Note 1 - Description of Plan

The following brief description of the Total Card Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Total Card Inc. and the related entity Total Card Solutions, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company was acquired by Vervent, Inc. in December 2020.

Eligibility

Prior to December 5, 2020, employees were eligible to participate in the Plan if they were 18 years of age and had completed thirty days of service. Effective December 5, 2020, the Plan was frozen to new participants.

Entry Date

Prior to December 5, 2020, employees were able to enter the Plan on the first day of the month coinciding with or following the date they satisfied the Plan’s eligibility requirements. Effective December 5, 2020, the Plan was frozen to new participants.

Contributions

Effective December 5, 2020, the Plan Sponsor elected to freeze the Plan and ceased accepting employee elective deferral contributions. Therefore, no contributions were made in 2021. Prior to December 5, 2020, each year, participants were able to contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Plan allowed participants to designate contributions as Roth contributions. Participants were also able to contribute amounts representing distributions from other qualified plans (rollover).

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company's discretionary matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant’s compensation, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Prior to December 5, 2020, upon enrollment to the Plan, a participant was able to direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Upon freezing of the Plan December 5, 2020, all participants became 100% vested in the Company's discretionary matching contribution portion of their accounts. Prior to December 5, 2020, vesting in the Company's discretionary matching contribution portion of their accounts was based on years of continuous service. Vesting was based on years of credited service as set forth in the following table:

Participant's Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeitures

At February 28, 2021 and December 31, 2020, forfeited non-vested accounts totaled $0 and $2,301, respectively. These accounts were used to reduce future employer contributions or offset plan expenses. During the two months ended February 28, 2021, no employer contributions were reduced from forfeited non-vested accounts.

Notes Receivable from Participants

Effective December 5, 2020, the Plan Sponsor elected to freeze the Plan and ceased allowing new loans to be made from the Plan. Prior to December 5, 2020, participants were able to borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Under the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES Act) implemented on May 5, 2020, participants could borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $100,000 or 100% of their account balance for loans taken during the 6 months following March 27, 2020. In addition, each individual with an outstanding loan from the Plan could defer loan payments due between March 27, 2020 and December 5, 2020 by one year. The notes were secured by the balance in the participant's account. The loan interest rate is set at the prime rate, determined annually. Principal and interest were paid ratably through payroll deductions over a period not to exceed five years. A participant could have no more than two outstanding notes at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made from voluntary contributions prior to termination upon attainment of age 59 ½, from rollover contributions at the participant's election prior to termination twice per year, or for hardship as defined by the Plan document.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are recorded as distributions based upon the terms of the Plan document. The plan recognizes an allowance if it is determined that a loan is uncollectible.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through January 31, 2022, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2021 and December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020. There were no Plan assets as of February 28, 2021.

	(In Liquidation) 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,439,235	$ -	$ -	$ 5,439,235
Investments at fair value	$ 5,439,235	$ -	$ -	$ 5,439,235

Note 4 - Information Certified by the Plan Trustee and Custodian

The Plan Administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, except for comparing such information certified by the custodians with information included in the Plan's financial statements.

The custodians have certified their statements of accounts as of February 28, 2021 and December 31, 2020, and for the two months ended February 28, 2021. The statements of accounts include beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

Note 5 - Tax Status

The Plan uses a volume submitter plan document sponsored by CCH Incorporated d/b/a ftwilliam.com, which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the volume submitter document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Great-West represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at February 28, 2021 and December 31, 2020 was $-0- and $150,371, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring. During the two months ended February 28, 2021, the Plan was liquidated and the contract was paid out at contract value.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan assets are invested in a guaranteed investment contract with Great-West, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Transfer to Vervent 401(k) Plan

In December 2020, the Company was purchased by Vervent, Inc. As a result of this sale, the accounts of all participants in the Plan totaling $4,691,309 were transferred to the Vervent 401(k) Plan.

Note 10 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was $0 and $45,814 as of February 28, 2021 and December 31, 2020, respectively.

Note 11 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement at February 28, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ -	$ 5,634,018
Add excess contributions payable	-	45,814
Net assets per the Form 5500	$ -	$ 5,679,832

The following is a reconciliation of benefits paid to participants per the financial statements for the two months ended February 28, 2021 to Form 5500:

Benefits paid to participants per the financial statements	$ 1,158,235
Excess contributions payable - December 31, 2020	45,814
Total benefit payments and distributions per Form 5500	$ 1,204,049

Note 12 - Plan Amendments

Effective December 5, 2020, the Plan Sponsor and Plan administrator were changed to Vervent, Inc. The Plan was frozen to new eligibility and benefits, and existing participants became 100% vested in their contributions. As of February 28, 2021, all funds have been distributed and the Plan liquidated.

To Whom it may concern:

Vervent Inc has submitted $2,000 via the DFVCP website (www.askebsa.dol.gov/dfvcepay/calculator) recognizing that the Total Card Inc. 401(k) Plan has filed a late return.

Total Card Inc. was purchased by Vervent Inc. in December 2020. The Total Card Inc. 401(k) Plan assets transferred into Vervent 401(k) Plan in February 2021. Total Card Inc. ended services with the Third Party Administrator after the 12/31/2020 plan year. When it was discovered that a Final Form 5500 had to be filed, Vervent Inc. retained TPA services to do so.

There were also personnel changes at our auditing firm and within.

We do hope this satisfies the closure of the Total Card Inc. 401(k) Plan.
