Independent Auditor's Report

To the Plan Administrator
Boston Capital 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Boston Capital 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits (Modified Cash Basis) as of June 14, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits (Modified Cash Basis) for the period January 1, 2022 to June 14, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of June 14, 2022 and December 31, 2021 and for the period January 1, 2022 to June 14, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, as described in Note 2.
- The information in the accompanying Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, as described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, as described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Boston Capital 401(k) Plan

Notes to Financial Statements June 14, 2022

Note 1 - Description of the plan

The following description of the Boston Capital 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Boston Capital Holdings Limited Partnership (the "Company") who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitors investment performance.

During the plan year, the Company elected to terminate the Plan. Contributions to the Plan ceased on April 30, 2022, at which time eligible participants became immediately eligible to participate in another plan sponsor retirement plan, Genesis HR Solutions Retirement Savings Plan. The final Plan assets were transferred on June 14, 2022 and the Plan officially terminated.

Contributions

Participants may contribute up to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code ("IRC") and limited by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are automatically enrolled into the Plan with salary reduction contributions of 3%, unless an election to opt-out is made. Eligible participants shall have their salary reduction contributions increased by 1% of compensation annually on the first day of each calendar year until reaching 10% of compensation. The Company elected to contribute 25% of eligible contributions that a participant contributes to the Plan. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching and discretionary contributions and Plan earnings. Additionally, participants are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested in all monies in the in their account balance.

Boston Capital 401(k) Plan

Notes to Financial Statements June 14, 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Interest rates on loans shall bear a reasonable fixed rate of interest with consideration of fixed interest rates currently being charged by commercial lenders under similar circumstances.

Payment of benefits

Upon termination of service due to death, disability, or normal retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period of time. For termination of service for other reasons, a participant may receive the value of vested interest in his or her account as a lump-sum distribution.

Terminated participants with a vested account balance less than \$1,000 will receive a distribution as soon as administratively feasible following their termination. For terminated participants with a vested account balance greater than \$1,000, but less than \$5,000, the Plan administrator will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested account balance greater than \$5,000 may defer payment until a later date.

Withdrawals from the salary deferral portion of a participant's account may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Participants who are at least 59 ½ years of age may withdraw all or a portion of the vested balance in their account prior to termination for any reason.

Note 2 - Summary of accounting policies

Basis of accounting

The accompanying financial statements are prepared on the modified cash basis of accounting. The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America arise from accounting for contributions and administrative expenses on the cash basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Boston Capital 401(k) Plan

Notes to Financial Statements June 14, 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Capital gain distributions are included in dividend income. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income is recognized when received and expenses are recognized when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when paid. No allowance for credit losses has been recorded as of June 14, 2022 and December 31, 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through January 9, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting standards Codification ("ASC") 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Boston Capital 401(k) Plan

Notes to Financial Statements June 14, 2022

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on NAV per share as a practical expedient. The NAV, as provided by the fund manager, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined that the fund will sell the investment for an amount different from the reported NAV.

Investments in self-directed brokerage accounts: Valued based on quoted prices in an active market. The funds are classified within Level 1 on the fair value hierarchy.

The methods described above may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 38,301,978	\$ -	\$ -	\$ 38,301,978
Self-directed brokerage account	1,763,853	-	-	1,763,853
Total assets in the fair value hierarchy	40,065,831	-	-	40,065,831
Investments measured at net asset value (a)	-	-	-	2,419,250
Total investments at fair value	\$ 40,065,831	\$ -	\$ -	\$ 42,485,081

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Common/collective trust fund - Federal Capital Preservation Fund	\$ 2,419,250	N/A	Daily	12 months

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company ("FMTTC"), an entity related to Fidelity Investments, is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions. Indirect fees paid to the trustee for certain investment management services are included in the net depreciation in fair value of investments. In addition, the Plan paid professional fees related to investment advisory services which are considered party-in-interest transactions. Fees paid directly by the Plan for professional fees and to the trustee for investment management and administrative services amounted to \$18,655 for the period January 1, 2022 to June 14, 2022.

Note 5 - Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Effective June 14, 2022, the Plan merged into the Genesis HR Solutions Retirement Savings Plan and the Plan was terminated.

Note 6 - Tax status

The Plan has adopted a volume submitter plan which has been determined by the IRS, in an opinion letter dated June 30, 2020 to be in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
