INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the BlackTree Healthcare Consulting 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the BlackTree Healthcare Consulting 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of February 21, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to February 21, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of February 21, 2022 and December 31, 2021, and for the period from January 1, 2022 to February 21, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the BlackTree Healthcare Consulting 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BlackTree Healthcare Consulting 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the BlackTree Healthcare Consulting 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the BlackTree Healthcare Consulting 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the period from January 1, 2022 to February 21, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the BlackTree Healthcare Consulting 401(k) Plan (the "Plan") provides only general information. The Plan was originally established January 1, 2013 and was amended and restated effective January 1, 2021. The amendment and restatement incorporated past amendments and made other administrative changes to the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except for union employees and nonresident aliens, of BlackTree Healthcare Consulting, LLC (the "Company"), who have attained the age of twenty-one and have completed three months of service. Eligible participants may enter the Plan on the first day of each month. In May 2021, BlackTree Healthcare Consulting and Simone Healthcare Consultants announced a merger to become SimiTree Healthcare Consulting. Management of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective January 1, 2022 (the "Freeze Date"), the Company froze the Plan such that no new participants will be admitted to the Plan and no further contributions will be made to the Plan for compensation paid after the Freeze Date. All individuals who participated in the Plan on December 31, 2021 became eligible to participate in the SimiTree Healthcare Consulting, LLC 401(k) Plan.

During February 2022, the Plan and all of its participant account balances were transferred to John Hancock into the SimiTree Healthcare Consulting, LLC 401(k) Plan. The change in service providers initiated a "Black Out" period in 2022. During this period from February 7, 2022 through the week of March 11, 2022, participants' Plan accounts were not available for investment fund exchanges and distribution requests. During the Black Out period, funds were transferred from Ascensus to John Hancock and invested into investment options selected by the Plan administrator that had similar investment approaches and objectives to the options that were previously available. As a result of the merger, approximately \$6.2 million of plan assets including approximately \$9 thousand of participant loans were transferred from the Plan to the SimiTree Healthcare Consulting, LLC 401(k) Plan.

Contributions

Effective January 1, 2022, due to the Plan freeze, all contributions to the Plan ceased.

Prior to the Freeze Date, participants could contribute a portion of their compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who had attained the age of 50 before the end of the Plan year were eligible to make "catch-up" contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions could be designated as Roth 401(k) contributions.

Effective January 1, 2021, the Plan was amended to include an automatic deferral provision of 3% of eligible compensation. The automatic deferral provision affected all participants, except those who made, or elected to make, a contrary deferral election.

Prior to the Freeze Date, the Plan provided for a safe harbor employer matching contribution. The safe harbor matching contribution was 100% of the first 2% of an active participant's eligible compensation contributed to the Plan and 75% of the next 4% of an active participant's eligible compensation contributed to the Plan. Prior to January 1, 2021, the Plan provided for a discretionary employer matching contribution.

Prior to the Freeze Date, the Plan also allowed for discretionary employer profit sharing contributions allocated under a grouping method in accordance with the Plan document. Participants must have completed at least 1,000 hours of service during the Plan year and have been employed on the last day of the Plan year to be eligible for the discretionary employer profit sharing contributions.

Participants directed the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account was credited with the participant's contribution, as well as allocations of the Company's contributions and Plan earnings. Participant accounts are charged with withdrawals and an allocation of certain administration expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. A participant's account may also be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant, at all times, has a fully vested (100%) interest in their own contributions, rollover contributions, safe harbor non-elective contributions plus actual earnings thereon.

Discretionary employer matching contributions and discretionary employer profit sharing contributions vest according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2 years	0%
More than 2 years but less than 3 years	20%
More than 3 years but less than 4 years	40%
More than 4 years but less than 5 years	60%
More than 5 years but less than 5 years	80%
6 or more years	100%

Safe harbor matching contributions vest according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 or more years	100%

Notwithstanding the above vesting for the Company's discretionary employer matching contributions, discretionary employer profit sharing contributions and safe harbor matching contributions, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), death or disability while an employee, as defined in the Plan document.

Forfeited Amounts

As of February 21, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$25,089, respectively. These accounts may be used to pay expenses or to reduce amounts otherwise required to be contributed to the Plan. During the period from January 1, 2022 to February 21, 2022, \$24 was used to pay expenses, \$0 was used to reduce employer contributions, and \$25,210 was transferred to the SimiTree Healthcare Consulting, LLC 401(k) Plan.

Benefit Payments

Upon termination of service, participants will receive, in a lump-sum payment, an amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is less than \$1,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution. In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from certain contribution accounts, as defined in the Plan document, in certain cases of immediate and heavy financial need.

Notes Receivable from Participants

Loans to participants are permitted under the Plan and are treated as a participant directed investment. The minimum loan is \$1,000. Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan, are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial

statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Management fees and operating expenses associated with investments in the mutual funds are deducted from income earned by these funds on a daily basis and are not separately reflected. Consequently, management fees and operating expenses associated with investments are included in the net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through January 16, 2023, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Ascensus, LLC, as agent for Ascensus Trust Company, custodian of the Plan and a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of February 21, 2022 and December 31, 2021.
- Investment activity, including net depreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from January 1, 2022 to February 21, 2022.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements
As of February 21, 2022 and December 31, 2021
And For the Period From January 1, 2022 to February 21, 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of February 21, 2022 and December 31, 2021.

Mutual Funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value or equivalent based on units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trusts less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trusts will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the merger of the Plan with and into the SimiTree Healthcare Consulting, LLC 401(k) Plan, there were no fair value measurements as of February 21, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 6,694,622	\$ 6,694,622	\$ -	\$ -
Common collective trust (*)	8,738	-	-	-
Total	<u>\$ 6,703,360</u>	<u>\$ 6,694,622</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of February 21, 2022 and December 31, 2021.

<u>Investment Type</u>	<u>Fair Value</u> <u>February</u> <u>21, 2022</u>	<u>Fair Value</u> <u>December</u> <u>31, 2021</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Collective investment trust	\$ -	\$ 8,738	\$ -	Daily	Daily

The Plan's investment options include a common collective trust that seeks the preservation of capital and seeks to achieve a competitive level of income over time that is consistent with the preservation of capital. This common collective trust is redeemable at NAV under agreements with the underlying common collective trust. However, it is possible that these redemption rights may be restricted by the common collective trust in the future in accordance with underlying trust agreements. Due to the nature of the investments held by the common collective trust, changes in market conditions and the economic environment may significantly impact the NAV of the common collective trust, and consequently, the fair value of the Plan's interest in the common collective trust. Furthermore, changes in the liquidity provisions of the common collective trust may significantly impact the fair value of the Plan's interest in the common collective trust.

5. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts including any employer contributions, and all remaining assets in the Plan are to be distributed to the participants in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective January 1, 2021, the Plan was amended and restated through the adoption of a pre-approved plan sponsored by Ascensus LLC. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 21, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Related-Party and Party-in-Interest Transactions

For the period from January 1, 2022 to February 21, 2022, the Plan paid fees to the Vanguard Group, Inc. ("Vanguard") of \$5,347. Vanguard provides recordkeeping services and the Plan invests in mutual funds managed by Vanguard. Additionally, for participants who have elected to take a participant loan, the loans are

secured by the respective participant's account balance. Therefore, those transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

During 2021, the Plan Sponsor failed to remit to the Plan certain employee contributions and loan repayments totaling \$128,307, within the period prescribed by the Department of Labor regulations. During 2022, the Plan Sponsor made contributions to the affected participants' accounts to compensate the participants for potential lost income due to the processing delays. The Plan Sponsor believes that these transactions do not affect the tax status of the Plan and took action prescribed by the regulations to remedy such errors.
