Independent Auditor's Report

To the Plan Management of the Cuyahoga Vending & Dining 401(k) Retirement Plan
Maple Heights, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Cuyahoga Vending & Dining 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of April 22, 2022 (in liquidation), and the related statement of changes in net assets available for benefits for the period from January 1, 2022 through April 22, 2022 (in liquidation), and the statement of net assets available for benefits as of December 31, 2021 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Cuyahoga Vending & Dining 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 22, 2022 and December 31, 2021, and for the period January 1, 2022 through April 22, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cuyahoga Vending & Dining 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Use of Liquidation Basis of Accounting

As further discussed in Note B to the financial statements, those charged with governance made a decision to terminate the Plan as of February 7, 2022. As a result, in accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the accrual basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cuyahoga Vending & Dining 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cuyahoga Vending & Dining 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cuyahoga Vending & Dining 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions as of April 22, 2022 and for the period January 1, 2022 through April 22, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cuyahoga Vending & Dining 401(k) Retirement Plan
Notes to the Financial Statements
April 22, 2022 and December 31, 2021

A. PLAN DESCRIPTION

The following brief description of the Cuyahoga Vending & Dining 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

General - The Plan was adopted by Cuyahoga Vending & Dining (the “Company”) effective January 1, 1994. The Plan was restated on May 1, 2015. The Plan was a defined contribution plan covering substantially all employees of the Company who had completed one year of service, as defined, and were age 21 or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Entry into the Plan was on the first day of each month.

On December 1, 2021, the Company was acquired by an unrelated entity. The Company elected to terminate the Plan effective February 7, 2022. The Plan was amended for termination effective February 28, 2022. The liquidation of the Plan, performed in accordance with the Plan agreement, was completed by April 22, 2022.

Contributions - Participants were permitted to make voluntary 401(k) and Roth contributions not to exceed the lower of 100% of their aggregate compensation, as defined, or the limit as determined by the Internal Revenue Service (“IRS”). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Company, however, may have been required to limit contributions of certain employees to comply with the Internal Revenue Code (“IRC”).

The Company was permitted, at its option, to match a portion of each participant’s voluntary contributions. Employees must have completed the eligibility conditions described above in order to receive a Company matching contribution. For all periods presented, the Company elected to match 25% of each dollar of pre-tax contributions up to 6% of participants’ compensation. Contributions were subject to certain IRS limitations.

The Company was permitted, at its option, to make a non-elective discretionary contribution. Employees must have completed the eligibility conditions described above in order to receive non-elective discretionary contributions. For all periods presented, there were no non-elective discretionary contributions.

The Plan also permitted rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account was credited with the participant’s contributions, employer matching contributions, an allocation of the Company’s non-elective discretionary contributions, and Plan earnings or losses as defined by the Plan agreement. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant was entitled was the benefit that could be provided from the participant’s vested account.

Participants were permitted to direct their contributions to any or all of the investment funds provided. Participants were able to change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after six years of credited service.

Cuyahoga Vending & Dining 401(k) Retirement Plan
Notes to the Financial Statements
April 22, 2022 and December 31, 2021

Notes Receivable from Participants - Participants were permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from one to five years unless used for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bore interest at a rate determined at the time the loan was taken based on prime. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, death, disability, retirement or other reasons, a participant would receive a lump sum payment equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - Unvested amounts forfeited by terminated participants were able to be used by the Plan for the payment of Plan expenses. Any remaining forfeitures attributable to matching contributions were used to reduce employer matching contributions. Forfeitures used to pay a portion of the employer match, non-elective discretionary contributions, and Plan expenses for the year period January 1, 2022 through April 22, 2022 and for the year ended December 31, 2021 totaled approximately \$1,000 and \$2,700, respectively. At April 22, 2022, there were no forfeited non-vested accounts. At December 31, 2021, there were no forfeited non-vested accounts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - As a result of the Company's decision to terminate the Plan effective February 7, 2022, the liquidation basis was used in presenting the statement of net assets available for benefits and the statement of changes in net assets available for benefits as of April 22, 2022 and for the period January 1, 2022 through April 22, 2022. The statement of net assets available for benefits as of December 31, 2021 is presented on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments were held by a trust and were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the investment advisor, custodian, and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans were treated as distributions based upon terms of the Plan document.

Payment of Benefits - Benefits were recorded when paid.

Cuyahoga Vending & Dining 401(k) Retirement Plan
Notes to the Financial Statements
April 22, 2022 and December 31, 2021

Administrative Expenses - Administrative expenses, including third-party administrative expenses and investment management fees, were paid by the Plan. Fees attributable to loans and distributions were paid by the participants. All other expenses of maintaining the Plan were paid by the Company. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through February 6, 2023, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Sponsor has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Capital Bank and Trust Company ("Capital Bank"), the trustee of the Plan.

Capital Bank has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of April 22, 2022 and December 31, 2021, and for the period January 1, 2022 to April 22, 2022.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements
April 22, 2022 and December 31, 2021

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 22, 2022 and December 31, 2021.

Money Market Fund - Shares of the money market fund are valued in accordance with the U.S. Securities and Exchange Commission (“SEC”) rules, using the penny-rounding method, which permits the fund to maintain a constant net asset value (“NAV”) of \$1.00 per share.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of:

	Level 1	
	April 22, 2022	December 31, 2021
Mutual funds	\$ -	\$ 5,984,364
Money market fund	-	63,103
Total assets at fair value	\$ -	\$ 6,047,467

E. RELATED-PARTY TRANSACTIONS

Certain Plan investments were managed by Capital Bank, the trustee of the Plan. The transactions involving these investments were allowable party-in-interest transactions under ERISA.

Capital Bank provided certain administrative services to the Plan pursuant to a Service Agreement (“SA”) between the Company and Capital Bank. Capital Bank received revenue from mutual fund service providers for services Capital Bank provided to the funds. This revenue was used to offset certain amounts owed to Capital Bank for its administrative services to the Plan.

If the revenue received by Capital Bank from such mutual fund service providers exceeded the amount owed under the SA, Capital Bank remitted the excess to the Plan’s trust on a quarterly basis. Such amounts may have been applied to pay Plan administrative expense or allocated to the accounts of the participants. During the period January 1, 2022 to April 22, 2022, approximately \$1,200 was allocated to the accounts of the participants and is included in other income on the Statement of Changes in Net Assets Available for Benefits. The Plan or Plan Sponsor may have made a payment to Capital Bank for administrative expenses not covered by revenue sharing.

F. FEDERAL INCOME TAX STATUS

The Plan adopted the prototype plan known as The American Funds Distributors, Inc. Defined Contribution Prototype Plan and Trust with a restatement date of May 1, 2015. The prototype plan's latest opinion letter from the Internal Revenue Service ("IRS") was dated March 31, 2014. Although the Plan had not obtained a determination letter, the Plan Sponsor and the Plan's tax counsel believed that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believed that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.
