Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statement Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H-Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of the Plan:

The following description of the Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions and amendments.

(a) General –

The Plan is a defined contribution plan covering all full-time employees of Motorambar, Inc. ("the Company or the Sponsor") who have three (3) months of service and are age eighteen (18) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 1, 2019, the Plan Agreement was amended to change the Plan Sponsor matching contribution to 25% of the participants' elective deferral. However, in no event will the amount of any matching contribution exceed 100% of the participant's compensation.

As of December 31, 2021 and 2020, there were 201 and 194 participants, respectively, with account balances in the Plan.

(b) Change in accounting principle –

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Fair Value Measurement (Topic 820)" Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This new guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's financial statements.

(c) Contributions –

Each year, participants may contribute up to \$15,000 of pre-tax annual compensation, as established by Act No. 1 of January 31, 2011 of the Internal Revenue Code for a New Puerto Rico (IRC-NPR). Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions of \$1,500.

The Plan Sponsor contributes an amount equal to 25% of the participant's contributions up to a 10% of the compensation without other limits. After July 1, 2019, the matching contribution cannot exceed 100% of the participant's compensation. Participants direct their investments into various investment options offered by the Plan.

(d) Participant accounts –

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions and Plan earnings. Accounts are charged with withdrawals and an allocation of Plan investment earnings as well as with an allocation of administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting –

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the Company's contributions portion of their accounts plus earnings thereon after three (3) years of credited service.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

- (f) Payment of benefits –
Upon termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments over a ten-year period.
- (g) Notes receivable from participants –
Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at one percentage point higher than the prime lending rate. The Interest rate will be fixed and will not change for the duration of the loan. Interest rate at December 31, 2021 and 2020 was ranging from 4.25% to 6.50%. Principal and interest is paid through payroll deductions. A \$25 loan application fee is charged to the participant's account.
- (h) Forfeited accounts –
Forfeitures of non-vested account balances in any given year are used to reduce future employer contributions or to pay administrative expenses. At December 31, 2021 and 2020, forfeited non-vested accounts, which are included in the Plan's assets, totaled \$13,912 and \$861, respectively. During the year ended December 31, 2021, forfeitures amounting to \$13,671 were used to pay administrative expenses and \$4,562 were used to reduce employer contributions.

(2) Summary of significant accounting policies:

- (a) Basis of accounting –
The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").
- (b) Basis of presentation –
The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to financial statements represent calendar years unless otherwise noted. The Plan has evaluated subsequent events through February 1, 2023, the date the financial statements were available to be issued.
- (c) Use of estimates –
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (d) Investment valuation and income recognition –
The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

For investments in mutual funds that are registered with the Securities and Exchange Commission, fair value is determined using net asset values (NAV). The NAV per share of the registered investment companies is published daily and is calculated by each fund based on the market value of the underlying securities within each fund.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Investments in common collective trust funds are made through pooled separate accounts (Putnam Retirement Advantage Funds) under a contract with Great-West Trust Company, LLC. Each of the funds represents contributions plus dividend distributions that are allocated to the underlying fund. These funds invest solely in shares of mutual funds which are segregated from other assets of Great-West Trust Company, LLC. Each fund bears its own expenses and indirectly bears its proportionate share of expenses of the funds in which it invests. The Plan's share of the pooled separate accounts is determined on a participation unit basis. The pooled accounts provide a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The participation-unit value is adjusted daily to reflect investment results under the separate account.

The reported value for the fully benefit-responsive investment contract is reported and presented in the face of the statements of net assets available for benefits at contract value.

Net appreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold, as well as, held during the year. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on the trade date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Notes receivable from participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(f) Excess contributions payable –

Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Treasury Department are recorded as a liability with corresponding reduction to contributions. See related Note (6).

(g) Risks and uncertainties –

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(h) Payment of benefits –

Benefit payments to participants are recorded when paid. As of December 31, 2021 and 2020, there were no benefits due to withdrawn participants that had not yet been paid.

(i) Administrative expenses –

The Plan's expenses are either paid by the Plan or the Plan's Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan's Sponsor are excluded from these financial statements.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Certain administrative expenses were paid by the Plan for the year ended December 31, 2021. Administrative expenses that are allocable to a participant's account are paid from that account. Investment related expenses are included in net appreciation of fair value of investments, presented in the accompanying statement of changes in net assets available for benefits.

(3) Information certified by the Plan's custodian:

Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the custodian of the Plan.

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability; and
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – Valued at the net asset value of shares held by the Plan at year end, based on quoted market prices in active markets, adjusted for fees and expenses.

Common collective trust funds – A common collective trust is valued at the net asset value or equivalent based on units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at fair value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	\$ 5,858,437	\$ -	\$ -	\$ 5,858,437
Common collective trust funds measured at net asset value *				108,493
Total investments at fair value				<u>\$ 5,966,930</u>

Assets at fair value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	\$ 4,799,129	\$ -	\$ -	\$ 4,799,129
Common collective trust funds measured at net asset value *				58,174
Total investments at fair value				<u>\$ 4,857,303</u>

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model –based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

Investment Type	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	\$ 108,493	\$ 58,174	\$ -	Daily	Daily

(5) Guaranteed investment contract with insurance company:

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (the Insurance Company.) It covers its Key Guaranteed Portfolio Fund, which is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average interest earned by the Plan was 1.15% and 1.40% for the years ended December 31, 2021 and 2020, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the fully benefit-responsive contract criteria, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021, and 2020 was \$136,041 and \$101,543, respectively. The crediting interest rate is compounded daily to the effective annual interest rate. The interest rate to be credited during the calendar year will be determined by Great-West Trust Company, LLC prior to the last day of the previous calendar year and shall be reset annually. The effective annual interest rate will never be less than 1%.

Certain events might limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following; (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Employers or other Employers events that cause a significant withdrawal from the Plan, (iv) premature termination of the contract, among others. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

(6) Excess participant contributions:

The Plan failed to pass the Average Deferral Percentage (ADP) test for the years ended December 31, 2021, and 2020. Excess contributions amounting to \$7,330 and \$23,650 were recorded as a liability in the accompanying statements of net assets available for benefits as of December 31, 2021, and 2020, respectively. During the year 2021, the Plan reimbursed the 2020 excess contributions to the corresponding participants. Subsequent to year-end, during September 2022, the Plan reimbursed the 2021 excess contributions to the corresponding participants.

(7) Administrative expenses:

Administrative expenses paid from Plan assets mainly include fees for asset management, third party administrator services, and for guaranteed income features.

The Plan Sponsor is assuming certain administrative expenses of the Plan without reimbursement, including the trustee's fees. Total administrative expenses paid by the Plan Sponsor during the year ended December 31, 2021 amounted to \$17,113. In addition, certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees receive compensation from the Plan.

(8) Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(9) Tax status:

The Plan has received its latest determination letter from the Puerto Rico Treasury Department ("PRTD") dated June 30, 2017, stating that the Plan is qualified under Section 1081 of the IRC-NPR, and therefore, the related trust is exempt from taxation.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRTD.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

(10) Party-in-interest transaction:

The Plan's investment transactions are managed by the custodian, whose subsidiary is the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA.

The Plan allows participants to borrow from their fund accounts and, therefore, these loans qualify as party-in-interest transactions. There were no prohibited transactions with party-in-interest during the year ended December 31, 2021.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

(11) Subsequent events:

- (a) Subsequent to year end, certain events, such as the war in Ukraine, the overall inflation, and other current economic factors, have affected negatively the global financial system. This has resulted in substantial volatility in financial markets and the banking system. These economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have and probably will continue to incur in a significant decline in fair value. The duration of this uncertainties and the ultimate financial effect cannot be reasonably estimated at this time.
- (b) On September 27, 2022, the PRTD issued Administrative Determination No. 22-08 to among other measures, allow participants affected by Hurricane Fiona to make in-service distributions at preferential tax rates.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2021 Financial Statement Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H-Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of **Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan**. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of the Plan:

The following description of the Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions and amendments.

(a) General –

The Plan is a defined contribution plan covering all full-time employees of Motorambar, Inc. ("the Company or the Sponsor") who have three (3) months of service and are age eighteen (18) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On July 1, 2019, the Plan Agreement was amended to change the Plan Sponsor matching contribution to 25% of the participants' elective deferral. However, in no event will the amount of any matching contribution exceed 100% of the participant's compensation.

As of December 31, 2021 and 2020, there were 201 and 194 participants, respectively, with account balances in the Plan.

(b) Change in accounting principle –

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Fair Value Measurement (Topic 820)" Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This new guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's financial statements.

(c) Contributions –

Each year, participants may contribute up to \$15,000 of pre-tax annual compensation, as established by Act No. 1 of January 31, 2011 of the Internal Revenue Code for a New Puerto Rico (IRC-NPR). Participants who have attained age fifty (50) before the end of the plan year are eligible to make catch-up contributions of \$1,500.

The Plan Sponsor contributes an amount equal to 25% of the participant's contributions up to a 10% of the compensation without other limits. After July 1, 2019, the matching contribution cannot exceed 100% of the participant's compensation. Participants direct their investments into various investment options offered by the Plan.

(d) Participant accounts –

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions and Plan earnings. Accounts are charged with withdrawals and an allocation of Plan investment earnings as well as with an allocation of administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting –

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in the Company's contributions portion of their accounts plus earnings thereon after three (3) years of credited service.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

- (f) Payment of benefits –
Upon termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments over a ten-year period.
- (g) Notes receivable from participants –
Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at one percentage point higher than the prime lending rate. The Interest rate will be fixed and will not change for the duration of the loan. Interest rate at December 31, 2021 and 2020 was ranging from 4.25% to 6.50%. Principal and interest is paid through payroll deductions. A \$25 loan application fee is charged to the participant's account.
- (h) Forfeited accounts –
Forfeitures of non-vested account balances in any given year are used to reduce future employer contributions or to pay administrative expenses. At December 31, 2021 and 2020, forfeited non-vested accounts, which are included in the Plan's assets, totaled \$13,912 and \$861, respectively. During the year ended December 31, 2021, forfeitures amounting to \$13,671 were used to pay administrative expenses and \$4,562 were used to reduce employer contributions.

(2) Summary of significant accounting policies:

- (a) Basis of accounting –
The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("US GAAP").
- (b) Basis of presentation –
The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to financial statements represent calendar years unless otherwise noted. The Plan has evaluated subsequent events through February 1, 2023, the date the financial statements were available to be issued.
- (c) Use of estimates –
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- (d) Investment valuation and income recognition –
The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

For investments in mutual funds that are registered with the Securities and Exchange Commission, fair value is determined using net asset values (NAV). The NAV per share of the registered investment companies is published daily and is calculated by each fund based on the market value of the underlying securities within each fund.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Investments in common collective trust funds are made through pooled separate accounts (Putnam Retirement Advantage Funds) under a contract with Great-West Trust Company, LLC. Each of the funds represents contributions plus dividend distributions that are allocated to the underlying fund. These funds invest solely in shares of mutual funds which are segregated from other assets of Great-West Trust Company, LLC. Each fund bears its own expenses and indirectly bears its proportionate share of expenses of the funds in which it invests. The Plan's share of the pooled separate accounts is determined on a participation unit basis. The pooled accounts provide a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The participation-unit value is adjusted daily to reflect investment results under the separate account.

The reported value for the fully benefit-responsive investment contract is reported and presented in the face of the statements of net assets available for benefits at contract value.

Net appreciation in the fair value of investments includes the plan's gains and losses on investments bought and sold, as well as, held during the year. Realized gains or losses on the disposal of investments are determined by specific identification and recognized on the trade date basis. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Notes receivable from participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(f) Excess contributions payable –

Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Treasury Department are recorded as a liability with corresponding reduction to contributions. See related Note (6).

(g) Risks and uncertainties –

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(h) Payment of benefits –

Benefit payments to participants are recorded when paid. As of December 31, 2021 and 2020, there were no benefits due to withdrawn participants that had not yet been paid.

(i) Administrative expenses –

The Plan's expenses are either paid by the Plan or the Plan's Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan's Sponsor are excluded from these financial statements.

Motorambar, Inc. Cash or Deferred Arrangement Profit Sharing Plan

Notes to Financial Statements December 31, 2021 and 2020

Certain administrative expenses were paid by the Plan for the year ended December 31, 2021. Administrative expenses that are allocable to a participant's account are paid from that account. Investment related expenses are included in net appreciation of fair value of investments, presented in the accompanying statement of changes in net assets available for benefits.

(3) Information certified by the Plan's custodian:

Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and the supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the custodian of the Plan.

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability; and
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – Valued at the net asset value of shares held by the Plan at year end, based on quoted market prices in active markets, adjusted for fees and expenses.

Common collective trust funds – A common collective trust is valued at the net asset value or equivalent based on units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at fair value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	\$ 5,858,437	\$ -	\$ -	\$ 5,858,437
Common collective trust funds measured at net asset value *				108,493
Total investments at fair value				<u>\$ 5,966,930</u>

Assets at fair value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	\$ 4,799,129	\$ -	\$ -	\$ 4,799,129
Common collective trust funds measured at net asset value *				58,174
Total investments at fair value				<u>\$ 4,857,303</u>

* In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements December 31, 2021 and 2020

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model –based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

Investment Type	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	\$ 108,493	\$ 58,174	\$ -	Daily	Daily

(5) Guaranteed investment contract with insurance company:

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (the Insurance Company.) It covers its Key Guaranteed Portfolio Fund, which is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The average interest earned by the Plan was 1.15% and 1.40% for the years ended December 31, 2021 and 2020, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the fully benefit-responsive contract criteria, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021, and 2020 was \$136,041 and \$101,543, respectively. The crediting interest rate is compounded daily to the effective annual interest rate. The interest rate to be credited during the calendar year will be determined by Great-West Trust Company, LLC prior to the last day of the previous calendar year and shall be reset annually. The effective annual interest rate will never be less than 1%.

Certain events might limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following; (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the Employers or other Employers events that cause a significant withdrawal from the Plan, (iv) premature termination of the contract, among others. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

Notes to Financial Statements December 31, 2021 and 2020

(6) Excess participant contributions:

The Plan failed to pass the Average Deferral Percentage (ADP) test for the years ended December 31, 2021, and 2020. Excess contributions amounting to \$7,330 and \$23,650 were recorded as a liability in the accompanying statements of net assets available for benefits as of December 31, 2021, and 2020, respectively. During the year 2021, the Plan reimbursed the 2020 excess contributions to the corresponding participants. Subsequent to year-end, during September 2022, the Plan reimbursed the 2021 excess contributions to the corresponding participants.

(7) Administrative expenses:

Administrative expenses paid from Plan assets mainly include fees for asset management, third party administrator services, and for guaranteed income features.

The Plan Sponsor is assuming certain administrative expenses of the Plan without reimbursement, including the trustee's fees. Total administrative expenses paid by the Plan Sponsor during the year ended December 31, 2021 amounted to \$17,113. In addition, certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officers or employees receive compensation from the Plan.

(8) Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(9) Tax status:

The Plan has received its latest determination letter from the Puerto Rico Treasury Department ("PRTD") dated June 30, 2017, stating that the Plan is qualified under Section 1081 of the IRC-NPR, and therefore, the related trust is exempt from taxation.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRTD.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

(10) Party-in-interest transaction:

The Plan's investment transactions are managed by the custodian, whose subsidiary is the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined by ERISA.

The Plan allows participants to borrow from their fund accounts and, therefore, these loans qualify as party-in-interest transactions. There were no prohibited transactions with party-in-interest during the year ended December 31, 2021.

(11) Subsequent events:

- (a) Subsequent to year end, certain events, such as the war in Ukraine, the overall inflation, and other current economic factors, have affected negatively the global financial system. This has resulted in substantial volatility in financial markets and the banking system. These economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have and probably will continue to incur in a significant decline in fair value. The duration of this uncertainties and the ultimate financial effect cannot be reasonably estimated at this time.
- (b) On September 27, 2022, the PRTD issued Administrative Determination No. 22-08 to among other measures, allow participants affected by Hurricane Fiona to make in-service distributions at preferential tax rates.
