INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Ideal Option PLLC 401(k) Plan
Kennewick, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Ideal Option PLLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplementary Schedule Required by ERISA

The supplementary schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Ideal Option PLLC 401(k) Plan ("the Plan"). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2021

Note 1 – Description of the Plan

The following description of the Ideal Option PLLC 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Ideal Option PLLC, IO Management Company LLC, and Ideal Balance PLLC (collectively referred to as “the Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to make deferral contributions on the first entry date immediately following their hire date. Entry dates occur monthly.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation up to the maximum amount allowed by laws promulgated by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investments of their contributions into various investment options offered by the Plan. The Employer may make a matching contribution equal to a uniform percentage of qualifying employee salary deferrals. This percentage is determined each year. Discretionary Safe Harbor Matching contributions are 3% plus 50% of the next 2% of deferral on eligible compensation. The Employer may make a profit-sharing contribution in addition to any match at its discretion. No profit-sharing contributions were made during the year ended December 31, 2021 or 2020. Only employees with 1000 hours of service and obtained the age of 21 are eligible for the Employer matching and profit-sharing contributions. Participants with 1000 hours of service, employed on the last day of the Plan year, and having attained the age 18 are eligible for discretionary Employer match. The Employer’s contributions are invested as directed by the participant.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Employer’s matching and profit-sharing contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and safe-harbor matching contributions from the Employer plus actual earnings thereon. Vesting in the Employer’s profit-sharing contribution portion of their accounts is based on cliff vesting, with a participant being fully vested after three years of credited service. Participants will also become fully vested upon death, disability, or upon reaching age 55.

Notes Receivable from Participants

Participants may not borrow from their fund accounts.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the year ended December 31, 2021

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may rollover to another qualified retirement plan. The Plan allows participants to elect to receive amounts from his or her vested account balance for certain hardships, as defined by the Internal Revenue Service, and subject to certain limitations defined by the Plan.

Forfeitures

As of December 31, 2021 and 2020, the forfeiture balance totaled \$244 and \$18,376, respectively. These accounts will be used to reduce future employer contributions. During 2021 and 2020, Employer contributions were reduced by \$1,915 and \$0, respectively, from forfeitures.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are recorded at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participants' compensation. Matching contributions from the Employer are recorded in the period in which the related participant compensation is earned. Discretionary safe harbor matching and profit-sharing contributions are determined annually and are recorded in the period in which the participant compensation and profit, respectively, is earned.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the year ended December 31, 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment-related expenses are recorded separately on the statement of changes in net assets.

Subsequent Events

Subsequent events have been evaluated through February 3, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures* ("Topic 820"), provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the year ended December 31, 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

There are no unfunded commitments. There are also generally no restrictions on redemption or the ability to sell the pooled separate account investments, and redemption notice periods are almost immediate.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds, at fair value	\$ 6,529,734	\$ -	\$ -	\$ 6,529,734
Total investments, at fair value	<u>\$ 6,529,734</u>	<u>\$ -</u>	<u>\$ -</u>	6,529,734
Insurance contract, at contract value*				<u>182,256</u>
Total investments				<u>\$ 6,711,990</u>

	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Mutual funds, at fair value	\$ 3,950,560	\$ -	\$ -	\$ 3,950,560
Total investments, at fair value	<u>\$ 3,950,560</u>	<u>\$ -</u>	<u>\$ -</u>	3,950,560
Insurance contract, at contract value*				<u>135,349</u>
Total investments				<u>\$ 4,085,909</u>

* Certain investments that were measured at contract value have not been classified in the fair value hierarchy. The amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to total investments as presented in the statements of net assets available for benefits.

Note 4 – Fully Benefit-Responsive Investment Contract

The Plan invests in a fully benefit-responsive contract with Nationwide Life Insurance Company. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

For the year ended December 31, 2021

The contract held by the Plan is a guaranteed investment contract. With this type of contract, the Plan only owns the contract itself and is designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the Nationwide Life Insurance Company. The crediting rate is reviewed quarterly for resetting. Credit rates were 1.07% for January 1 – March 31, 2021; 1.74% for April 1 – June 30, 2021; 1.73% for July 1 – December 31, 2021, as compared to 1.19% for January 1 – March 31, 2020; 1.07% for April 1 – September 30, 2020; 1% for October 1 – December 31, 2020.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan, or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan administrator believes that the occurrence of such events is not probable. Both management of the Plan and the contract issuer can terminate the contract with 30 days' advance notice, although the contract issuer can only terminate the contract for reasonable cause. There are no unfunded commitments and no restrictions on redemptions. A surrender charge may apply to transfers or withdrawals from unmatured guaranteed accounts.

Note 5 – Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and the insurance contract managed by Nationwide Trust Company, FSB or its affiliates. Transactions with such investments and fees charged to the Plan by Nationwide Trust Company, FSB and its affiliates qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer matching and profit-sharing contribution portions of their participant accounts.

Note 7 – Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Employer by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter; the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

IDEAL OPTION PLLC 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
For the year ended December 31, 2021

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Information Certified by the Plan Custodian

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held on December 31, 2021 and 2020, as well as net appreciation in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, the trustee of the Plan.
