INDEPENDENT AUDITOR'S REPORT

Pension Fund Trust and Investment Committee of the
Xylem Pension Plan for U.S. Hourly Employees
Rye Brook, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Xylem Pension Plan for U.S. Hourly Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements including the accumulated plan benefits as of and for the year ended December 31, 2020 (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H – Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Xylem Pension Plan for U.S. Hourly Employees. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan was established January 1, 1951 by the Leopold Company, Inc. as the Retirement Plan of Leopold Company, Inc. for Hourly-Rated Employees. Effective October 31, 2011, as part of the spin-off from ITT Corporation, sponsorship of the Plan was transferred to the Company and was renamed the Retirement Plan of Xylem Water Solutions Zelienople for Hourly Paid Employees. The Plan was amended effective December 30, 2016 to merge the Company's other U.S. hourly pension plans into the Plan and change its name to the Xylem Pension Plan for U.S. Hourly Employees.

The Pension Fund Trust and Investment Committee ("PFTIC") as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan and directs the managers of the Plan's investments.

The Delaware Charter Guarantee & Trust Company, a Delaware corporation conducting business under the trade name of Principal Trust Company ("Principal"), is the sole Trustee of the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following is a breakdown of the terms for each group, as each group stands alone in the Plan with regard to benefits to participants. References to participants in each group refer to that group only:

Bell & Gossett

All hourly employees of Local 890 of the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America located at the Morton Grove, Illinois facility are eligible to participate upon the attainment of the earlier of (i) the date the employee completes three years of continuous service; or (ii) the date the employee completes one year of continuous service and reaches age 21. Effective August 14, 2015 the Plan is closed to new participants.

Participants are eligible for monthly benefit payments upon reaching age 65. The normal monthly benefit payments are determined by multiplication of a benefit rate, which depends upon the period of credited service by the total number of years of credited service, not to exceed 45 years. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested.

Participants are eligible to receive early retirement benefits between the ages of 55 and 65, upon completion of five years of credited service. Early retirement benefits are computed in a manner similar to normal retirement at age 65, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

A married participant who is a vested participant is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the participant retired on the date of death, computed under the normal form of payment and subject to certain limitations as outlined in the Plan document.

A participant, who has attained age 50, has completed 15 years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed, as it would be for normal retirement based on the participant's years of credited service as of the date of disability.

Standard

All Fluid Handling, LLC hourly employees represented by United Steelworkers, AFL-CIO-CLC and its Local Union 897 at the Cheektowaga, New York facility participate in the Plan from their date of hire.

Participants are eligible for monthly benefit payments upon reaching age 65. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested. Effective October 17, 2016 the Plan is closed to new participants.

Effective January 1, 2014, for those participants that were hired on or before October 17, 1993, all benefits earned with respect to service to December 31, 2013 are frozen. Beginning January 1, 2014, participants will accrue a pension benefit at a benefit rate per month multiplied by their years of credited service after December 31, 2013. Prior to January 1, 2014, their benefit was computed as the greater of a) an amount equal to 1% of average monthly earnings multiplied by the number of years of credited service, or b) a benefit rate per month multiplied by their years of credited service.

Participants hired on or before October 17, 1993 accrued a pension benefit for service on and prior to December 31, 2013, at the greater of a) an amount equal to 1% of average monthly earnings multiplied by the number of years of credited service or b) a benefit rate per month multiplied by their years of credited service; plus for service after December 31, 2013, a monthly Pension Benefit payable for the life of the Participants equal to a fixed amount per month per year of service. Participants hired after October 17, 1993, accrued a pension benefit computed as a monthly pension benefit payable for the life of the participants, equal to the applicable annual benefit accrual rate multiplied by years of credited service.

Effective January 1, 2020, pursuant to contract changes approved by the union, the Pension modifier (a factor that determines the amount of a Participant's annuity) was amended to \$51 for tier 1 employees. For tier 2 employees, the Pension modifier amended to \$34 effective January 1, 2020 and further amended to \$35 effective January 1, 2021.

Participants are eligible to receive early retirement benefits between the ages of 55 and 65, upon completion of ten years of credited service. Early retirement benefits are computed in a manner similar to normal retirement at age 65, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

A married participant who is a vested participant is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the participant retired on the date of death, computed under the normal form of payment and subject to certain limitations as outlined in the Plan document.

A participant who has completed 10 years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed as it would be for normal retirement based on the participant's years of credited service as of the date of disability, but not less than \$275 per month. The benefit must be reduced prior to normal retirement by any Company-provided public disability benefit awarded to the participant.

Lubbock

All hourly employees of the employer formerly represented by The Production and Maintenance Shop Employees union at the Lubbock, Texas location are eligible to participate as of the date such employee completes one hour of service as an employee. Prior to the amendment of the Plan in 2011, non-union employees were eligible to participate in the Plan if they were not participating in any other plan sponsored by the Company or an affiliated company, as defined by the Plan. Effective January 1, 2008, the Plan was frozen to new participants and no participants have been eligible to earn credited service for employment after that date.

Participants are eligible for monthly benefit payments upon reaching age 62. The normal monthly benefit payments are determined by multiplying the benefit rate, which depends upon the period of credited service, by the total number of years of credited service. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested.

Participants are eligible to receive early retirement benefits between the ages of 55 and 62, upon completion of five years of credited service. Early retirement benefits are computed in a manner similar to normal retirement at age 62, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

A married participant who is a vested participant is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the participant retired on the date of death, computed under the normal form of payment and subject to certain limitations as outlined in the Plan document.

A participant who has completed five years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed as it would be for normal retirement based on the participant's years of credited service as of the date of disability.

Auburn

All hourly employees of the employer represented by United Steelworkers of America, AFL-CIO, Local 9832 at the Auburn, New York location are eligible to participate in the Plan if they were on the employer payroll at January 1, 2012, or after completing one hour of service prior to August 4, 2014. Effective August 4, 2014 the Plan is closed to new participants. In addition, an employee who was not on the payroll of a Participating Unit on January 1, 2012 due to a work-related injury and received payment under a plan that is maintained solely for the purpose of complying with applicable workers' compensation laws for the payroll period that includes January 1, 2012 shall become a Participant on January 1, 2012, as outlined in the Plan document.

Participants are eligible for monthly benefit payments upon reaching age 62. The normal monthly benefit payments are determined by multiplying the benefit rate, which depends upon the period of credited service, as defined by the Plan, by the total number of years of credited service. A participant is 100% vested after five years of service. Prior to that time, the participant is not vested. A participant's pension benefit in the Plan is reduced by the normal or postponed pension benefit under the ITT Pension Plan for Bargaining Unit Employees Seneca Falls, New York ("Former Pension Plan"). The Plan Sponsor established the Plan to continue the pension plan benefits of the Former Pension Plan.

Participants are eligible to receive early retirement benefits between the ages of 55 and 62 upon completion of five years of credited service. Early retirement benefits are computed in a manner similar to normal retirement at age 62, except that they are reduced by certain factors, as outlined in the Plan document, for each month that the early retirement date precedes the normal retirement date.

The surviving spouse of a participant who is vested is automatically covered by the pre-retirement death benefit option, which will provide a benefit for the surviving spouse upon death prior to retirement, unless coverage is waived. The benefit would be equal to the benefit the spouse would have received had the participant retired on the date of death, computed under the normal form of payment and subject to certain limitations as outlined in the Plan document.

A participant who has completed 5 years of continuous service and who becomes totally and permanently disabled is eligible to receive a disability retirement benefit. The amount of the benefit is computed as it would be for normal retirement based on the participant's years of credited service as of the date of disability.

Zelienople

Employees represented for collective bargaining by International Brotherhood of Painters and Allied Trades, Glaziers Local Union 751, AFL-CIO are eligible to participate in the Plan. Since May 1, 2007, no employee has become eligible to become an eligible employee and join the Plan; however, that a former eligible employee who is rehired as an employee and whose prior service is restored and credited as continuous service will become a participant solely with respect to any continuous service and credited service so restored. However, no additional service will be earned for any period of re-employment on or after August 31, 2010.

A participant's right to their pension benefit shall be nonforfeitable upon the latter of their attainment of age 65 or their fifth anniversary of the date he commenced participation in the Plan. A participant who is eligible for normal retirement or postponed retirement will receive their pension benefit as of the first day of the month coincident with or next following their termination of employment. The monthly pension benefit payable to a participant eligible for early retirement shall be a deferred benefit commencing on the participant's normal retirement date, provided, however, that the participant may elect to begin receiving a reduced pension benefit as of their early retirement date or other date thereafter.

The benefit rate and formula used to determine a participant's pension benefit shall be the rate and formula in effect on the day the participant ceases to be an eligible employee, even if the participant continues in service as an employee with a participating unit, the Company or an associated company after such date.

A participant is eligible to receive a pension benefit in one of three ways - life annuity option, 75% contingent annuitant option, or 100% contingent annuitant option. See plan document for details.

The surviving spouse of a participant shall be eligible for a survivor benefit payable to, and for the lifetime of, such spouse if the participant should die while in active service with a participating unit after completing the eligibility requirements for any pension benefit, provided the participant had not elected to waive such benefit, after termination of employment with entitlement to any pension benefit, provided the participant did not elect to waive such benefit, is granted a qualified military leave and dies on or after January 1, 2007, in the performance of qualified military service, or while receiving a disability benefit.

Uniontown

All eligible employees represented for collective bargaining by United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union AFL-CIO-CLC on behalf of Local Union 13836 of the Uniontown, Pennsylvania plant location of Sensus USA, Inc., a subsidiary of the Company, are entitled to monthly pension benefits equal to the participant's accrued benefit on the retirement date, reduced by 0.50% for each of the first 24 months and 0.33% for each additional month that the early retirement date precedes the month the participant attains age 62. No employees of the Uniontown, Pennsylvania plant hired on or after February 25, 2013 may join or rejoin the Plan as an active participant.

Benefits are calculated based upon a flat dollar benefit per years of service, not to exceed certain specified maximum years of service.

Employees with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the participant's accrued benefit on such date; however, employees are eligible for full monthly pension benefits beginning at age 62. The Plan allows for early retirement for participants who have attained the age of 55 and have completed ten years of vesting service.

If a participant who has a vested retirement pension dies before their pension commencement date, a death benefit will be paid to their surviving spouse in accordance with the Plan's provisions. If a participant becomes totally or permanently disabled before their retirement date, either a disability benefit will be payable to him or her, or he or she will continue to accrue benefits in accordance with the Plan's provision.

Smith-Blair

Employees represented for collective bargaining by The United Steelworkers of America, Local No. 9308, Smith-Blair, Inc. of the Texarkana, Arkansas plant location of Sensus USA, Inc., a subsidiary of the Company, are entitled to monthly pension benefits equal to the participant's accrued benefit on the retirement date, reduced by 0.50% for each of the first 60 months and 0.33% for each additional month that the early retirement date precedes the normal retirement date. No employees of the Texarkana, Arkansas plant hired on and after July 11, 2011 may join or rejoin the Plan as an active participant.

Benefits are calculated based upon a flat dollar benefit per years of service, not to exceed certain specified maximum years of service.

Employees with five or more years of service are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the participant's accrued benefit on such date. The Plan allows for early retirement for participants who have attained the age of 55 and have completed ten years of vesting service.

If a participant who has a vested retirement pension dies before their pension commencement date, a death benefit will be paid to their surviving spouse in accordance with the Plan's provisions. If a participant becomes totally or permanently disabled before their retirement date, either a disability benefit will be payable to him or her, or he or she will continue to accrue benefits in accordance with the Plan's provision.

Effective August 9, 2020, pursuant to contract changes approved by the union, future benefit accruals shall be frozen with respect to employees of Smith-Blair, Inc., for service on or after October 1, 2020.

Contributions - Contributions to provide benefits under the Plan are made solely by the Company. See Note 5 for the Company's funding policy.

Administrative and Investment Management Expenses - Administrative expenses of the Plan, including actuarial services, audit fees and regulatory fees are paid by the Plan, as provided in the Plan document and the trust agreement. Certain accounting and other administrative services are provided to the Plan at no charge. These services are performed by employees of the Company or employer and no such employee receives compensation from the Plan.

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income or losses reported by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties - The Plan's investments include mutual funds, pooled separate accounts and collective trusts. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity risk, and overall market volatility. Due to the level of risk associated with certain Plan investments, it is at least reasonably possible that changes in the values of certain Plan investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

The COVID-19 pandemic has created significant global volatility, uncertainty and economic disruption. The pandemic also has caused increased uncertainty in estimates and assumptions affecting the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). A more detailed description of the individual types of investments can be found in Note 4 Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the trustee of the Plan).

Note 4. Fair Value Measurements

The Plan determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 inputs are unobservable inputs for the assets or liabilities.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV practical expedient is the measurement of fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient as an alternative to the fair value hierarchy as discussed above.

The following descriptions of the valuation methodologies and assumptions are used by the Plan to estimate the fair values of investments held by the Plan:

- *Cash and cash equivalents* - Comprised of money market funds valued at the closing price by the fund manager from an actively traded exchange and are classified as Level 1.
- *Mutual funds* - Mutual funds are publicly traded in active markets and valued at the closing price reported on those major markets on the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.
- *Pooled Separate Accounts ("PSAs")* - The fair value of participation units in the PSAs are estimated based on the NAV as reported by the fund managers as of the financial statement date and recent transaction prices. There are no unfunded commitments related to the PSAs, and investments in PSAs can be redeemed on a daily basis with no advance requirements, and have redemption prices that are determined by the fund's NAV. PSAs are not classified in the fair value hierarchy.
- *Collective Trusts ("CTs")* - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. Investments in CTs can be redeemed on a daily basis, except as noted below, and there are no unfunded commitments. CTs are not classified within the fair value hierarchy.
- *Corporate bonds and U.S. government securities* - Fixed income securities consist primarily of investment grade corporate bonds and United States government securities. Fixed income securities are generally valued using pricing models (e.g. matrix pricing) using observable market inputs. As the significant inputs used to price fixed income securities are observable market inputs, the fair values of fixed income securities are included in the Level 2 fair value hierarchy.

While the Plan Administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these type of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table sets forth by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value at December 31, 2021:

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient *	Total
Cash and cash equivalents	\$ 1,107,121	\$ ---	\$ ---	\$ ---	\$ 1,107,121
Mutual funds	10,553,140	---	---	---	10,553,140

Totals	\$ 11,504,830	\$ 86,912,763	\$ —	\$ 13,525,207	\$ 111,942,800

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value of the Plan.

Note 5. Funding Policy

Contributions to provide benefits under the Plan are made solely by the Company. Funding requirements under Internal Revenue Service ("IRS") rules are a major consideration in making contributions to the Plan. The Company's funding policy is to make cash contributions to the Plan not less than the minimum required by applicable law and regulations. While the Company has significant discretion in making voluntary contributions, ERISA, including subsequent amendments, and applicable Internal Revenue Code ("IRC") regulations mandate minimum funding thresholds. The Company continually monitors the funded status and minimum funding requirements. The Company did not make any contribution to the plan in 2021 and 2020.

Interest, dividends and cumulative net appreciation of investments of the Plan serve to reduce future contributions that would otherwise be required to provide for the defined level of benefits as outlined in the Plan document. The Company's contributions are adjusted to reflect differences between actual contributions in prior years and the amounts required under the Company's current funding policy to meet the minimum funding requirements of ERISA. The Company met the minimum funding requirements for the years ended December 31, 2021 and 2020.

Note 6. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by participants as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated participants, (2) beneficiaries of participants who have died, and (3) present participants or their beneficiaries. The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2020 is as follows:

Vested accumulated plan benefits:

Retired participants and/or beneficiaries currently receiving benefits	\$ 50,110,150
Other participants	29,967,616
Total vested accumulated plan benefits	80,077,766
Nonvested accumulated plan benefits	634,789
Total actuarial present value of accumulated plan benefits	\$ 80,712,555

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2020 are as follows:

Actuarial present value of accumulated plan benefits - December 31, 2019	\$ 81,396,803
Increase (decrease) during the year attributable to:	
Benefits accumulated and (gains) losses	103,178
Benefits paid	(5,454,147)
Interest	5,116,323
Assumption changes (a)	(449,602)
Actuarial present value of accumulated plan benefits - December 31, 2020	\$ 80,712,555

(a) The assumption changes is primarily due to a change in the mortality improvement scale from MP-2019 to MP-2020.

The significant actuarial assumptions used in the December 31, 2020 valuations were:

- Mortality: The mortality assumption for non-annuitants and healthy annuitants from the Pri-2012 Healthy Fully Generational Mortality Table with Blue Collar adjustment reflecting the revised improvement Scale MP-2020 and for disabled annuitants the Pri-2012 Disabled Fully Generational Mortality Table reflecting the revised improvement Scale MP-2020
- Retirement age: Retirement rates from 2% at age 55 to 100% at age 70 for Auburn, Bell & Gossett, and Standard. Retirement rates from 5% at age 55 to 100% at age 70 for Lubbock and Zelenope. Retirement rate from 25% at age 61 to 100% at age 70 for Uniontown. While Smith-Blair, retirement rate from 75% at age 64 to 100% at age 70.
- Long-term rate of return was 6.5% per annum.

Actuarial assumptions for the period before normal retirement include factors for mortality, termination of employment, early retirement and disability.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 7. Exempt Party-In-Interest Transactions

Parties-in-interest are defined by Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Amounts paid by the Plan to parties-in-interest included fees paid for investment management, actuarial services and other professional and regulatory fees. Certain professional fees for the administration of the Plan were paid by the Company. NISA Investment Advisors, LLC is the investment manager for the Plan. The Trustee also manages a portion of Plan assets. These assets and related transactions qualify as exempt party-in-interest transactions.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory or administrative exemptions from the IRC and ERISA rules on prohibited transactions.

Note 8. Federal Income Tax Status

The IRS has determined and informed the Company by a letter dated April 20, 2017, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 9. Subsequent Events

The Company has evaluated subsequent events for recognition and disclosure through February 6, 2023, which is the date the financial statements were available to be issued. No significant events were noted except for the matters disclosed below.

Effective January 1, 2023, and as a result of recent collective bargaining negotiations, the Plan has been amended to increase the annual benefit accrual per year of credited service for select collectively bargained participants.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2020), each adjusted as needed to fall within the 25-year interest rate stabilization corridor under ARPA.
1st Segment Rate	4.75%
2nd Segment Rate	5.36%
3rd Segment Rate	6.11%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2020), without regard to interest rate stabilization.
1st Segment Rate	2.22%
2nd Segment Rate	3.38%
3rd Segment Rate	3.92%
Optional Payment Form Election Percentage	See Table 1.
Retirement Age	
Active Participants	See Table 2.
Terminated Vested Participants	Zelienople and Sensus—Later of age 65 and current age. Others—Later of age 60 and current age.
Mortality Rates	
Healthy	2021 static mortality table for annuitants and non-annuitants (based on RP-2014 and Scale MP-2019).
Disabled	Revenue Ruling 96-7 mortality table for disability after December 31, 1994.
Withdrawal Rates	Zelienople—Not applicable. Others—See Table 3.
Disability Rates	Zelienople—Not applicable. Others—See Table 4.
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages at which the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 70% participants have an opposite-gender spouse at death.

Schedule SB Attachment (Form 5500)—2021 Plan Year
Xylem Pension Plan for U.S. Hourly Employees
EIN: 45-2080495 PN: 053

Salary Increases	3.5% per year (only relevant for the Standard location's Special Conditions Pension).
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$230,000 and the IRC section 401(a)(17) compensation limit of \$290,000.
Valuation of Plan Assets	<p>Smoothed, audited fair market values of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets	
2019 Plan Year	The Enrolled Actuary's best estimate. 5.78% before and after third segment rate limit of 6.11%.
2020 Plan Year	The Enrolled Actuary's best estimate. 4.51% before and after third segment rate limit of 5.94%.
2021 Plan Year	The Enrolled Actuary's best estimate. 3.67% before and after third segment rate limit of 6.11%.
Trust Expenses Included in Target Normal Cost	The prior year's non-investment, non-PBGC expenses, increased with 2.1% inflation, plus the current year's actual PBGC premiums. The result is then rounded to the nearest \$1,000.
Actuarial Method	Standard unit credit cost method.
Shortfall Amortization Period	Any shortfall amortization bases are amortized over seven years from the creation of the base, without regard to ARPA. From January 1, 2022, any bases will instead be amortized over 15 years, as required by ARPA.
Valuation Date	January 1, 2021

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V—Summary of Plan Provisions

Plan Merger

Description of Plan Merger

Effective as of December 30, 2016, the Retirement Plan of Xylem Water Solutions Zelienople for Hourly Paid Employees (Zelienople) was renamed as the Xylem Pension Plan for U.S. Hourly Employees (the “Plan”).

At the same time, the following U.S. pension plans (the “Merged Plans”) were merged into the plan (the “Merger”):

- Xylem Pension Plan for Bargaining Unit Employees, Auburn, New York (Auburn)
- Xylem Bell & Gossett Pension Plan for Hourly Employees (Bell & Gossett)
- Xylem Pension Plan for Hourly Employees, Texas Turbine Operations, Lubbock, TX (Lubbock)
- Sensus USA Inc. Union Retirement Plan (Sensus)
- Xylem Standard Hourly (Bargaining Unit) Pension Plan (Standard)

Benefit Provisions

The benefit provisions for each location, including any changes subsequent to the plan merger, are described in the following pages of this report.

Schedule SB Attachment (Form 5500)—2021 Plan Year

EIN: 45-2080495 PN: 053

Auburn

Effective Date

January 1, 2012. Last restated, effective December 30, 2016, to reflect the merger of the U.S. qualified plans. We understand that a collective bargaining agreement for the Auburn location is expected to be signed in early 2018, adopting changes to benefits that were agreed to in principle during September 2017 bargaining. The anticipated changes are reflected below.

Eligibility for Participation

Each employee last hired by August 3, 2014 became a participant as of the date of completion of an hour of service. Employees first hired or rehired after August 3, 2014 are not eligible to participate.

Normal Retirement

Eligibility

Age 62 and five years of continuous service.

Benefit

A gross monthly amount equal to years of credited service multiplied by a benefit unit determined in connection with the date of termination of employment, as shown below:

Termination Date	Benefit Unit Per Year of Service	
	Prior to 1/1/2005	On or After 1/1/2005
Before 12/31/2012	\$33.00	\$42.00
12/31/2012–12/30/2013	\$34.00	\$43.00
12/31/2013–12/30/2014	\$35.00	\$44.00
12/31/2014–12/30/2015	\$35.00	\$45.00
12/31/2015–12/30/2016	\$35.00	\$46.00
12/31/2016–12/30/2017	\$35.00	\$47.00
12/31/2017–12/30/2018	\$35.00	\$48.00
12/31/2018–12/30/2019	\$35.00	\$49.00
On and after 12/31/2019	\$35.00	\$50.00

The gross benefit is reduced by the benefit earned under the Former Pension Plan, with the net amount payable from the Xylem plan.

Early Retirement

Eligibility

Age 55 and five years of continuous service.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by $\frac{1}{3}$ of 1% for each month the early retirement precedes the normal retirement.

Schedule SB Attachment (Form 5500)—2021 Plan Year
Xylem Pension Plan for U.S. Hourly Employees
EIN: 45-2080495 PN: 053

Vested Termination

Eligibility

Five years of continuous service.

Benefit

The accrued benefit at the date of termination. Reduced payments may begin any time after eligibility for early retirement, based on the same reductions as for early retirement from active status.

Disability

Eligibility

Total and permanent disability of an active participant after five years of continuous service.

Benefit

The accrued benefit determined as of the date of disability, payable immediately to the earlier of recovery from disability or normal retirement age 62. The benefit is provided in addition to the retirement benefit but stops if the participant commences retirement.

Surviving Spouse

Eligibility

Five years of continuous service.

Benefit

For deaths occurring while actively employed:

A monthly benefit payable to the surviving spouse beginning on the later of the first day of any month once the Administration Committee is officially notified of the employee's death and the date the employee would have attained age 45. The benefit is 50% of the employee's accrued benefit as of the date of death, with no reduction for early commencement or a joint and survivor option factor.

Participants are not charged for this coverage.

For pre-commencement deaths occurring after termination:

A monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age, equal to 50% of the amount that would have been payable if the participant had retired on that date with a 50% joint and survivor benefit.

Participants are not charged for this coverage.

Normal Form of Annuity
Without Spouse

Single life annuity.

With Spouse

50% joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity.
100% joint and survivor annuity.
75% joint and survivor annuity.
66⅔% joint and survivor annuity.
50% joint and survivor annuity.
10-year certain and life annuity.

Actuarial Equivalence
Lump-Sum

IRS applicable 417(e) segment rates and IRS applicable 417(e) mortality table.

Others

Factors as per Appendix D of the plan document.

Delayed Commencement

If benefit commencement is delayed beyond the later of normal retirement (age 62) or date of termination, participants choose between retroactive payments back to the later of those dates with interest or an actuarial increase applied to the prospective monthly benefit.

Definitions

Continuous Service

The period beginning on the first day of the month in which the eligible employee completes one hour of service and ending on the last day of the month in which the employee is no longer employed. Continuous service includes service under the Former Pension Plan.

Credited Service

One month of service is earned for each calendar month during which an eligible employee has one hour of service. Credited service includes service under the Former Pension Plan.

Former Pension Plan

ITT Pension Plan for Bargaining Unit Employees, Seneca Falls, New York.

Small Payments

If the present value of a pension benefit is \$3,500 or less, that benefit shall be payable in a lump-sum payment. If all other bargaining units participating in the plan approve an increase in this limit to \$5,000, that increase will then take effect for the Auburn location.

The accrued service mentioned above is subject to the limits described in the “Maximum Service” section of these plan provisions.

Texarkana, Arkansas Employees

Accrued benefit is the sum of (1) through (6) below:

- (1) \$20.50 multiplied by accrual service from December 18, 2003 through March 28, 2007.
- (2) \$22.00 multiplied by accrual service from March 29, 2007 through March 23, 2008.
- (3) \$22.50 multiplied by accrual service from March 24, 2008 through March 22, 2009.
- (4) \$23.00 multiplied by accrual service from March 23, 2009 through March 21, 2010.
- (5) \$24.00 multiplied by accrual service from March 22, 2010 through April 13, 2014.
- (6) \$25.00 multiplied by accrual service from April 14, 2014 onward.

The accrued service mentioned above is subject to the limits described in the “Maximum Service” section of these plan provisions.

Effective October 1, 2020, accrued benefit is frozen.

Early Retirement Benefit
Eligibility

Age 55 and 10 years of vesting service. Participants who terminate with 10 or more years of vesting service, before attainment of age 55, become eligible for early retirement at age 55.

Benefit

Uniontown, Pennsylvania Employees

Accrued benefit on early retirement date reduced by $\frac{1}{2}$ of 1% per month for each of the first 24 months and $\frac{1}{3}$ of 1% for each additional month that early retirement date precedes the attainment of age 62. No reduction applies on or after age 62.

Texarkana, Arkansas Employees

Accrued benefit on early retirement date reduced by $\frac{1}{2}$ of 1% per month for each of the first 60 months and $\frac{1}{3}$ of 1% for each additional month that early retirement date precedes normal retirement date.

Vested Termination

Eligibility

Five years of vesting service.

Benefit

The accrued benefit at the date of termination, payable at age 65. However, participants with 10 years of vesting service at separation can instead elect the early retirement benefit as early as age 55.

Disability

Eligibility

Total and permanent disability prior to age 65, after completion of 10 years of vesting service.

Benefit

The accrued benefit as of the date of disablement, with no early retirement reductions, but reduced by any employer-provided disability benefits besides Social Security disability and worker's compensation benefits.

Surviving Spouse

Eligibility

Qualified married participant vested in an accrued benefit.

Benefit

A monthly benefit payable to the surviving spouse beginning at the employee's earliest retirement age, equal to the survivor benefit that would have been payable had the participant terminated employment on the date of death and survived to his/her earliest retirement age (or such later commencement age elected by the survivor), retired with a qualified 50% joint and survivor annuity in effect, then died the next day.

If the survivor defers commencement past when the original participant would have attained age 65, the benefit is actuarially increased from the age 65 (or the participant's age at death, if later) and the age that the participant would have been at the survivor's commencement. The survivor must commence by the original participant's age 70½.

Beneficiary Death Benefit

Eligibility

Unmarried beneficiary if death occurs after the participant's early retirement date.

Benefit

A monthly benefit payable to the beneficiary equal to the survivor benefit that would have been payable had the participant terminated employment on the date of death, retired then (or up to one year later, as elected by the beneficiary) with a 50% joint and survivor annuity in effect, then died the next day.

10/14/2013–12/31/2016	\$30.00
1/1/2017–12/31/2017	\$31.00
1/1/2018–12/31/2018	\$32.00
1/1/2019–12/31/2019	\$33.00
1/1/2020–12/31/2020	\$34.00
On or after 1/1/2021	\$35.00

For the first three months after retirement, the Special Conditions Pension is paid in lieu of the normal retirement benefit.

Benefit Offset

Regardless of hire date, the gross benefit is reduced by the benefit earned under the American Standard Inc. Plan.

Early Retirement
Eligibility

Age 55 and 10 years of credited service. Participants are also eligible upon termination due to a layoff or plant shutdown with points (age plus years of credited service) of 80 or more.

Benefit

The normal retirement benefit is payable immediately, without reduction, if the participant meets any of the following conditions:

- **30 and out**—The participant is age 62 with 30 years of continuous service at commencement. In this case, an additional supplement of \$200 per month is payable until age 65.
- **Early retirement with 75 points**—The participant is age 55 with 10 years of credited service and 75 points.
- **Involuntary separation with 80 points**—The participant separates with 80 points, due to a layoff or plant shutdown.

Otherwise, the normal retirement benefit is reduced by $\frac{1}{4}$ of 1% for each month early retirement precedes the normal retirement.

For all retirements, for the first three months after retirement, the Special Conditions Pension is paid in lieu of the early retirement benefit.

Special Conditions Pension

Eligibility

Active employees retiring under the plan.

Benefit

A lump sum of 13 weeks of pay at the pay rate the retiree would have received if they were on vacation at retirement. This benefit is not reduced for early retirement.

Vested Termination

Eligibility

Five years of continuous service.

Benefit

The accrued benefit at the date of termination, with commencement between the vested retirement date and normal retirement date. If the benefit is commenced before the normal retirement date, the benefit is equal to the normal retirement benefit reduced by $\frac{1}{3}$ of 1% for each month the early retirement precedes the normal retirement.

Disability

Eligibility

Total and permanent disability from active service after attainment of 10 years of credited service.

Benefit

The greater of \$275 per month and the unreduced accrued benefit determined as of the date of disability, payable immediately.

Surviving Spouse

Eligibility

Five years of continuous service.

Benefit

A monthly benefit payable to the surviving spouse beginning the first day of the month after death equal to 50% of the amount payable if the participant had retired on that date with a 50% joint and survivor benefit.

For survivors of employees who die after completing 10 years of service and attaining age 40, a minimum benefit applies. Until the earlier of remarriage and the survivor's age 65, the minimum amount payable to the survivor is \$250 per month.

The benefits above are available to active and terminated vested participants. Participants are not charged for this coverage.

Normal Form of Annuity
Without Spouse

Single life annuity.

With Spouse

50% joint and survivor annuity reduced to be equivalent to the retirement benefit payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Forms of Annuity

Single life annuity.
100% joint and survivor annuity.
75% joint and survivor annuity.
50% joint and survivor annuity.

Delayed Commencement

If benefit commencement is delayed beyond the later of normal retirement (age 65) or date of termination, participants choose between retroactive payments back to the later of those dates with interest or an actuarial increase applied to the prospective monthly benefit.

Actuarial Equivalence
Lump-Sum

IRS applicable 417(e) segment rates and IRS applicable 417(e) mortality table.

Others

Factors as per Appendix A of the plan document.

Definitions

Average Monthly Earnings

Compensation based on the highest five calendar years of the final 10 calendar years preceding termination or retirement. The average monthly earnings and associated benefits were frozen on December 31, 2013.

Continuous Service

The period beginning on the first day of the month in which the employee completes one hour of service and ending on the last day of the month in which the employee is no longer employed.

Credited Service

One month of service is earned for each calendar month during which an employee has one hour of service.

Small Payments

If the present value of a pension benefit is \$3,500 or less, that benefit shall be payable in a lump-sum payment.

Zelienople

Effective Date

January 1, 1951. Last amended and restated, effective December 30, 2016, to reflect the merger of the U.S. qualified plans.

Eligibility for Participation

An eligible employee (currently represented for Collective Bargaining by International Brotherhood of Painters and Allied Trades, Glaziers Local Union 751, AFL-CIO) who is on the payroll of a participating unit becomes a participant as of the date he or she completes an hour of service.

No employees are to become eligible to participate after May 1, 2007 with the exception of formerly eligible rehires.

Normal Retirement

Eligibility

Age 65 or five years of continuous service.

Benefit

A monthly amount equal to sum of benefit accruals for each full or fractional year of credited service up to August 31, 2010. The benefit accrual for each year is based on the participant's annual compensation rate and the schedule of benefit units for that year, as follows:

Annual Rate of Compensation	Benefit Unit
Prior to January 1, 1998:	
\$21,200 but less than \$21,800	\$17.50

\$32,600 but less than \$33,200	\$27.00
\$33,200 but less than \$33,800	\$27.50
\$33,800 and over	\$28.00

No credited service is earned after August 31, 2010.

Early Retirement
Eligibility

Age 55 and 10 years of continuous service.

Benefit

A monthly benefit equal to the normal retirement benefit reduced by $\frac{1}{3}$ of 1% for each month the early retirement precedes the normal retirement.

Vested Termination
Eligibility

Five years of continuous service.

Benefit

The accrued benefit at the date of termination, payable at age 65.

Participants at least age 55 at separation, with 10 years of continuous service at separation, are eligible for the early retirement benefit described above.

Participants under age 55 at separation, but with at least 10 years of continuous service at separation, may commence as early as age 55. If so, benefits are reduced by $\frac{5}{9}$ of 1% for each of the first 60 months and $\frac{5}{18}$ of 1% for each of the next 60 months that commencement precedes age 65.

Disability
Eligibility

Total and permanent disability of an active employee after 10 years of continuous service.

- Employees hired after October 16, 2016 are not eligible to become participants in the plan.
- For participants hired after October 17, 1993 and terminating after 2016, the benefit increased from \$30.00 per month per year of credited service. The new rates are \$31.00 per month (for terminations during 2017), \$32.00 per month (for terminations during 2018), and \$33.00 per month (for terminations after 2018).

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Under the American Rescue Plan Act of 2021 (ARPA), the stabilized interest rates for certain purposes will be adjusted once the ARPA stabilization is applied. This Schedule SB reflects stabilized 2021 minimum funding interest rates that are adjusted for ARPA. Via this filing, Xylem Inc. will irrevocably commit the Xylem Pension Plan for U.S. Hourly Employees to use of those rates for the 2021 plan year.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the unlimited funding expected rate of return on assets from 4.51% to 3.67%.

This assumption change did not reduce the funding shortfall, so approval of the Commissioner is not required.
