Independent Auditors' Report

To the TriNet Retirement Committee of
TriNet 401(k) Colleague Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of TriNet 401(k) Colleague Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRINET 401(K) COLLEAGUE PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) **Description of Plan**

The following description of the TriNet 401(k) Colleague Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) **General**

The Plan was established effective October 1, 2007 with the adoption of the Transamerica Financial Retirement Solutions, LLC Pre-Approved 401(k) Profit Sharing Plan Basic Document No. 01 (“Transamerica Agreement”).

Effective April 1, 2018, the Plan Sponsor was changed from TriNet HR III, Inc. to TriNet USA, Inc. (“Company” or “Sponsor”).

Effective March 12, 2021, the Plan was amended to document the merger of the Little Bird HR, Inc. Retirement Savings Plan into the Plan. Approximately \$1,490,000 in participant investment balances and loans were transferred into the Plan during the year as part of the merger.

(b) **Administration of Plan Assets**

The Company is the plan administrator and Sponsor. The Plan is a single employer defined contribution plan which is offered to the internal employees of the Sponsor. The Plan operates in compliance with the regulations under the Internal Revenue Code of 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective September 1, 2015, the Plan entered into a trust agreement with State Street Bank and Trust Company (“SSBT”). Transamerica Retirement Solutions (“TRS”) serves as the recordkeeper of the Plan.

(c) **Eligibility**

To participate in the Plan, participants must be 18 and have completed one month of service. Participants may enter the Plan on the first day of any calendar month after eligibility is met. Employees are automatically enrolled in the Plan after eligibility requirements are met unless they opt out.

(d) **Contributions**

Participants may elect to contribute a portion of their eligible pretax compensation, not to exceed \$19,500 in 2021. The Plan also provides “catch-up” contributions subject to Internal Revenue Service limitations. Newly eligible participants of the Plan are automatically enrolled with a default deferral percentage equal to 4% of eligible compensation.

TRINET 401(K) COLLEAGUE PLAN

Notes to Financial Statements - Continued

(1) **Description of Plan - Continued**

(d) **Contributions - Continued**

The Plan provides for a discretionary non-elective contribution to be allocated pro-rata to participants employed on the last day of the plan year. Effective July 1, 2018, the Plan was amended to include a provision for a second discretionary non-elective contribution of \$1,000 to participants who meet stated criteria at the time of allocation. During 2021, the Plan made a non-elective contribution of \$1,000 to all participating and employed employees on the last day of the plan year. Approximately \$2,700,000 is recorded as a receivable at December 31, 2021 relating to this non-elective contribution.

Participants may also transfer money from other qualified plans into the Plan as rollover contributions or direct transfers. The Plan also allows Roth elective deferrals as salary deferrals and rollover contributions.

(e) **Participant Accounts**

Participant accounts are credited with participant contributions and an allocation of the Company contributions and plan earnings and expenses. The benefit to which a participant is entitled is equal to the vested value of their account.

(f) **Vesting**

Participants are immediately vested in their own salary deferral and rollover contributions. Additionally, participants are immediately 100% vested in all types of Employer contributions.

(g) **Investment Options**

Participants may direct contributions to any investment options offered by the Plan. The investment options include registered investment companies, a collective investment trusts, a stable value account and a self-directed brokerage account. Participants are allowed to execute investment transfers between the Plan's investment options on a daily basis.

(h) **Payment of Benefits**

At age 65 and thereafter, active employees can withdraw any portion of their vested balance at any time. Participants may also make in-service withdrawals from vested account balances at age 59½. Upon termination, retirement, death, or disability, participants or their beneficiaries may elect to receive a lump sum amount equal to the value of the vested interest in their account. Terminated participants may also elect to maintain their accounts in the Plan.

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need, and must qualify with respect to plan provisions.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, which required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions were effective beginning January 1, 2020.

TRINET 401(K) COLLEAGUE PLAN

Notes to Financial Statements - Continued

(1) **Description of Plan - Continued**

(h) **Payment of Benefits - Continued**

The Plan was amended to implement the relief provision under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act which allowed for special coronavirus-related distributions up to \$100,000. In June 2020, the Internal Revenue Service issued Notice 2020-50, which expanded eligibility for special coronavirus-related distributions under the CARES Act and allowed for repayment of these distributions provided the repayment occurs within three years of receipt of the distribution. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

(i) **Notes Receivable from Participants**

Participants may borrow money from their vested account balance for any reason. The maximum amount available for loans is the lesser of \$50,000 reduced by the participant's highest loan balance outstanding in the 12 months prior to the date of the loan or 50% of the participant's vested account balance. The minimum amount for a loan is \$1,000. The participant shall be charged with any costs associated with processing of the loan.

Loan repayments must have a definite repayment period not to exceed five years unless the loan is for the purchase of a principal residence, in which case the repayment period must not exceed 15 years. A participant shall have only one loan outstanding at a time. Participant loans, including interest thereon, are taxable to the participant upon default as well as subject to applicable excise penalties. Loans are collateralized by the balance in the participant's account and bear interest at the prime rate + 1%. Interest rates on outstanding notes receivable balances ranged between 4.25% and 6.50% at December 31, 2021.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the related changes therein. Actual results could differ from those estimates.

(c) **Administrative Expenses**

Management fees and operating expenses are paid out of the Plan unless paid by the Company and the Company does not elect to be reimbursed by the Plan as permitted by the Plan agreement.

TRINET 401(K) COLLEAGUE PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(c) Administrative Expenses - Continued

Participants are charged a quarterly recordkeeping fee and a contract asset charge calculated monthly on the combined asset balance of all contract accounts in the Plan as of the 15th day of each month. In addition, there are expense ratios and other costs associated with each investment option. There are also fees that relate to requesting loans and distributions.

(d) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

The Plan has operationally adopted the CARES Act provisions, which allowed a special notes receivable provision to increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance through September 22, 2020. In addition, the provision extended the period for loan repayments up to one year.

(e) Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investments in self-directed brokerage accounts are valued based on the underlying investments held by the Plan at the end of the year.

Changes in the fair value of investments in registered investment companies and self-directed brokerage accounts and gains and losses on disposal of these investments are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The stable value account, at contract value is a fully benefit responsive investment contract and is valued at contract value (see Note 4).

The Legal & General S&P 400, 500 and 600 DC Funds (the "Funds") are collective investment trusts which are managed by Transamerica Financial Life Insurance Company ("TFLIC") and work to replicate applicable indexes such as the S&P 500 index by investing in underlying assets with similar objectives and investment strategies. Investments in the Funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the Funds, but do have an interest therein represented by units valued daily. The Funds earn dividends and interest which are automatically reinvested in additional units and participants earn appreciation on their units as the underlying investments in the trusts are registered investment companies. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(e) Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(3) Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1.

TRINET 401(K) COLLEAGUE PLAN

Notes to Financial Statements - Continued

(3) Fair Value Measurements - Continued

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are valued based on quoted market prices in active markets and are considered Level 1 by the Plan based on the listing of underlying assets.

Collective Investment Trusts

The collective investment trusts are valued at the net asset value, as determined by TFLIC, of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 224,144,434	224,144,434	-	-
Self-directed brokerage account	6,648,002	6,648,002	-	-
Collective investment trusts at NAV	72,208,535 (a)			
	<u>\$ 303,000,971</u>			

Description	Assets Measured at Fair Value at December 31, 2020	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 193,777,072	193,777,072	-	-
Self-directed brokerage account	3,997,706	3,997,706	-	-
Collective investment trust at NAV	53,117,639 (a)			
	<u>\$ 250,892,417</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV") per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.

(4) **Fully Benefit- Responsive Investment Contract**

The Plan has a fully benefit-responsive stable value product the New York Life Stable Investment - Anchor Account (45) ("SVF") with New York Life Insurance Company ("NYL"). SVF contributions are directed to a New York Life pooled separate account which primarily invests in a diversified portfolio of high-quality, fixed income securities. Interest is accrued daily and credited monthly to the SVF. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Interest is accrued daily and credited monthly to the SVF and is variable based upon the earnings of the underlying investments but shall not be below 0%.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with SVF. Such events include the following: (1) amendment to the plan document (including complete or partial termination or merger with another plan.); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include the determination by the contract issuer that any participant contributions under the stable value (or comparable) investment option under the Plan are not being allocated to this contract.

(5) **Income Tax Status**

The Plan has adopted the TRS volume submitter profit sharing plan document (“VSP”), which obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the VSP, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The VSP has been amended since receiving the opinion letter. However, the plan administrator and the Plan’s tax counsel believe that the VSP is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) **Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. In the event of termination, the stable value account is subject to a market valuation adjustment.

(7) **Party-in-Interest Transactions**

Certain plan investments are managed by SSBT and TFLIC, and entity affiliated with the Transamerica. Fees paid for the investment management and recordkeeping services are deducted directly from participant’s accounts during the year (see Note 2(c)) or are paid via an established expense budget account (“EBA”) which is funded through a revenue sharing agreement with Transamerica. Total fees paid to Transamerica for recordkeeping services were approximately \$319,000 with an additional \$6,000 paid to other service providers for investment advisory services. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA however they are expressly exempted from the prohibited transaction rules.

(8) **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) **Information Prepared and Certified by the Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SSBT, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Total investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Total investment income and related investment activity, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- The Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(10) **Delinquent Participant Contributions**

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all participant contributions to the Plan, contributions of approximately \$6,191,000 were not remitted within the Plan's remittance policy for the years ended December 31, 2021, 2020, and 2019. The Company has remitted these delinquent participant contributions, including any applicable lost earnings and excise tax as a result.

(11) **Subsequent Events**

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through January 31, 2023, the date the financial statements were available to be issued.

Effective January 1, 2022 the Plan adopted the Adoption Agreement for the Transamerica Retirement Solutions, LLC Pre-approved 401(k) Profit Sharing Plan, which incorporated SECURE Act and CARES Act provisions and updated certain other plan provisions.

Effective January 1, 2022, the Cycle 3 Plan Document was amended for the basis on which principal residence purchase loans will be approved or denied, which may not exceed 30 years.

Effective February 18, 2022, the Adoption Agreement of the Plan was amended to add Yourpeople, Inc. dba Zenefits as a Participating Employer.

Effective January 9, 2023, the Plan entered into a trust contract with T. Rowe Price. On that date, T. Rowe Price became the trustee of the Plan and substantially all assets were transferred from Transamerica to T. Rowe Price.
