Independent Auditor's Report

Investment Committee
SigmaTron International, Inc.
401(k) Retirement Savings Plan
Elk Grove Village, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of SigmaTron International, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of SigmaTron International, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SigmaTron International, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SigmaTron International, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SigmaTron International, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of SigmaTron International, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 26, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Notes to Financial Statements
April 30, 2022 and 2021

Note 1: Description of the Plan

The following description of SigmaTron International, Inc. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of SigmaTron International, Inc. (Company) who have at least six months of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Participants may elect to contribute 100% of their pretax annual compensation to the Plan as permitted under the Internal Revenue Code (IRC). Participants who have attained age 50 by the end of the plan year are eligible to make catch-up contributions as permitted under the IRC. Effective September 1, 2019, all employees who are eligible to make pretax salary deferrals can also make Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Prior to September 1, 2019, the Company provided a matching contribution equal to 100% of the first \$300 of all participant contributions. Effective September 1, 2019, the Plan was amended to change the Company-matching contribution for all eligible employees except participants who are members of a union and who are covered by a collective bargaining agreement. The Company-matching contribution is 25% of the first 5% of the participant's plan compensation contributed as elective deferral and/or employee after-tax contributions not to exceed 1.25% of each participant's plan compensation up to a maximum of \$2,000 per year. Participants who are members of a union and who are covered by a collective bargaining agreement will continue to receive the matching contribution equal to 100% of the first \$300 of participant contributions.

Prior to September 1, 2019, the Company could also make a discretionary contribution to all eligible employees except participants who were members of a union and who were covered by a collective bargaining agreement between the union and the Company as those employees were not eligible for the discretionary contribution. Effective September 1, 2019, the discretionary contribution of 1% stopped when the new matching contribution went into effect.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company-matching contributions and allocations of the Company's discretionary contributions (if any) and plan earnings and charged with an allocation of administrative expenses. Allocations are based on

SigmaTron International, Inc.

participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of all contributions to various investment options offered by the Plan. The Plan currently offers various registered investment companies, money market funds, self-directed brokerage accounts, and common or collective trust funds as investment options for participants. Participants may also elect to invest amounts into certain GoalManager portfolio investment options which invest in a mix of the investment funds available to participants of the Plan. There are five portfolio models including conservative, conservative to moderate, moderate, moderate to aggressive, and aggressive. Each portfolio model is intended for a different level of investment risk and potential return, and each portfolio model is rebalanced on a regular basis to maintain an allocation (percentage of stocks, bonds and cash equivalents investments) within each portfolio and promote a diversified investment. Participants may change their investment options at any time.

Vesting

Participants are immediately vested for all participant contributions, Company contributions and actual earnings thereon.

Payment of Benefits

In the event of retirement, death, disability, termination of employment or financial hardship, the balance in the participant's account is distributed to the participant or the participant's beneficiary in a single lump-sum payment. If the vested portion of the participant's account is not more than \$5,000, benefits will be distributed in a single payment in cash or rolled over into an individual retirement account.

Notes Receivable From Participants

Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 less the highest outstanding loan balance incurred in the 12 months prior to the loan origination date or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest determined by the Company. The participant may only have one note receivable outstanding at a time. The loan must be repaid over a period of no more than five years, unless it is used to acquire a principal residence, in which case the repayment period may exceed five years. Interest rates range from 3.25% to 5.50% at April 30, 2022.

Forfeitures

As of April 30, 2022 and 2021, the forfeiture account totaled \$4,316 and \$4,294, respectively. The balance in this account may be used to offset administrative fees, reduce employer contributions, or be allocated to participants. No forfeitures were used during 2022 and 2021.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in shares of registered investment companies are valued at quoted market prices. Money market funds are valued at cost, which approximates fair value. Self-directed brokerage accounts consist of common stocks, money market funds, short-term investments, and a mutual fund which is further described in Note 4.

The common or collective trust funds are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liability. There are no participant redemption restrictions for these investments, and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at April 30, 2022 and 2021.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment

SigmaTron International, Inc.
401(k) Retirement Savings Plan
Notes to Financial Statements
April 30, 2022 and 2021

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Loan processing fees are paid by the participant and certain other administrative expenses are paid by the Plan. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Reclassifications

Certain reclassifications have been made to the 2021 financial statements to conform to the 2022 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Party-in-Interest Transactions

Investment, managerial, legal and auditing fees for the Plan are paid by the Company or the Plan. Certain plan investments are shares of registered investment companies, interests in common or collective trust funds, and money market funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan recognizes income from revenue sharing agreements when received. During 2022, revenue sharing income of \$33,973 was offset against administrative expenses of \$22,145 for a net of \$11,828 which is included within additions and presented as revenue sharing credits in excess of administrative expenses on the statement of changes in net assets available for benefits. During 2021, revenue sharing income of \$25,987 was offset against administrative expenses of \$27,659 for a net of \$11,828 which is included within deductions and presented as administrative expenses, net on the statement of changes in net assets available for benefits. During 2022 and 2021, \$20,280 and \$25,819 was used to pay professional service fees, respectively. The revenue credit account had a balance of \$20,851 and \$6,486 at April 30, 2022 and 2021, respectively. The balance in this account can be used to pay plan expenses or allocated to eligible participant accounts.

Note 4: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants and the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; and other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at April 30, 2022 and 2021.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). Money market funds are carried at cost, which approximates fair value (Level 1 inputs). Self-directed brokerage account investments in money market funds and short-term investments are carried at cost, which approximates fair value (Level 1 inputs). Self-directed brokerage account investments in publicly traded common and preferred stock values are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). Self-directed brokerage account investments in the mutual fund are valued at quoted market prices of shares held by the Plan at year-end (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Cash, investments, and notes receivable from participants as shown in the statements of net assets available for benefits as of April 30, 2022 and 2021
- Dividends, net appreciation (depreciation) in fair value of investments and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended April 30, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of April 30, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 6: Income Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype defined contribution plan and trust sponsored by Merrill Lynch Pierce Fenner & Smith Inc. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust was tax exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants remain 100% vested in their accounts.
