Technologies, Inc., collectively referred to as the Company, who are age 20 or older. There is no minimum service requirement. Entry date is the date when the employee meets the age requirement. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. Effective November 2, 2015, the Plan was restated for the adoption of the Pension Protection Act of 2006.

Trustee (Custodian) and Administration of the Plan

The trustee of the Plan is Reliance Trust Company (Reliance) and the recordkeeper is Massachusetts Mutual Life Insurance Company (MassMutual). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company.

Contributions

Each year, participants may elect to contribute up to 100% of their annual eligible compensation, as defined in the Plan document, not to exceed amounts prescribed by the Internal Revenue Service (IRS). Effective June 15, 2020, all participants are automatically enrolled in the Plan at the default rate set at 4% of eligible compensation. This rate will increase each year by 1% not to exceed 15% of eligible compensation. Current eligible participants whose salary deferral rate is less than the default rate will automatically be increased to the automatic deferral rate unless the participant enters a new salary deferral election on or after the effective date of the automatic deferral provisions. Participants, who are eligible to make elective deferrals under the Plan, and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions, not to exceed amounts prescribed by the IRS. Participants may contribute eligible amounts representing distributions from other qualified defined contribution plans and defined benefit plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts, and a guaranteed interest account as investment options for participants.

The Plan provides for discretionary Company matching contributions, which are determined by the Company on an annual basis either as a uniform percentage of deferrals or as a flat dollar amount for each participant. For 2021 and 2020, the Company matched 20% of each eligible participant's contribution limited to \$600 of discretionary Company matching contributions per eligible participant. To qualify for the Company discretionary matching contributions, eligible participants must be employed by the Company on the last day of the Plan year, except upon death, disability, or retirement, as defined in the Plan document. For the year ended December 31, 2021, the

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

Company made a discretionary matching contribution of \$281,586. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contributions, and an allocation of Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

As of February 1, 2021, the Plan amended its vesting schedule to a five-year graded vesting schedule. Vesting in the Company's discretionary matching contributions and earnings thereon is as follows:

Years of Service for Vesting	(%)
Less than 1	-
1	20
2	40
3	60
4	80
5 or more	100

Prior to February 1, 2021, vesting in the Company's discretionary matching contribution and earnings thereon was as follows:

Years of Service for Vesting	(%)
Less than 1	-
2	20
3	40
4	60
5	80
6 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may only have two loans outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%. Interest rates are based on the prime interest rate plus 1%. Principal and interest are paid ratably through payroll deductions with a maximum term of five years. If the note is used to purchase a primary residence, then a longer repayment term is permitted.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

Payment of Benefits

On termination of service, participants will receive an amount equal to the value of the participant's vested interest in their account. Participants become 100% vested upon death, disability, or retirement, in accordance with provisions in the Plan document. If the vested account balance upon termination is less than \$1,000, a participant will automatically receive the value of the vested interest in their account, as soon as administratively practicable. If the vested account balance upon termination is between \$1,000 and \$5,000, the vested balance will be automatically rolled over to an Individual Retirement Account (IRA) selected by the Plan for the participant's behalf, as soon as administratively practicable, unless the participant elects to receive a lump-sum distribution or to have the balance rolled over to another IRA or qualified retirement plan. If the vested account balance upon termination is over \$5,000, the participant must consent to the distribution of the vested value in their account and may elect to receive the balance as a lump-sum cash distribution, in installments over a specified period not to exceed the life or life expectancy of the participant, or roll it over to an IRA or qualified retirement plan.

Hardship withdrawals are permitted as described in the Plan document.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$16,072 and \$11,360, respectively. These accounts can be used to reduce future employer contributions or to pay administrative expenses. Approximately \$22,200 of the forfeited funds were used to pay administrative expenses and \$4,700 to fund employer contributions in 2021.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received rather than on an ex-dividend basis and the effect is not material to a fair presentation. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts. Certain investment expenses that are charged within investments are presented net of the appreciation in fair value of investments. All other expenses of the Plan for the year ended December 31, 2021 were paid by the Company and are excluded from these financial statements.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

Collective Investment Trust (CIT) - This is valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2021

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 8,771,829	\$ -	\$ -	\$ 8,771,829
Investments measured at NAV ^(a)				
Collective Investment Trust				8,146,440
Investment at Fair Value				\$ 16,918,269

December 31, 2020

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 7,349,600	\$ -	\$ -	\$ 7,349,600
Investments measured at NAV ^(a)				
Collective Investment Trust				6,762,767
Investment at Fair Value				\$ 14,112,367

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Investment Contract with Insurance Company

The MassMutual Guaranteed Interest Account (Account) is a fully benefit-responsive investment contract with MassMutual. The Account is made available to the Plan through a group annuity contract. Contributions are deposited and are invested in a broadly diversified portfolio within MassMutual's general account. Investments in the general account are managed by Barings LLC, a subsidiary of MassMutual. The Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Account is included in the

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

financial statements at contract value as reported to the Plan by MassMutual. MassMutual guarantees to repay the principal plus accrued interest.

Because the Account meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. The Account is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made to the Account, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of MassMutual or otherwise. The contract value of the Account as of December 31, 2021 and 2020 was \$830,724 and \$778,540, respectively. Interest is accrued and credited daily. The crediting interest rate is based on a formula agreed upon with MassMutual that is set in advance. Interest rates are guaranteed by MassMutual to be no less than 1% and no greater than 3%, which is based on a rate that is the six-month average of the five-year Constant Maturity Treasury Rate as reported by the Federal Reserve.

Certain events limit the Plan's ability to transact at contract value with MassMutual. Such events include the following: (a) amendments to the Plan documents; (b) distributions resulting from employer-initiated events, such as complete or partial Plan termination; (c) merger, layoffs, and early retirement incentive programs; (d) changes to the Plan's prohibition on competing investment options; (e) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (f) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Plan's recordkeeper, MassMutual, and, therefore, these transactions qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The IRS has determined and informed MassMutual by a letter dated March 31, 2014 that its Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement) is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan adopted MassMutual's Volume Submitter Profit Sharing Plan with CODA. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being

Hudson Technologies 401(k) Savings Plan

Notes to Financial Statements

operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Prohibited Transactions

As reported on the supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, certain participant contributions and notes receivable from participants repayments were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2021. During the audit of the Plan, as of and for the year ended December 31, 2021, it was determined that participant contributions and notes receivable of \$159,670 were not remitted timely to the Plan. The Company intends to file and pay IRS excise tax as a result of these prohibited transactions.

11. Subsequent Events

The Plan evaluated the accompanying financial statements for subsequent events through January 19, 2023, and transactions on the date these financial statements were available for issue, and has determined that, no material subsequent events have occurred that would affect the information presented in the accompanying financial statements or require additional disclosure.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
