Independent Auditors' Report

Board of Trustees and Plan Administrator
Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan
Tucson, Arizona

We have audited the accompanying financial statements of Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Radiology Ltd., P.L.C. 401(k) Profit Sharing Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RADIOLOGY LTD., P.L.C. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2020

1. Description of plan:

The following description of the Radiology, Ltd., P.L.C. (Sponsor) 401(k) Profit Sharing Plan (Plan), formerly the Radiology, Ltd., P.L.C. Money Purchase Pension Plan (MPPP), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Sponsor established a money purchase plan on January 1, 1983, which was amended and frozen in 2011. The Sponsor then entered into a new adoption agreement that converted the money purchase plan to a profit sharing and 401k plan with safe harbor provisions effective March 16, 2011.

General:

The Plan is a defined contribution retirement plan covering all employees of the Sponsor (except leased employees or certain excluded nonassociate physicians) who meet the eligibility conditions, which include completing one year of service and being at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan restatement:

The Plan was amended and restated effective January 1, 2020 in order to comply with the Internal Revenue Service's (IRS) restatement requirements for preapproved plans.

Plan merger:

In January 2020, the Plan Sponsor was acquired by US Radiology Specialists (USRS). As a result, the Plan merged into the US Radiology Physician Practice 401(k) Retirement Plan effective January 1, 2021, with all plan assets transferring to the US Radiology Physician Practice 401(k) Retirement Plan in January 2021. As of December 31, 2020, a liability of $88,299,403 is presented on the statements of net assets available for benefits representing assets in transit.

Participant contributions:

Under the 401(k) provisions of the Plan, all eligible employees of the Sponsor who have entered the Plan may elect to defer a portion of their pretax compensation up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). Eligible employees are also able to designate their salary deferrals as Roth deferrals.

Employer contributions:

Under the 401(k) provisions of the Plan, the Sponsor is required to contribute and allocate to each participant's account a matching contribution equal to 100% of the participant's elective deferral up to 3% of the participant's compensation. The Sponsor also makes a safe harbor contribution equal to 3% of the participant's compensation. In addition, the Sponsor is permitted to make discretionary contributions. Discretionary contributions, when made, are allocated to every eligible employee who was actively participating in the Plan at any time during the Plan year. Total discretionary contributions for 2020 were $1,143,632.

1. Description of plan (continued):

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and employer contributions, actual earnings thereon and charged with an allocation of administrative expenses. Allocations are based on earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their elective deferral contributions, employer safe harbor contributions and any rollover contributions made to the Plan, plus earnings thereon. Vesting of other employer contributions and earnings thereon is at 20% intervals per year beginning with the completion of the participant's second year of service. Participants are fully vested after six years of service or upon attaining the Plan's normal retirement age of 62. The Plan defines a year of service for vesting purposes to be a calendar year with at least 1,000 hours of service. Upon the death or disability of a participant, their account balance shall become fully vested.

Payment of benefits:

A participant whose vested account balance is less than $50,000 may elect to receive one of the following: (a) 90% of their vested balance anytime prior to the completion of the valuation of the Plan's accounts for the year of their termination, with the remaining vested balance distributed when the valuation is complete or (b) 100% of their vested balance if the valuation is complete. A participant whose vested account balance exceeds $50,000 may elect to receive one of the following: (a) 80% of their vested balance in the first January following the date they become eligible for a distribution, with the remaining vested balance distributed when the valuation is complete or (b) 70% of their vested balance anytime following the date they become eligible for a distribution, with an additional 10% distributed in the first January following and the remaining balance distributed when the valuation is complete.

Distributions are required to be initiated upon a separated participant’s attainment of 62 years of age, or in the year of separation if 62 or older.

Participants who are at least 59½ may take an in-service distribution not exceeding 70% of their vested account balance during the Plan year. For all MPPP balances, the participant must be at least 62 to receive an in-service distribution.

All distributions of any amount require the participant’s consent, unless the distribution is required under the Plan.

Participants who had an account balance under the MPPP may elect to receive that balance through a qualified annuity. The participant may waive this election and receive their distribution as prescribed in the preceding paragraphs.

1. Description of plan (continued):

Plan amendment:

Effective November 11, 2020, the Plan was amended to allow for in-plan roth conversions.

Forfeitures:

Forfeitures of terminated participants' nonvested accounts are treated as a reduction to the employer's contribution. At December 31, 2020 and 2019, terminated employees' nonvested accounts totaled $109,352 and $75,306 to be forfeited in future periods.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of significant accounting policies (continued):

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2020 through October 15, 2021, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a non-standardized pre-approved profit sharing plan with CODA published by Whetstine Law Firm, who obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair value measurements (continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2020, the fair value of assets measured on a recurring basis is as follows:

	Fair value	Level 1	Level 2	Level 3
Interest-bearing cash	$ 87,940,583	$ 87,940,583	$ -	$ -

At December 31, 2019, the fair value of assets measured on a recurring basis is as follows:

	Fair value	Level 1	Level 2	Level 3
Interest-bearing cash	$ 4,864,476	$ 4,864,476	$ -	$ -
Corporate notes and bonds	10,366,306	10,366,306	-	-
Mutual funds and exchange traded funds	60,023,424	60,023,424	-	-
U.S. government securities	11,226,540	11,226,540	-	-
	$ 86,480,746	$ 86,480,746	$ -	$ -

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash consists of highly liquid instruments that generate interest income. The carrying value of the interest-bearing cash is its fair value.

Corporate notes and bonds, mutual funds, exchange traded funds and U.S. government securities are all valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

All of the Plan's assets are nonparticipant directed. The Plan has a fiduciary contract with one investment manager as defined under ERISA to manage its portfolios in accordance with the Plan's Investment Policy Statement. The Plan's trustees meet quarterly to review the performance of the Plan's investments.

6. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of liabilities per the financial statements to Form 5500 for the year ended December 31, 2020:

	2020
Accrued expenses per the financial statements	$ 15,773
Transfer to US Radiology Physician Practice 401(k) Retirement Plan	88,299,403
Other liabilities per Form 5500	$ 88,315,176

7. Related party and party in interest transactions:

Plan investments are managed by the Trustees and Cove Street Capital and held by Merrill Lynch, the custodian for the Plan. Gordian Advisors provides the trustees investment advice to facilitate this process. The Plan and the Sponsor paid certain expenses to Gordian Advisors, Cove Street Capital, Merrill Lynch and other service providers during 2020 related to Plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

8. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
