Independent Auditor's Report

Plan Administrator and Participants
Ricoh Electronics, Inc. Employees' Savings and Retirement Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2; and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is/are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is/are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Modified Cash Basis

As described in Note 2, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated January 28, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Ricoh Electronics, Inc. (the Company) effective May 1, 1985, and restated effective May 1, 2017. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have one month of service are eligible to enter the Plan. Collective bargaining employees, non-resident aliens, Puerto Rican employees, or part time employees, are not eligible to participate in the Plan. Japanese nationals on temporary assignment in the United States are not eligible to receive discretionary profit-sharing contributions. Employees may enter the Plan on the first day of the month following the date the eligibility requirements are met.

Contributions

Each year, participants may contribute an amount up to 30% of pretax annual eligible compensation, as defined in the Plan not to exceed certain IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2021, the Plan adopted an auto-enrollment provision whereby all newly hired employees who become eligible to participate in the Plan are automatically enrolled at 2% of their compensation, unless the participant elects otherwise.

The Company matches 50% of the participant's deferral, up to the first 10% of compensation. The Company may also make discretionary profit-sharing contributions as determined annually by the Company's management. The discretionary profit-sharing contribution is allocated among eligible employees based upon the percentage of the employee's compensation to total Plan compensation of all eligible employees. Participants must be actively employed on the last day of the Plan year to share in the discretionary profit-sharing contributions, with a minimum of 1,000 hours worked. During February 2022, the Company contributed \$477,639 to the Plan in the form of a discretionary profit-sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's matching and profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, plus actual earnings (losses) thereon. Vesting in the Company's matching contribution and discretionary profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 25% vested following two full years of service, as defined, and continues to vest at the rate of 25% for each successive year of service until 100% vested after five years of service, attaining normal retirement age, death, or disability.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Forfeitures

At December 31, 2021 and 2020, forfeited balances totaled \$171,079 and \$128,651, respectively. Forfeited balances of terminated participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2021, \$120,000 of forfeited funds were used to offset Company contributions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the Plan Administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. The minimum loan amount is \$1,000. The interest rate will be the prime interest rate charged by banks, as published by the Federal Reserve Board, plus 1%. Loans are repayable through payroll deductions and are secured by the participant's account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Each participant may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis, receivables and accrued expenses are generally not recorded.

Use of Estimates

The accounting records of the Plan are maintained on the modified cash basis of accounting and require the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses

Plan fees and administrative expenses are generally paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. The revenue credit program account balance was \$695 and \$0 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, Plan expenses were offset by \$1,981 of revenue credits.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (collectively Prudential), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies - Valued at the daily closing price as reported by the fund and are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust - The Prudential Core Intermediate Bond Fund is a common collective trust valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the common collective trust is based on information using the audited financial statements of the common collective trust at year-end. The investment income (loss) is allocated to participants based on their proportionate share of the net assets of the fund.

Pooled Separate Account - The Prudential Day One Income Flex Target Balanced Fund is a pooled separate account that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investment held. The fund is designed to provide a mix of traditional and non-traditional asset classes.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 124,495,473	\$ -	\$ -	\$ 124,495,473

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments, in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 47,074,249	\$ 46,278,611	N/A	Daily	Daily
Pooled separate account	\$ 869,971	\$ 701,497	N/A	Daily	Daily

5. Tax Status

The Plan is based on the Prototype Non-Standardized Profit Sharing Plan with CODA (Prototype Plan) which received an opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain investments are managed by Prudential, the Plan's, trustee, custodian and recordkeeper. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of net assets per the financial statements at December 31, 2021 and 2020 to the Schedule H of the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 173,819,666	\$ 158,869,703
Adjustment from fair value to current value on common collective fund	482,057	2,205,625
Net assets available for benefits per Schedule H of the Form 5500	\$ 174,301,723	\$ 161,075,328

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021 to the net income on the Schedule H of the Form 5500:

	2021
Net increase in net assets available for benefits per financial statements	\$ 14,949,963
Adjustment from fair value to current value on common collective fund, prior year	(2,205,625)
Adjustment from fair value to current value on common collective funds, current year	482,057
Net income in net assets available for benefits per Form 5500	\$ 13,226,395

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

10. Subsequent Events

The Plan has evaluated subsequent events through February 03, 2023, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2021, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Effective January 1, 2022, the Plan that was based on the Prototype Plan sponsored by The Prudential Insurance Company of America was restated based on a Non-Standardized Pre-Approved Profit Sharing Plan (Pre-Approved Plan) with CODA sponsored by Empower Retirement LLC. The IRS has opined and informed Empower Retirement LLC by letter dated September 16, 2022, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan document was restated effective January 1, 2022 based on the Pre-Approved Plan.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2; and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is/are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is/are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Modified Cash Basis

As described in Note 2, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated January 28, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Ricoh Electronics, Inc. (the Company) effective May 1, 1985, and restated effective May 1, 2017. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have one month of service are eligible to enter the Plan. Collective bargaining employees, non-resident aliens, Puerto Rican employees, or part time employees, are not eligible to participate in the Plan. Japanese nationals on temporary assignment in the United States are not eligible to receive discretionary profit-sharing contributions. Employees may enter the Plan on the first day of the month following the date the eligibility requirements are met.

Contributions

Each year, participants may contribute an amount up to 30% of pretax annual eligible compensation, as defined in the Plan not to exceed certain IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2021, the Plan adopted an auto-enrollment provision whereby all newly hired employees who become eligible to participate in the Plan are automatically enrolled at 2% of their compensation, unless the participant elects otherwise.

The Company matches 50% of the participant's deferral, up to the first 10% of compensation. The Company may also make discretionary profit-sharing contributions as determined annually by the Company's management. The discretionary profit-sharing contribution is allocated among eligible employees based upon the percentage of the employee's compensation to total Plan compensation of all eligible employees. Participants must be actively employed on the last day of the Plan year to share in the discretionary profit-sharing contributions, with a minimum of 1,000 hours worked. During February 2022, the Company contributed \$477,639 to the Plan in the form of a discretionary profit-sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's matching and profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, plus actual earnings (losses) thereon. Vesting in the Company's matching contribution and discretionary profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 25% vested following two full years of service, as defined, and continues to vest at the rate of 25% for each successive year of service until 100% vested after five years of service, attaining normal retirement age, death, or disability.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Forfeitures

At December 31, 2021 and 2020, forfeited balances totaled \$171,079 and \$128,651, respectively. Forfeited balances of terminated participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2021, \$120,000 of forfeited funds were used to offset Company contributions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the Plan Administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. The minimum loan amount is \$1,000. The interest rate will be the prime interest rate charged by banks, as published by the Federal Reserve Board, plus 1%. Loans are repayable through payroll deductions and are secured by the participant's account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Each participant may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis, receivables and accrued expenses are generally not recorded.

Use of Estimates

The accounting records of the Plan are maintained on the modified cash basis of accounting and require the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses

Plan fees and administrative expenses are generally paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. The revenue credit program account balance was \$695 and \$0 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, Plan expenses were offset by \$1,981 of revenue credits.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (collectively Prudential), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies - Valued at the daily closing price as reported by the fund and are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust - The Prudential Core Intermediate Bond Fund is a common collective trust valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the common collective trust is based on information using the audited financial statements of the common collective trust at year-end. The investment income (loss) is allocated to participants based on their proportionate share of the net assets of the fund.

Pooled Separate Account - The Prudential Day One Income Flex Target Balanced Fund is a pooled separate account that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investment held. The fund is designed to provide a mix of traditional and non-traditional asset classes.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments, in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 47,074,249	\$ 46,278,611	N/A	Daily	Daily
Pooled separate account	\$ 869,971	\$ 701,497	N/A	Daily	Daily

5. Tax Status

The Plan is based on the Prototype Non-Standardized Profit Sharing Plan with CODA (Prototype Plan) which received an opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain investments are managed by Prudential, the Plan's, trustee, custodian and recordkeeper. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of net assets per the financial statements at December 31, 2021 and 2020 to the Schedule H of the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 173,819,666	\$ 158,869,703
Adjustment from fair value to current value on common collective fund	482,057	2,205,625
Net assets available for benefits per Schedule H of the Form 5500	\$ 174,301,723	\$ 161,075,328

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021 to the net income on the Schedule H of the Form 5500:

	2021
Net increase in net assets available for benefits per financial statements	\$ 14,949,963
Adjustment from fair value to current value on common collective fund, prior year	(2,205,625)
Adjustment from fair value to current value on common collective funds, current year	482,057
Net income in net assets available for benefits per Form 5500	\$ 13,226,395

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

10. Subsequent Events

The Plan has evaluated subsequent events through February 03, 2023, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2021, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Effective January 1, 2022, the Plan that was based on the Prototype Plan sponsored by The Prudential Insurance Company of America was restated based on a Non-Standardized Pre-Approved Profit Sharing Plan (Pre-Approved Plan) with CODA sponsored by Empower Retirement LLC. The IRS has opined and informed Empower Retirement LLC by letter dated September 16, 2022, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan document was restated effective January 1, 2022 based on the Pre-Approved Plan.

Plan Administrator and Participants
Ricoh Electronics, Inc. Employees' Savings and Retirement Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2; and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is/are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is/are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Modified Cash Basis

As described in Note 2, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated January 28, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Ricoh Electronics, Inc. Employees' Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was adopted by Ricoh Electronics, Inc. (the Company) effective May 1, 1985, and restated effective May 1, 2017. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have one month of service are eligible to enter the Plan. Collective bargaining employees, non-resident aliens, Puerto Rican employees, or part time employees, are not eligible to participate in the Plan. Japanese nationals on temporary assignment in the United States are not eligible to receive discretionary profit-sharing contributions. Employees may enter the Plan on the first day of the month following the date the eligibility requirements are met.

Contributions

Each year, participants may contribute an amount up to 30% of pretax annual eligible compensation, as defined in the Plan not to exceed certain IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective February 1, 2021, the Plan adopted an auto-enrollment provision whereby all newly hired employees who become eligible to participate in the Plan are automatically enrolled at 2% of their compensation, unless the participant elects otherwise.

The Company matches 50% of the participant's deferral, up to the first 10% of compensation. The Company may also make discretionary profit-sharing contributions as determined annually by the Company's management. The discretionary profit-sharing contribution is allocated among eligible employees based upon the percentage of the employee's compensation to total Plan compensation of all eligible employees. Participants must be actively employed on the last day of the Plan year to share in the discretionary profit-sharing contributions, with a minimum of 1,000 hours worked. During February 2022, the Company contributed \$477,639 to the Plan in the form of a discretionary profit-sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's matching and profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions, plus actual earnings (losses) thereon. Vesting in the Company's matching contribution and discretionary profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 25% vested following two full years of service, as defined, and continues to vest at the rate of 25% for each successive year of service until 100% vested after five years of service, attaining normal retirement age, death, or disability.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Forfeitures

At December 31, 2021 and 2020, forfeited balances totaled \$171,079 and \$128,651, respectively. Forfeited balances of terminated participants' accounts are used to reduce future Company contributions and to offset Plan expenses. During the year ended December 31, 2021, \$120,000 of forfeited funds were used to offset Company contributions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 may be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account. With the Plan Administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. The minimum loan amount is \$1,000. The interest rate will be the prime interest rate charged by banks, as published by the Federal Reserve Board, plus 1%. Loans are repayable through payroll deductions and are secured by the participant's account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence. Each participant may only have one loan outstanding at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under the modified cash basis, receivables and accrued expenses are generally not recorded.

Use of Estimates

The accounting records of the Plan are maintained on the modified cash basis of accounting and require the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Plan Expenses

Plan fees and administrative expenses are generally paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses.

The Plan participates in a revenue credit program. Income from the revenue credit program can be used to pay Plan administrative expenses. The revenue credit program account balance was \$695 and \$0 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, Plan expenses were offset by \$1,981 of revenue credits.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, (collectively Prudential), certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Ricoh Electronics, Inc. Employees' Savings and Retirement Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies - Valued at the daily closing price as reported by the fund and are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust - The Prudential Core Intermediate Bond Fund is a common collective trust valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the common collective trust is based on information using the audited financial statements of the common collective trust at year-end. The investment income (loss) is allocated to participants based on their proportionate share of the net assets of the fund.

Pooled Separate Account - The Prudential Day One Income Flex Target Balanced Fund is a pooled separate account that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investment held. The fund is designed to provide a mix of traditional and non-traditional asset classes.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total

4. Fair Value Measurements (cont.)

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 110,141,778	\$ -	\$ -	\$ 110,141,778
	<u>\$ 110,141,778</u>	<u>\$ -</u>	<u>\$ -</u>	110,141,778
Common collective trust measured at NAV*				46,278,611
Pooled separate account measured at NAV*				<u>701,497</u>
Total investments at fair value				<u>\$ 157,121,886</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments, in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2021	Fair Value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 47,074,249	\$ 46,278,611	N/A	Daily	Daily
Pooled separate account	\$ 869,971	\$ 701,497	N/A	Daily	Daily

5. Tax Status

The Plan is based on the Prototype Non-Standardized Profit Sharing Plan with CODA (Prototype Plan) which received an opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Certain investments are managed by Prudential, the Plan's, trustee, custodian and recordkeeper. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries and financial market conditions. The outbreak and corresponding government responses and supply chain issues could have a continued impact on economic and market conditions. The rapid development and fluidity of this situation precludes any prediction as to the ultimate impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of net assets per the financial statements at December 31, 2021 and 2020 to the Schedule H of the Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 173,819,666	\$ 158,869,703
Adjustment from fair value to current value on common collective fund	482,057	2,205,625
Net assets available for benefits per Schedule H of the Form 5500	\$ 174,301,723	\$ 161,075,328

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021 to the net income on the Schedule H of the Form 5500:

	2021
Net increase in net assets available for benefits per financial statements	\$ 14,949,963
Adjustment from fair value to current value on common collective fund, prior year	(2,205,625)
Adjustment from fair value to current value on common collective funds, current year	482,057
Net income in net assets available for benefits per Form 5500	\$ 13,226,395

10. Subsequent Events

The Plan has evaluated subsequent events through February 03, 2023, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2021, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Effective January 1, 2022, the Plan that was based on the Prototype Plan sponsored by The Prudential Insurance Company of America was restated based on a Non-Standardized Pre-Approved Profit Sharing Plan (Pre-Approved Plan) with CODA sponsored by Empower Retirement LLC. The IRS has opined and informed Empower Retirement LLC by letter dated September 16, 2022, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan document was restated effective January 1, 2022 based on the Pre-Approved Plan.
