INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Saint Alphonsus Home Health Idaho 401(k) Profit Sharing Plan & Trust
Milford, Connecticut

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Saint Alphonsus Home Health Idaho 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets in liquidation available for benefits as of April 27, 2022 and December 31, 2021, and the related statement of changes in net assets in liquidation available for benefits for the period from January 1, 2022 through April 27, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of April 27, 2022 and December 31, 2021, and for the period from January 1, 2022 through April 27, 2022, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Plan Termination

As further described in Note 1 to the financial statements, the Plan's sponsor elected to terminate the Plan on December 30, 2021. In accordance with accounting principles generally accepted in the United States of America, the Plan presents its financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of Saint Alphonsus Home Health Idaho 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Saint Alphonsus Home Health Idaho (the "Employer") on January 1, 2014. The Plan was a contributory single-employer defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") that had two components: an employee savings 401(k) component and a profit sharing component. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Upon the sale of the Employer that occurred on December 31, 2021, the Employer's Board of Directors voted to terminate the Plan effective December 30, 2021, at which time benefit accruals ceased and all participants became 100% vested in employer contributions. The Plan's assets were liquidated through the distribution of accrued benefits to participants. Any unpaid notes receivable from participants have been defaulted in accordance with the provisions of the Plan document. Management completed the Plan's liquidation on April 27, 2022.

Eligibility

Through December 30, 2021, employees were eligible to participate in the Plan effective immediately upon the completion of three months of consecutive service and the attainment of age 18.

Contributions

Each year, participants could elect to contribute to the Plan any dollar amount or percentage of eligible compensation, as defined in the Plan, including any bonuses received during the year from the Employer (elective deferrals). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan included an auto enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected otherwise, had their deferral rate set at 2% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The rate of elective deferral increased by 1% each January 1st to a maximum of 6% of compensation. No participant contributions were made in 2022.

Employer contributions consisted of a matching and a profit sharing component.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued)

The Employer made matching contributions equal to a discretionary percentage, as determined by the Employer, of the participants' elective deferrals. Through December 30, 2021, Employer contributions to the Plan were equal to 50% of a participant's elective deferrals up to 6% of a participant's eligible compensation for each participant making voluntary contributions. No employer matching contributions were made in 2022.

Profit sharing contributions were discretionary and were to be determined each Plan year. Any profit sharing contribution was allocated in the same ratio as each participant's compensation bears to the total compensation of all participants. No profit sharing contribution was made in 2022.

Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account was credited with the participant's contribution and allocations of (a) the Employer's contributions and (b) Plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts was based on years of continuous service. Participants became fully vested in the Employer's contribution portion of their accounts upon termination of the Plan on December 30, 2021.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum amount of \$1,000. The maximum loan that could be received could not exceed the lesser of 95% of 50% of the participant's vested balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. The notes were secured by the vested balance in the participant's account and bore interest at rates (4.25% as of December 31, 2021), commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest were paid ratably through bi-weekly repayments and must have been completed within four and a half years, with the exception of loans whose proceeds were used for the purchase of a participant's primary residence, which were to be repaid within ten years.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits

On termination of service due to death, disability or retirement, participants could elect to receive either a lump-sum amount equal to the participant's balance in their account, or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. For termination of service for other reasons, participants could receive the value of the vested interest in their account as a lump-sum distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

As a result of the Plan termination discussed in Note 1, the Plan uses the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured at the estimated amount expected to be collected.

For terminating plans, accounting principles generally accepting in the United States of America ("U.S. GAAP") require liquidation basis to be applied from the date liquidation is imminent (the decision to terminate is made).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits at the date of the financial statements and changes in net assets in liquidation available for benefits during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

Investment valuation and income recognition

The Plan's investments are held by Mid Atlantic Trust Company, the custodian, in various mutual funds and a money market fund.

Investments are reported at the amount of cash proceeds expected to be collected, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are valued at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of April 27, 2022 or December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, based upon the terms of the Plan document. All outstanding notes receivable from participants were recorded as deemed distributions as of April 27, 2022.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Professional fees not paid directly by the Employer are included in administrative expenses. Fees related to the administration of notes receivable from participants and issuance of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in "Net depreciation in fair value of investments."

Subsequent events

The Plan has evaluated subsequent events through February 9, 2023, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The following tables summarize information regarding the Plan as of April 27, 2022 and December 31, 2021, and for the period from January 1, 2022 through April 27, 2022, included in the Plan's financial statements, that was prepared by or derived from, without audit, information prepared by Mid Atlantic Trust Company, the custodian of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the custodian that such information is complete and accurate.

NOTE 4. FAIR VALUE MEASUREMENTS

U.S. GAAP defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value and which are included in the fair value hierarchy. There have been no changes in the methodologies used at December 31, 2021.

Money market fund: Valued at the daily closing prices as reported by the fund, which is required to publish its daily net asset value ("NAV") and transact at that price.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Assets measured at fair value are based on one or more of the following valuation techniques:

- (a) *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following table summarizes the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total at December 31, 2021</u>	<u>Valuation Technique</u>
Assets in fair value hierarchy:					
Mutual funds	\$ 2,201,648	\$ -	\$ -	\$ 2,201,648	(a)
Money market fund	<u>97,843</u>	<u>-</u>	<u>-</u>	<u>97,843</u>	(a)
Investments at fair value	<u>\$ 2,299,491</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,299,491</u>	

During the period from January 1, 2022 through April 27, 2022 and for the year ended December 31, 2021, there were no transfers between levels of the fair value hierarchy.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment options consist of accounts managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments. The Plan made direct payments to the third-party administrator and other parties-in-interest of \$7,129 for the period from January 1, 2022 through April 27, 2022, which were not covered by revenue-sharing.

NOTE 6. TAX STATUS

The Plan has adopted the Paychex Prototype Non-Standardized Profit Sharing Plan with CODA (the "Prototype Plan"), a standardized plan. The Prototype Plan has received from the IRS an opinion letter, dated April 10, 2014, indicating that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believes that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan was qualified and the related trust was tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.
