INDEPENDENT AUDITORS' REPORT

To the Trustee of
GT Advanced Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GT Advanced Technologies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of April 30, 2022 (date of liquidation) and December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 through April 30, 2022 (date of liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the GT Advanced Technologies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 30, 2022 (date of liquidation) and December 31, 2021, and for the period from January 1, 2022 through April 30, 2022 (date of liquidation), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the financial statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of GT Advanced Technologies 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

As described in Note 1 to the financial statements, the governing body of GT Advanced Technologies 401(k) Plan approved a plan of liquidation on October 27, 2021, and management determined liquidation is imminent. As a result, the Plan changed its method of accounting to the liquidation basis of accounting in presenting the April 30, 2022 (date of liquidation) and December 31, 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GT Advanced Technologies 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted accounting standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GT Advanced Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GT Advanced Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS (IN LIQUIDATION)

AS OF APRIL 30, 2022 (DATE OF LIQUIDATION) AND DECEMBER 31, 2021
AND FOR THE PERIOD FROM JANUARY 1, 2022 THROUGH
APRIL 30, 2022 (DATE OF LIQUIDATION)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the GT Advanced Technologies 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

GENERAL

The Plan was a defined contribution plan covering all full time employees of GTAT Corporation (the “Company” or the “Plan Administrator”) and was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s Administrative Committee was responsible for oversight of the Plan. The Administrative Committee determined the appropriateness of the Plan’s investment offerings, monitored investment performance and reported to the Plan’s Administrator.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was enacted into law. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants including:

- Distributions up to the lesser of vested account balance or \$100,000
- Increased loan limits up to the lesser of 100% the vested account balance or \$100,000
- Loan repayment extension allowing payments to be deferred up to one year
- Waivers of Required Minimum Distributions that would otherwise have been payable during 2020

The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act. Effective October 28, 2021, the Plan has been formally amended to adopt these provisions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PLAN TERMINATION AND BASIS OF ACCOUNTING

As further discussed in Note 6, effective October 27, 2021 (date of termination), the Company elected to terminate the Plan and no contributions were allowed to the Plan and no employee, former employee or inactive participant was allowed to become an active participant in the Plan. The Plan's liquidation process was completed on April 30, 2022 (date of liquidation). Due to the liquidation of the Plan, the Plan changed its method of accounting to the liquidation basis of accounting as of April 30, 2022 (date of liquidation) and December 31, 2021 and for the period from January 1, 2022 through April 30, 2022 (date of liquidation), in accordance with accounting principles generally accepted in the United States of America. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets is reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of April 30, 2022 (date of liquidation) and December 31, 2021 would be equivalent to fair value. There were no material changes to the financial statements as a result of the change under the liquidation basis of accounting.

CONTRIBUTIONS

Prior to the date of termination, participants were allowed to contribute up to 100% of pretax annual compensation up to Internal Revenue Service ("IRS") limitations and as defined in the Plan, not to exceed \$20,500 for 2022. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants could designate all or a portion of their elective deferrals as Roth Elective Deferrals. Participants could direct the investment of their contributions into various investment options offered by the Plan. The Company matching contributions were discretionary. The IRS allows for "catch-up" contributions for participants who have reached age 50. After deferring the maximum percentage of their salaries, eligible participants could defer an additional \$6,500 in 2022 and increasing amounts in future years. The Plan also included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan investment earnings. Participant accounts were charged with an allocation of administrative fees that were paid by the Plan. Allocations were based on each participant's proportionate share of earnings or account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

ELIGIBILITY

Prior to the date of termination, Company employees (exclusive of non-resident alien employees) were immediately eligible to participate in the Plan.

VESTING

Participants were fully vested in their contributions, plus actual earnings thereon. Participants were fully vested in the Company's discretionary contribution portion of their account, plus actual earnings thereon.

NOTES RECEIVABLE FROM PARTICIPANTS

Except for the Cares Act provisions, participants could borrow up to 50% of their vested account balance up to a maximum of \$50,000. There was a \$1,000 minimum loan balance and a participant could only have one loan outstanding at a time. The loan repayment period was up to five years. However, loans that were used to purchase a participant's principal residence could be repaid over a period of time not to exceed 15 years. The interest rate on new loans was at a rate of interest to be determined based on current interest rates charged by persons in the business of lending money for similar loans at the time the loan was made. The interest rate would remain fixed over the loan term. All loans were collateralized by the participant's balance in the Plan and bore interest at a rate of 3.25% – 5.50%. Principal and interest were paid ratably through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Upon termination of employment due to retirement, disability, or death, the distribution from a participant's plan account would commence in the quarter subsequent to termination. Participants who had attained age 59½ could withdraw any portion of the vested value of their account to the extent the balance was not required to secure the outstanding balance of a loan to the participant.

The Plan adopted certain relief provisions included in the CARES Act, including allowing penalty-free distributions up to \$100,000 through December 31, 2020 for qualifying reasons.

Participants could apply for a hardship withdrawal as defined by the Internal Revenue Code ("IRC") to meet excessive medical or educational expenses, expenses incurred to purchase a new principal residence, or to prevent eviction from a principal residence. The Plan Administrator must approve the application.

INVESTMENTS

The assets of the Plan, both employee and employer, were allocated to the various funds at the discretion of the participant.

FORFEITURES

If a participant left employment before becoming fully vested, any non-vested accounts would be forfeited. Forfeitures were used to reduce future employer contributions and administrative fees.

BASIS OF ACCOUNTING

The financial statements of the Plan were prepared using the liquidation basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses of investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan's investments in Galliard Retirement Income Fund, Blackrock MSCI ACWI ex-U.S. Index Fund, and Blackrock U.S. Debt Index Fund Collective Funds, common collective trusts which invest in fully benefit-responsive investment contracts, are valued at net asset value, which for financial statement reporting purposes is fair value.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2022 (date of liquidation) or December 31, 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For the period from January 1, 2022 through April 30, 2022 (date of liquidation), there were no delinquent participant loans that were required to be included in benefits paid to participants on the accompanying statement of changes in net assets available for benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid

ADMINISTRATIVE FEES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative fees and other. Investment related expenses are included in net appreciation in fair value of investments.

SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 4, 2022, which is the date the financial statements were available to be issued. No events met the criteria for recognition or disclosure in the financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES

Certain information related to investments and notes receivable from participants are disclosed in the accompanying financial statements, including investments held at April 30, 2022 (date of liquidation) and December 31, 2021, and net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the period from January 1, 2022 through April 30, 2022 (date of liquidation), were obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, are described as follows:

LEVEL 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2022 (date of liquidation) and December 31, 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan had no assets measured at fair value as of April 30, 2022 (date of liquidation).

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,954,736	\$ --	\$ --	\$ 22,954,736
Total Assets in the Fair Value Hierarchy	<u>\$ 22,954,736</u>	<u>\$ --</u>	<u>\$ --</u>	\$ 22,954,736
Investments measured at net asset value ^(a)				<u>2,790,139</u>
Investments at Fair Value				<u>\$ 25,744,875</u>

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Plan had no assets measured at net asset per share practical expedient as of April 30, 2022 (date of liquidation).

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust:				
Galliard Retirement Income Fund ⁽¹⁾	\$ 1,436,161	n/a	Daily	90 days
Blackrock MSCI ACWI ex-U.S. Index Fund ⁽²⁾	886,019	n/a	Daily	90 days
Blackrock U.S. Debt Index Fund ⁽³⁾	<u>467,959</u>	n/a	Daily	90 days
Total	<u>\$ 2,790,139</u>			

- (1) The Galliard Retirement Income Fund common collective trust held by the Plan as of December 31, 2021 has an objective of providing safety of principal, adequate liquidity, and competitive yield with low return volatility.
- (2) The Blackrock MSCI ACWI ex-U.S. Index Fund common collective trust held by the Plan as of December 31, 2021 seeks to track the investment results of an index composed of large- and mid-capitalization non-U.S. equities. It has an exposure to a broad range of international developed and emerging market companies.
- (3) The Blackrock US Debt Index Fund common collective trust held by the Plan as of December 31, 2021 seeks return that correspond generally to the price and yield performance, before fees and expenses, of the U.S. Debt Index Non-Lendable Fund E.

NOTE 5 - PARTIES-IN-INTEREST

Charles Schwab Trust Bank was the trustee as defined by the Plan. The Plan's assets which consist primarily of investments were held by the trustee of the Plan. Certain plan investment options were managed by the trustee and transactions relating to these investment options qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

The Plan extended loans to participants who are considered parties-in-interest; therefore, these transactions qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Effective October 27, 2021, the Company elected to terminate the Plan and participants became fully vested in their account balances. In accordance with the termination provisions of the Plan, as soon as administratively feasible, following the date of termination, all assets of the Plan shall be distributed to participants and beneficiaries pursuant to the Plan term. All assets of the Plan were distributed as of April 30, 2022 (date of liquidation).

NOTE 7 - TAX STATUS

The Company adopted a Prototype plan, which received an opinion letter from the Internal Revenue Service ("IRS"), dated June 19, 2014, which stated that the Company may rely on the opinion letter with respect to the qualification of the Plan under IRC Section 401(a) except as stated below, and also informed the Company that the Prototype Plan will not receive a determination letter. The opinion of the IRS does not apply for purposes of IRC401(a)(10)(B) and 401(a)(16); however, the Company may separately request a determination from the IRS with respect thereto. The Company has not requested such a determination. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with investment securities, coupled with the recent economic events, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
